FOREWORD

The Kentucky Constitution requires each chamber of the General Assembly to keep a journal as a public accounting of daily legislative activity. The journal is the official record of action.

The Kentucky Revised Statutes require the Legislative Research Commission to compile, edit, correct, and publish the journals of each chamber. This is the House Journal for the Regular Session of the 2004 General Assembly.

Texts of bills, joint resolutions, and concurrent resolutions appear in the journal on the day of their first reading. Texts of simple resolutions appear on the day of either their first reading or adoption. Texts of committee amendments appear when they are reported out of committee and floor amendments are inserted at the end of the day on which they were filed. The appendices include a table of actions on bills and resolutions, a list of elected representatives, roll call votes, and a sponsor and subject index.

JoAnn Paulin, Rhonda Carter, and Shelly Purvis prepared the *House Journal* for the 2004 Regular Session. The edited copy and appendices in this volume reflect the cooperative efforts of the LRC Staff.

HB 577, AN ACT relating to coalbed methane development and making an appropriation therefor.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. KRS CHAPTER 349 IS ESTABLISHED AND A NEW SECTION THEREOF IS CREATED TO READ AS FOLLOWS:

(1) The General Assembly hereby declares:

(a) The venting of coalbed methane and degasification of coal seams is approved by the Commonwealth for the purpose of ensuring the safe recovery of coal;

(b) The positive economic impact of coal mining to the Commonwealth is currently greater than that of coalbed methane production;

(c) Coalbed methane is not found in conventional gas reservoirs;

(d) Any development of coalbed methane should be undertaken in a way to protect and preserve the environment and protect and preserve the coal for future safe mining and the maximum recovery of coal;

(e) Commercial recovery and marketing of coalbed methane should be facilitated whenever appropriate to meet the energy needs of both the Commonwealth and the United States;

(f) The extraction of methane from mineable coal enhances mine safety, promotes environmental goals and objectives, and conserves an important energy resource; and

(g) The Energy Policy Act of 1992 was enacted, in part, to encourage coalbed methane development and the Commonwealth should enact legislation to carry out the purpose of that Act.

(2) Therefore, in order to encourage and ensure the fullest practical safe recovery of both coal and coalbed methane, consistent with the above declarations and findings, this chapter is established to:

(a) Authorize coalbed methane well permits;

(b) Regulate the design of coalbed methane wells and recovery techniques;

(c) Authorize coalbed methane well drilling units and pooling interests therein;

(d) Establish field rules; and

(e) Provide a process to enable coalbed methane well operators and coalbed methane owners to proceed with the orderly development and production of coalbed methane pending the judicial resolution of issues relating to coalbed methane ownership.

(3) Notwithstanding subsections (1) and (2) of this section, the General Assembly expressly finds that establishing an orderly process to permit and produce coalbed methane shall in no way be construed to create an inference or presumption as to the ownership of coalbed methane in any judicial or administrative proceeding, or be construed to or be used or interpreted to apply to any well otherwise permitted, approved, or regulated under KRS Chapter 353, except for any wells that are to be permitted, converted to, or operated as coalbed methane wells.

(4) It is hereby declared to be the public policy of this Commonwealth and in the public interest to:

(a) Safeguard, preserve, and protect coal seams for safe mining; facilitate the expeditious, safe evacuation of coalbed methane from the coalbeds of this state; and maintain the ability and right of coal operators at all times to vent coalbed methane from mine areas for the safe recovery of coal;

(b) Foster, encourage, and promote the commercial development of the Commonwealth's coalbed methane by establishing procedures for issuing permits and forming drilling units for coalbed methane wells without adversely affecting the safety of mining or the mineability of coal seams;

(c) Safeguard, protect, and enforce the correlative rights of coalbed methane operators and coalbed methane owners in a pool of coalbed methane so that each operator and owner may obtain his or her just and equitable share of production from coalbed methane;

(d) Create a state permitting procedure and authority to provide for and facilitate coalbed methane development as encouraged by the Energy Policy Act of 1992; and

(e) Seek the deletion of the Commonwealth of Kentucky from the list of affected states by the Secretary of the United States Department of Interior as provided for in the Energy Policy Act of 1992.

SECTION 3. A NEW SECTION OF KRS CHAPTER 349 IS CREATED TO READ AS FOLLOWS:

(1) Before a permit may be issued by the department to drill a coalbed methane well on any tract known to be underlaid with coal-bearing strata, the well operator shall provide to the department a plat prepared by a licensed, professional land surveyor and a licensed, professional engineer showing:

(a) The county in which the coalbed methane well drill site is located;

(b) The name of the surface owner of the drill site tract, the acreage of the drill site tract, the names of the surface owners of adjacent tracts, the names of all coal interest holders from the surface to fifty (50) feet below the deepest penetration of the coalbed methane well on the tract on which the well is proposed to be located, and the names of all oil and gas owners from the surface to one hundred (100) feet below the deepest penetration of the coalbed methane well on the tract on which the well is proposed to be located;

(c) The proposed or actual location of the coalbed methane well determined by bearing and distance, relative to two (2) permanent points or monuments that appear on the applicable United States Geological Survey seven and one-half (7-1/2) minute topographic quadrangle map;

(d) The location of any other existing or permitted coalbed methane well or any oil or gas well located within one thousand five hundred (1,500) feet of the well;

(e) The outside boundary of the mineral tract from which the coalbed methane is to be produced if within seven hundred fifty (750) feet of the well; and

(f) The number to be given the coalbed methane well, the earliest date for commencement of drilling, the earliest date for commencement of any stimulation of the coalbed methane well, and if horizontal drilling of a coalbed methane well is proposed, the vertical and horizontal alignment and extent of the coalbed methane well.

(2) If the location of any coalbed methane well proposed to be drilled, deepened, or reopened is known to be underlaid by a coal bearing stratum which is not within the area of an existing mining permit or the proposed permitted area of a pending application or permit modification for a mine before the DSMRE, simultaneously with the filing of an application for a permit, the applicant shall send, by registered or certified mail, a copy of the required plat to the record coal owner or owners and record coal lessee or lessees from the surface to fifty (50) feet below the deepest penetration of the coalbed methane well on the tract on which the well is proposed to be located.

(3) If the coal bearing stratum is within the area of an existing mining permit or the proposed permitted area of a pending application or permit modification for a mine before the DSMRE, a copy of the required plat shall also be sent by the applicant, by registered or certified mail, to each mine licensee and mine permittee operating any stratum as designated on the current license issued by the department and at the address stated thereon.

(4) A copy of the required plat shall also be sent, by registered or certified mail, simultaneously with the filing of an application for a permit, to the surface owner of the drill site tract and surface owners of adjoining tracts.

(5) If the address of any record owner is unknown to the applicant and cannot upon diligent inquiry within the county be ascertained, or if there are more than five (5) record owners, then the applicant shall file with the department an affidavit that either condition exists, and the department may prescribe some different method of notifying the record owner in lieu of sending a copy of the plat and notice of application as required by this section.

(6) The plat shall be filed and become a permanent record, subject to inspection at any time by any interested person. Any

executive officer, process agent, or chief engineer of the mine licensee or mine permittee may be considered a mine licensee or mine permittee for the purposes of mailing the required copy of the plat.

(7) If a coalbed methane well is proposed to be drilled, deepened, converted, or reopened by an applicant who is not the owner or lessee of all of the oil and gas interests, the applicant shall, simultaneously with the filing of the application for a permit, send by registered or certified mail a copy of the required plat to the record oil and gas lessees of, to the record oil and gas lessors of, and to the operator of all oil and gas wells producing from, all formations from the surface to one hundred (100) feet below the deepest penetration of the coalbed methane well on the tract upon which the well is proposed to be located.

(8) The operator shall promptly upon completion of either a vertically drilled coalbed methane well located ten (10) feet or more from the location reflected on the plat required with the permit application or a horizontally drilled coalbed methane well file with the department an as-drilled plat prepared by a licensed professional land surveyor and a licensed professional engineer reflecting the actual coalbed methane well location. If the operator has completed a horizontally drilled coalbed methane well, the as-drilled plat shall show its alignment and extent. The plat shall become a permanent record subject to inspection at any time by any interested persons.

(9) Each plat, or exhibit attached thereto, shall have the following information on a form supplied by the department:

(a) Notice of the application for a coalbed methane well and the address where a copy of the application may be obtained;

(b) A statement that the recipient has twenty (20) days within which to file an objection to the proposed coalbed methane well, its location, the proposed stimulation in the workable coalbed, or the proposed completion in the workable coalbed; and

(c) A statement that the applicant has met and conferred with, or offered to meet and confer with, each coal interest holder concerning the proposed coalbed methane well, its location, the proposed stimulation in the workable coalbed, or the proposed completion in the workable coalbed.

SECTION 4. A NEW SECTION OF KRS CHAPTER 349 IS CREATED TO READ AS FOLLOWS:

(1) If the drilling of a coalbed methane well could adversely affect the present or future use or operation of a workable coalbed, any coal interest holder may object to a proposed coalbed methane well, the well's location, the proposed stimulation in the workable coalbed, or the proposed completion in the workable coalbed. Any coal interest holder, within twenty (20) days of receipt of the plat by him or her and by the department, may file specific objections in writing with the department. The filed objections shall provide sufficient detail for the applicant to identify the nature and substance of the objection. The department shall notify the applicant of the objections and fix a time and place for a hearing before the review board to be conducted in accordance with KRS Chapter 13B and this chapter.

(2) If any coal interest holder, notified pursuant to Section 3 of this Act, or any other person, claims to have a valid real property interest in, or the current legal right to produce, coalbed methane, the person claiming the real property interest or right shall notify the applicant and the department, in writing, within twenty (20) days from the receipt of the plat by him or her and by the department. The person also shall request that a pooling order be entered pursuant to subsection (1) of Section 16 of this Act.

(3) If the record oil and gas lessor, lessee, or well operator notified pursuant to Section 3 of this Act, or any other person, claims to have a valid real property interest in, or the current legal right to produce, coalbed methane, the person claiming the real property interest or right shall notify the applicant and the department, in writing, within twenty (20) days from the receipt of the plat by him. The person shall request that a pooling order be entered pursuant to subsection (1) of Section 16 of this Act.

(4) If no objections are filed within the twenty (20) day period, the department shall immediately issue a drilling permit to the well operator approving the location of the well and authorizing the well operator to proceed to drill at that location, provided all other preconditions to issuance of a permit, as contained in this chapter, have been met.

(5) Upon receipt of an application to drill a coalbed methane well, the department shall provide a copy of the required plat and permit application to DSMRE. Within fifteen (15) days of receipt by DSMRE notification shall be sent to the department by DSMRE as to whether the proposed coalbed methane well will be located within the boundaries of any coal mine for which a permit has been issued or has been applied for pursuant to KRS Chapter 350. If the proposed coalbed methane well is to penetrate a workable coalbed that is within the area of an existing permit for an underground mine issued by DSMRE, or the proposed permitted area of a pending application or permit modification for an underground mine before DSMRE, the written authorization of the mine permittee shall be required prior to issuance by the department of a permit to stimulate, complete, or horizontally drill the coalbed methane well in the workable coalbed that is within the area of an existing permit for an underground mine issued by DSMRE or within the proposed permitted area of a pending application or permit modification for an underground mine before DSMRE. If the proposed coalbed methane well is to be located within a surface area permitted, or proposed in a pending application or permit modification to be issued by DSMRE, the written authorization of the mine permittee shall be required prior to issuance by the department of a permit to drill the coalbed methane well. In the absence of the written authorization of the mine permittee, the applicant may file an appeal with the review board requesting approval to drill the proposed coalbed methane well if:

(a) Authorization has been denied by the mine permittee; and

(b) The proposed location and area to be disturbed by the proposed coalbed methane well has achieved either a partial bond release status or the bond for the area has been forfeited.

SECTION 5. A NEW SECTION OF KRS CHAPTER 349 IS CREATED TO READ AS FOLLOWS:

(1) Prior to the abandonment of a coalbed methane well drilled through a workable coalbed, the well operator shall notify, by certified mail, return receipt requested, or by registered mail, all the coal interest holders of the workable coalbed and the department of the operator's intention to plug and abandon the well. The notice shall give the number of the well and its location, and fix the time at which the work of plugging and filling will be commenced. The time shall not be less than fifteen (15) days after the day on which the notice was received, or in due course should be received, by the department. The department shall prescribe the form of notice to be used. A representative of any coal interest holder, at his or her own expense and liability, and of the department may be present at the plugging and filling of the well. Regardless of whether representatives appear, the well operator may proceed, at the time fixed, to plug and fill the well. When the well is plugged and filled, an affidavit setting forth the time and manner in which the well was plugged shall be made in triplicate by two (2) persons experienced in plugging and filling wells who participated in the work. The affidavit shall be made on forms furnished by the department. One (1) copy of the affidavit shall be retained by the well operator, one (1) provided to each coal interest holder, and one (1) provided to the department.

(2) In addition to the notification required under subsection (1) of this section, prior to the abandonment of a coalbed methane well the operator shall submit a plugging plan which is subject to approval by the department. The proposed plugging plan shall be designed to allow coal mining to occur through the well after the well is plugged.

(3) If a coalbed methane well ceases to produce in paying quantities and no dewatering operations are being conducted for a period of fifteen (15) consecutive months, any coal interest holder or any record oil or gas lessor or lessee of any tract being penetrated by the coalbed methane well, may file a request for hearing pursuant to Section 12 of this Act, to determine whether the well has been abandoned and should be plugged in accordance with this section. However, nothing in this subsection shall require the plugging and abandonment of a coalbed methane well that is being temporarily shut in by the coalbed methane well operator. Simultaneously with the filing of a request for a hearing with the department, the person requesting the hearing shall send a copy of the request to the coalbed methane well operator.

(4) Any coal interest holder shall have the following rights with respect to a coalbed methane well to be plugged and abandoned:

(a) To convert the coalbed methane well to a vent hole or otherwise take the coalbed methane well. In this event the department, upon determination that the coal interest holder has placed the coalbed methane well under a mining permit, shall release the coalbed methane well operator's bond and the coalbed methane well operator shall be relieved of further responsibility for the coalbed methane well; and

(b) To file an objection concerning the proposed manner or method of plugging with the department, within fifteen (15) days after receipt of notice of intent to plug. The department shall consider any objection and may issue an order specifying the manner and method of plugging and reclamation consistent with this section.

(5) All coalbed methane wells shall be plugged and abandoned in accordance with this section. The department shall promulgate regulations specifying the manner and method of plugging vertical and horizontal coalbed methane wells and in so doing, or in entering any order for such plugging and abandonment, shall give consideration to the ability to mine any affected coal seam safely and the protection of any affected coal seam for future mining.

SECTION 6. A NEW SECTION OF KRS CHAPTER 349 IS CREATED TO READ AS FOLLOWS:

(1) If a coalbed methane well is permitted and drilled within the boundaries of any coal mine for which a permit has been issued or an application for a mine permit or a mine permit modification or amendment has been filed but not issued pursuant to KRS Chapter 350, the mine licensee shall have the right to mine through that coalbed methane well and the associated drilling unit in accordance with the provisions of this subsection.

(a) At least one hundred twenty (120) days prior to mining through a coalbed methane well and associated drilling unit, the mine licensee shall notify the review board and operator of its intention to mine through the property. The notice shall be made on a form prescribed by the review board, and shall include a plat showing the location of the drilling unit, the coalbed methane well and associated surface equipment, facilities, infrastructure, and improvements, and the geographic extent of the mining operations to be conducted within the drilling unit. The mine licensee shall also submit an estimated schedule for commencing and completing mining operations within the drilling unit. After a hearing the review board shall promptly issue a written determination on whether the continued operation of the coalbed methane well will impede, interfere with, or present a possible safety hazard to the mine licensee's planned mining operations. If the review board determines that the coalbed methane well will impede, interfere with, or present a safety hazard to the planned mining operations, concurrently an order shall be issued to the operators, with a copy to the mine licensee, directing the temporary or permanent plugging of the well at the operator's cost and such other action as may be appropriate in the circumstances. Following the issuance of the order, the review board shall promptly issue a mine through certificate to the mine licensee, with a copy to the operator, authorizing the mine licensee to

mine-through the coalbed methane well and associated drilling unit.

(b) The mine licensee and all other coal interest holders having interests in the coalbed within the drilling unit shall have no duty or obligation to compensate or pay the operator or other interested coalbed methane parties for any causes of action, claims, or damages arising from the suspension or loss of coalbed methane production or the plugging and abandonment of a coalbed methane well and the removal or relocation of any associated facilities, infrastructure, and improvements due to mining through the coalbed methane well and associated drilling unit pursuant to this subsection.

(2) If a mine licensee files an application for a coal mine permit or seeks to modify or amend an existing coal mine permit so as to include a geographical area containing one (1) or more existing coalbed methane wells or any well sites for which drilling permits have been issued or are pending, the mine licensee shall have the right to mine through those coalbed methane wells or into or through a coalbed methane well and the associated drilling units and any well sites for which permits to drill have been issued or applications for permits to drill have been filed but not issued in accordance with the provisions of this subsection.

(a) At least one hundred eighty (180) days prior to mining into or through one (1) or more drilling units or permitted well sites operated by a common operator, the mine licensee shall notify the review board and the operator of its intention to mine into or through the property. The notice shall be made on a form prescribed by the review board and shall include a plat showing the location of the drilling unit, the coalbed methane well and associated surface equipment, facilities, infrastructure, and improvements, and the geographic extent of the mining operations to be conducted within the drilling unit. The mine licensee shall also submit an estimated schedule for commencing and completing mining operations within the drilling unit.

(b) Within thirty (30) days after receiving the mine licensee's notice pursuant to paragraph (a) of this subsection, the mine licensee and operator shall enter into a confidentiality agreement on a form prescribed by the review board and the operator shall provide, to the extent available, copies of all data and information necessary and appropriate to enable the mine licensee to determine the current value of each drilling unit, well site, and any associated assets described in the mine licensee's notice in accordance with the criteria set forth in paragraph (e) of this subsection. The information shall be in a form prescribed by the review board and shall include, among other things, data, reports, and information relating to current coalbed methane reserve calculations, well completions, historic production and sales results, capital and operating costs, all actual land, legal permitting, survey, title, and any other costs and expenses directly relating to the acquisition, permitting, development, and operation of each drilling unit and well site, and estimated well plugging and abandonment costs of any existing coalbed methane wells. In addition, the operator shall provide the review board and mine licensee with copies of all agreements and leases, payment division orders and any pooling agreements or pooling orders for each drilling unit and well site, together with a schedule setting forth the name, address, and working interest and net revenue percentages, royalties and overriding royalties, and all other interests and rights of all other interested coalbed methane parties. If the information is not timely filed or is incomplete, the mine licensee may seek an order from the review board directing the operator to comply with the provisions of this subsection.

(c) Within thirty (30) days after receiving the information described in paragraph (b) of this subsection, the mine licensee and operator shall meet and confer at a mutually agreed upon date, time, and place for the purpose of attempting to conclude a mutually acceptable agreement as to the compensation due to the operator for any damage, impairment, or loss to each drilling unit, well site, and any associated assets described in the information provided by the operator resulting from the mine licensee's planned mine-through operations. Any compensation agreement between the mine licensee and operator for each drilling unit or well site shall be approved and executed by all other interested coalbed methane parties. The mine licensee and operator shall jointly notify the review board that a compensation agreement has been entered into between the parties and request that the review board issue a mine-through certificate for each drilling unit and well site described in the notice. The notice shall include any terms and conditions set forth in the compensation agreement that the parties have agreed to incorporate in the applicable mine-through certificates. Upon receipt of the executed compensation agreement, the review board shall promptly issue the requested mine-through certificates to the mine licensee, with copies to the operator and all other interested coalbed methane parties. If the parties are unable to reach an agreement, within ten (10) days following the expiration of the thirty (30) day meet and confer period, either party may request a hearing before the review board for the purpose of determining the compensation due the operator and any terms and conditions to be imposed upon the mine licensee's proposed mining operations. Copies of the hearing request shall be sent to all other interested coalbed methane parties.

(d) Within fifteen (15) days of receiving the hearing request, the review board shall schedule a hearing to take place within sixty (60) days and shall notify the mine licensee, the operator and all other interested coalbed methane parties of the date, time, and location of the hearing. At its election, the review board may engage a qualified petroleum engineer for the purpose of conducting an independent evaluation of the compensation to be paid to the operator and all other interested coalbed methane parties in accordance with paragraph (e) of this subsection. The mine licensee and the operator shall each pay one-half (1/2) of the costs and expenses for the petroleum engineer retained by the review board.

(e) The review board shall determine the value of each drilling unit, well site, and all associated assets before and after the mine licensee's planned mine-through operations. In determining the amount of compensation due the operator and all other interested coalbed methane parties, the review board must consider all relevant evidence and information submitted and the review board shall base its decision solely upon the following criteria and procedures:

1. Except as otherwise expressly provided in this subsection, all coalbed methane reserve estimates and the valuation of reserves and other assets damaged, impaired, or lost due to the planned mining operations shall be consistent with standard oil and gas industry accounting, engineering, and reserve practices and shall be performed pursuant to the then-current applicable laws, regulations, policies, and guidelines for determining gas reserves for public reporting companies in the United States.

2. At the hearing, the mine licensee and operator, on behalf of itself and all other interested coalbed methane parties, shall appear and submit evidence and testimony as to the value of the subject drilling units, well sites, and any associated assets before and after the mine licensee's planned mining operations. The review board shall only consider coalbed methane reserve estimates or valuation determinations made in conformity with subparagraph 1. of this paragraph by a professional petroleum engineer with experience in evaluating coalbed methane reserves and operations. All reserve estimates and any valuation analysis prepared by the mine licensee and operator for use in the review board's hearing shall be effective thirty (30) days prior to the date of the hearing. The reserve estimates and valuation analysis shall be exchanged between the mine licensee and operator and copies of the information shall be provided to the review board and all other interested coalbed methane parties no less than twenty-one (21) days prior to the hearing date. Any coalbed methane reserve estimates or valuation analysis prepared at the review board's request shall be set forth in a written report. Copies of the report prepared for the review board shall be provided to the mine licensee, the operator, and all other interested coalbed methane parties no less than ten (10) days prior to the review board's hearing date.

3. All estimates of remaining recoverable coalbed methane reserves immediately before and immediately after the planned mining operations shall consist of proved developed producing or proved developed nonproducing reserves as determined pursuant to this subsection. A drilling unit shall have proved developed producing reserves if the unit has an operating coalbed methane well, which is completed in one (1) or more target coal seams and is producing commercial quantities of coalbed methane. The drilling units total proved developed producing reserves before and after the planned mining operations shall be calculated based on the completed coal seams within the unit well. A drilling unit shall have proved developed nonproducing reserves if the unit has a coalbed methane well which is completed in one (1) or more target coal seams and is fully operational and all associated infrastructure such as power, gas gathering, and water management systems required to produce and sell coalbed methane in commercial quantities has been constructed, but the well is not producing coalbed methane in commercial quantities because it either is in the dewatering stage or is not operating due to factors beyond the operator's control. Whether a drilling unit contains proved developed producing reserves or proved developed nonproducing reserves shall be determined based on the status of the coalbed methane well and associated infrastructure sixty (60) days prior to the review board's hearing date.

4. The net present value of proved developed producing reserves projected immediately before and immediately after the planned mining operations shall be calculated using a discount rate of twelve percent (12%). The net present value of proved developed nonproducing reserves projected immediately before and immediately after the planned mining operations shall be calculated using a discount rate of twenty percent (20%). The valuation analysis shall also project the net present value of all revenues received, if any, by the operator during the period in which the planned mining operations are to be conducted.

5. In determining the compensation due the operator and all other interested coalbed methane parties for delayed or lost production, if the total projected production of the coalbed methane well is reduced so as not to yield a commercially reasonable return on investment to the operator, but the well is still able to produce coalbed methane in commercial quantities, the projected difference in the net present value of the recoverable reserves before and after mining shall be included as part of the compensation due the operator and all other interested coalbed methane parties.

6. In determining the value of the coalbed methane reserves impaired or lost due to the planned mining operations, except as expressly provided herein, no consideration shall be given to undeveloped coalbed methane resources in coal seams which have not been completed in the subject coalbed methane well or which are in coal seams below the total depth of the well bore. If, however, a coal seam in the same field is producing coalbed methane but the coal seam is not completed in the subject coalbed methane well, the operator may submit evidence to the review board for its consideration as to the potential net present value of the resources within the uncompleted seam, but in no event shall the net present value of those resources be discounted at less than thirty percent (30%).

7. *Except as otherwise provided herein, in determining the value of coalbed methane for purposes of this subsection, the gas price shall be the last published price in the gas market closest to the drilling unit sixty (60) days prior to the review board's hearing date. If the coalbed methane is sold pursuant to a gas sales agreement or marketing contract in which the gas price is determined based on a published price, subject to any contractual adjustment, in the gas market other than the market closest to the drilling unit, the gas price shall be determined based on the last published price in a gas market referred to in the gas sales agreement or marketing contract, subject to any contractual adjustment set forth therein, sixty (60) days prior to the review board's hearing date. If the coalbed methane is sold pursuant to an arms-length firm or fixed price gas sales agreement or marketing contract, the actual sales price received by operator for gas sold sixty (60) days prior to the review board's hearing date shall be used as the gas price in the coalbed methane valuation.*

8. *All capital, operating, and production costs used in the net present value determinations made pursuant to this subsection shall be based on the operator's then current reasonable and verifiable actual costs and expenses. Copies of all relevant and available cost information shall be provided by the operator to the review board and mine licensee as provided in paragraph (b) of this subsection. If actual cost information is not otherwise available, all calculations shall be made using reasonable and customary costs for comparable coalbed methane operations in the Commonwealth and in the surrounding states.*

9. *If the planned mining operations will mine through a coalbed methane well or require the removal, relocation, or suspension of operation of other facilities, infrastructure, or improvements in a drilling unit, the operator and any other interested coalbed methane parties shall be reimbursed for all reasonable actual and direct costs, damages, and expenses to be incurred due to these mining operations; provided, however, that in no event shall any replacement costs and expenses exceed the operator's or any other interested coalbed methane parties' actual costs and expenses for the affected well, facilities, infrastructure, and improvements, as the case may be. The operator and any other interested coalbed methane parties shall not be reimbursed for any general, administrative, or overhead costs and expenses or any other costs and expenses not otherwise allocated to the costs of the subject drilling unit, coalbed methane well and the associated facilities, infrastructure, and improvements. Any amounts due the operator and any other interested coalbed methane parties shall be reduced by the projected then-current market value of such equipment, facilities, and improvements to the extent that it can be salvaged and sold or used in other operations.*

10. *If, prior to drilling a coalbed methane well, the mine licensee submits a plan to mine into or through any part of the associated drilling unit or well site for which a drilling permit has been issued or is pending, the operator shall not proceed with drilling a coalbed methane well pending a final decision by the review board with respect to the mine licensee's request for a mine-through certificate. When a mine-through certificate is issued to the mine licensee, the operator and all other interested coalbed methane parties shall be reimbursed for all reasonable costs and verifiable actual land, legal, permitting, surveying, and technical costs and expenses incurred to acquire or lease and maintain the property and obtain any permits, approvals, and other agreements required to drill the coalbed methane well. The operator and all other interested coalbed methane parties shall not be reimbursed for any general, administrative, or overhead costs and expenses or any other costs and expenses not otherwise allocated to the costs to acquire or lease the subject property or permit the coalbed methane well.*

(f) At a hearing, the review board shall take testimony and evidence from the mine licensee and operator, on behalf of itself and all other interested coalbed methane parties consistent with the provisions in this subsection. Within fifteen (15) days following the hearing, the review board shall issue a written decision to the mine licensee and operator determining the compensation due the operator and each of the other interested coalbed methane parties in the amount of the difference between the value of each drilling unit, well site, and any associated assets before and after the mine licensee's planned mining operations. If the review board determines that the mine licensee's proposed mining operations will result in a loss or taking of all of either the coalbed methane reserves in the coal seam to be mined and all coalbed methane reserves in completed coal seams in the coalbed methane well below the mined coal seam as provided in paragraph (e)5. of this subsection or the entire drilling unit, the operator and other interested coalbed methane parties shall be awarded the full value of the property and assets prior to the proposed mining operations as determined by the review board. The review board's decision shall list the compensation amounts to be paid to the operator and each of the other interested coalbed methane parties for each drilling unit, well site, and any associated assets. The decision shall also set forth any duties or obligations to be performed by the parties, such as the temporary or permanent plugging of any well or the relocation or removal of any surface facilities, to enable the mine licensee to proceed immediately with the planned mining operations.

(g) Within fifteen (15) days of receiving the review board's decision, the mine licensee shall notify the review board and the operator and all other interested coalbed methane parties of its decision to:

1. *Accept the review board's decision with respect to one (1) or more of the drilling units, well sites, and associated assets and deposit the compensation awarded to the operator and each of the other interested*

coalbed methane parties for the property;

2. Appeal all or part of the review board's decision as provided in paragraph (j) of this subsection; or

3. Withdraw notice of intent to mine into any of the subject coalbed methane property and assets. If the mine licensee elects to withdraw notice of intent to mine into or through all of the drilling units, well sites, and any associated assets which were the subject of the review board hearing, upon receiving a statement of costs from the operator, the mine licensee shall promptly reimburse the operator for all reasonable out-of-pocket engineering and legal costs and expenses incurred to prepare for and participate in the review board hearing and shall have no further obligations to the operator or any of the other interested coalbed methane parties.

(h) Within fifteen (15) days of receiving the review board's decision, the operator, on behalf of itself and other interested coalbed methane parties, shall notify the review board and the mine licensee whether it will accept the amounts awarded by the review board or file an appeal with the Circuit Court in the county where the drilling unit or well site is located challenging the review board's valuation of any of the property or assets.

(i) If no appeal of the review board's decision is filed by the parties, upon receipt of the compensation due the operator and all other interested coalbed methane parties for each drilling unit and well site selected by the mine licensee for which a mine-through certificate will be issued, the review board shall promptly deliver the awarded compensation to the operator and all other interested coalbed methane parties for the drilling unit and well site and concurrently issue the appropriate mine-through certificate to the mine licensee, with copies to the operator and all other interested coalbed methane parties. If the operator and other interested coalbed methane parties are awarded either the total net present value of the coalbed methane reserves in coal seams to be mined by the mine licensee and all coalbed methane reserves in coal seams completed in a coalbed methane well below such coal seam as provided in subparagraph 5. of paragraph (e)5. of this subsection or the total value of the entire drilling unit and associated assets, upon payment of the compensation, the operator and other interested coalbed methane parties shall simultaneously, if requested by the mine licensee, assign and transfer free and clear of all encumbrances to the mine licensee all of their respective rights, title, and interests in such property and assets, as the case may be, within the drilling unit on a form to be prescribed by the review board. The review board shall take whatever other action that may be deemed appropriate or necessary in the circumstances.

(j) If either party notifies the review board of a decision to appeal the review board's valuation of any of the subject coalbed methane properties and assets to the Circuit Court, the mine licensee shall deposit with the review board the compensation due the operator and each of the other interested coalbed methane parties for each drilling unit, well site and any associated assets selected by the mine licensee for which a mine-through certificate will be issued. Upon receipt of the funds from the mine licensee, the review board shall promptly deliver to the operator and the other interested coalbed methane parties one hundred percent (100%) of the awarded compensation for any drilling unit, well site and any associated assets not listed in any notice of appeal and seventy-five percent (75%) of the awarded compensation to the operator and other interested coalbed methane parties for any drilling unit, well site, and any associated assets for which an appeal is to be filed. Concurrently with delivering the awarded compensation to the operator as provided herein, the review board shall issue to the mine licensee, with copies to the operator and all other interested coalbed methane parties, a mine-through certificate for each drilling unit and well site for which compensation has been received. If the review board's decision with respect to any drilling unit is not appealed and the operator and other interested coalbed methane parties are awarded either the total net present value of the coalbed methane reserves in the coal seam to be mined by the mine licensee and all coalbed methane reserves in coal seams completed in a coalbed methane well below that coal seam as provided in paragraph (e)5. of this subsection or the total value of each drilling unit, well site, and any associated assets, upon payment of the compensation, the operator and other interested coalbed methane parties shall simultaneously if requested by the mine licensee, assign and transfer free and clear of all encumbrances to the mine licensee all of their respective rights, title, and interests in that property and assets, as the case may be, within the drilling unit or well site on a form to be prescribed by the review board. The review board shall take whatever other action that may be deemed appropriate or necessary in the circumstances to carry out its decision. All funds deposited with the review board shall be placed in an interest-bearing account pending a final resolution of any appeals.

(k) Within thirty (30) days following the issuance of the review board's decision, the mine licensee or the operator, on behalf of itself and any other interested coalbed methane parties, may file a petition in the Circuit Court of the county in which the drilling unit or well site is located or in the Franklin County Circuit Court disputing the review board's valuation of all or any part of any coalbed methane properties or assets pursuant to this subsection. The parties filing the petition shall name as parties to the action the following: the review board, the mine licensee, all other coal interest holders, the operator, and all other interested coalbed methane parties. Promptly upon receiving notice of the petition, the review board shall deliver any remaining funds deposited by the mine licensee as provided in paragraph (j) of this subsection, together with all interest accrued thereon, to the clerk of the Circuit Court for the county in which the petition is filed and these funds shall be deposited in an interest bearing account pending a decision on the petition. The decision of the Circuit Court shall be made

in accordance with the provisions of Section 18 of this Act. If the Circuit Court determines the operator and other interested coalbed methane parties are entitled to greater compensation than the amount awarded by the review board, the mine licensee shall pay the difference to the clerk of the Circuit Court within fifteen (15) days of the court's decision. Upon receipt of the additional funds awarded by the Circuit Court, the clerk shall promptly deliver to the operator and any other interested coalbed methane parties these funds together with all interest accrued thereon. If the Circuit Court determines that the operator is entitled to less compensation than the amount awarded by the review board, the amount of the reduction shall be refunded to the mine licensee together with any interest that accrued thereon. If the escrowed funds are not sufficient to fully reimburse the mine licensee, the operator and all other interested coalbed methane parties having an interest in the subject coalbed methane properties and assets shall promptly pay the mine licensee for the difference between the escrowed funds and the total amount to be reimbursed pursuant to the Circuit Court's order. If the Circuit Court determines that the operator and other interested coalbed methane parties are to receive either the total net present value of the coalbed methane reserves in the coal seam to be mined by the mine licensee and all coalbed methane reserves in coal seams completed in a coalbed methane well below such coal seam as provided in paragraph (e)5. of this subsection or the total value of the entire drilling unit, well site, and any associated assets, which values may be increased or decreased by the Circuit Court, upon receipt of the awarded compensation, the operator and other interested coalbed methane parties shall simultaneously if requested by the mine licensee, assign and transfer free and clear of all encumbrances to the mine licensee all of their respective rights, title, and interest in such property and assets, as the case may be, within the drilling unit on a form to be prescribed by the review board.

(l) Subject to obtaining a decision by the Circuit Court with respect to any appeals initiated pursuant to paragraph (k) of this subsection, the operator and all of the other interested coalbed methane parties' acceptance of the compensation awarded by the review board and of the performance of any duties and obligations by the mine licensee as ordered by the review board shall constitute full and complete consideration to the operator and all of the other interested coalbed methane parties for any and all causes of action, claims, damages, or losses to each drilling unit or any portion thereof, well site, or any associated assets caused by the mine licensee, or any other coal interest holder's subsequent mining operations. The mine licensee shall be liable for any and all injuries, deaths, or damages proximately caused by the mine licensee on, in, or with respect to that property.

(3) If, after the mine licensee files a notice of intention to mine into or through any coalbed methane properties or assets pursuant to subsection (1) or (2) of this section, the mine licensee's coal mining permit or any pending amendment to an existing permit issued pursuant to KRS Chapter 350 is withdrawn, canceled, delayed, or modified so as to exclude all or any part of the geographic area covering any drilling unit or well site described in the mine licensee's notice, the mine licensee shall promptly advise the review board and operator that it is amending its request for a mine-through certificate to exclude any property that is no longer subject to a coal mine permit or a pending coal mine permit application.

SECTION 7. A NEW SECTION OF KRS CHAPTER 349 IS CREATED TO READ AS FOLLOWS:

(1) This chapter shall apply to all lands located in the Commonwealth however owned including lands owned or administered by any government or any agency or political subdivision thereof, over which the Commonwealth has jurisdiction under its police power.

(2) The waste of coalbed methane is hereby prohibited. The waste prohibited includes physical waste as that term is generally understood in the oil, gas, and coalbed methane industry, giving consideration to coal mining operations and the safe recovery of coal and includes:

(a) The locating, drilling, equipping, operating, or producing of any coalbed methane well or wells drilled, deepened, or reopened in a manner that causes or tends to cause a reduction in the quantity of coalbed methane ultimately recoverable from a pool under prudent and proper operations, or contrary to any provision of, or any order, rule or administrative regulation promulgated or issued under this chapter;

(b) Permitting the migration of coalbed methane from the stratum in which it is found into other strata, thereby ultimately resulting in the loss of recoverable coalbed methane;

(c) The drowning with water of any stratum or part thereof capable of producing coalbed methane in paying quantities, except for secondary recovery purposes, or in hydraulic fracturing or other completion practices;

(d) The unlawful damage to underground, fresh, or mineral water supply, coalbeds, or other mineral deposits in the operations for the discovery, development, production, or handling of coalbed methane;

(e) The unnecessary or excessive loss of coalbed methane by spillage or venting or destruction of coalbed methane or its constituents; and

(f) The drilling of more wells than are reasonably required to recover efficiently the maximum amount of coalbed methane from a pool.

(3) For purposes of this chapter, waste does not include coalbed methane vented or released from any mine area, the degasification of a coal seam for the safe recovery of coal, the plugging of coalbed methane wells for the safe recovery of coal, or the conversion of coalbed methane wells to vent holes for the safe recovery of coal.

(4) The sale or use of coalbed methane from any coalbed methane well unless a permit has been issued as required by Section 8 of this Act, or in violation of the spacing provisions of Section 15 of this Act, shall be prohibited.

(5) No person shall conduct coalbed methane operations unless that person has first obtained the necessary permits, including surface discharge and underground injection control permits, as appropriate for the particular operation to be conducted. The department shall notify state and federal agencies with jurisdiction over the protection of surface waters and groundwater when permit applications are filed and shall, to the extent possible, coordinate permit review.

SECTION 8. A NEW SECTION OF KRS CHAPTER 349 IS CREATED TO READ AS FOLLOWS:

(1) It is unlawful for any person to drill, commence, operate, deepen, convert, or stimulate any coalbed methane well, to conduct any horizontal drilling of a coalbed methane well or to convert any existing oil or natural gas well to a coalbed methane well, without first securing from the department a permit pursuant to this chapter. Before any well, borehole, or facility initially used for a coal mining related purpose, such as a vent hole, is converted for the purpose of recovering coalbed methane for sale or use, the operator shall obtain a permit and comply with the provisions of this chapter prior to the time that the well, borehole, or facility is converted or used for the purpose of recovering coalbed methane for sale or use. It is unlawful for any person to drill, deepen, convert, or reopen a coalbed methane well for the production of oil or natural gas or for the injection of water, gas, or other fluids into any oil or natural gas producing formation until the person has obtained a permit from the department for a petroleum or natural gas well pursuant to KRS 353.570. However, no additional permit fee shall be required if the original permit for the coalbed methane well has not expired.

(2) Every permit application filed under this section shall be verified and shall contain the following:

(a) A statement that the applicant claims to have a valid real property interest in, or the current legal right to produce coalbed methane from a person claiming a valid real property interest in, the coalbed methane. The statement shall identify with specificity the nature of the real property interest and the document or instrument evidencing that interest or right, including recording information of any recorded document or instrument;

(b) The names and addresses of the coalbed methane well operator and every person or entity whom the applicant must notify under any section of this chapter;

(c) The name and address of each coal interest holder of any workable coalbed which is to be penetrated by a proposed coalbed methane well or within seven hundred fifty (750) horizontal feet or fifty (50) vertical feet of any portion of the proposed coalbed methane well;

(d) The name and addresses of each record oil and gas lessee of, the record oil and gas lessor of, and the operator of all oil and gas formations from the surface to one hundred (100) feet below the deepest penetration of the coalbed methane well on the tract upon which the coalbed methane well is proposed to be located;

(e) The coalbed methane well name or such other identification as the department may require;

(f) The approximate depth to which the coalbed methane well is to be drilled, deepened, or converted, the coal seams including the depth and thickness of each seam that will be completed for production, and any other coal seams which will be penetrated by the coalbed methane well;

(g) A description of any means to be used to stimulate any of the workable coalbeds penetrated by the coalbed methane well;

(h) If the proposed coalbed methane well will require casing or tubing, the entire casing program for the coalbed methane well, including the size of each string of pipe, the starting point and depth to which each string is to be set, and the extent to which each string is to be cemented;

(i) If the proposed operation is to convert an existing petroleum or natural gas well, as defined in KRS 353.010(13), or to convert a vertical borehole or facility initially used for a coal mining related purpose, such as a vent hole, to a coalbed methane well, all information required by this section, all formations from which production is anticipated, and any plans to plug any portion of the well;

(j) Except for a vent hole proposed to be converted to a coalbed methane well, if the proposed coalbed methane well will be completed in some but not all coal seams for production, a plan and design for the coalbed methane well which will protect all workable coalbeds which will be penetrated by the coalbed methane well;

(k) If the proposed operations will include horizontal drilling of a coalbed methane well, a description of the operations, including both the vertical and horizontal alignment and extent of the coalbed methane well from the surface to total depth; and

(l) Other information as the department may require consistent with this chapter.

(3) Each application for a coalbed methane well permit shall be accompanied by the following:

(a) A permit application fee of three hundred dollars ($300);

(b) A bond in an amount prescribed in Section 24 of this Act;

(c) A certificate that the applicant's notice requirements of Section 3 of this Act have been satisfied. Certification may be by affidavit of personal service, or the return receipt card, or other postal receipt, for certified mailing; and

(d) If the proposed coalbed methane well will be located within one-half (1/2) of a mile, measuring horizontally, of a water supply well being used for residential or domestic purposes, the applicant will submit the groundwater protection plan required under KRS 224.70-110 and applicable administrative regulations promulgated pursuant thereto for review by the department, or demonstrate to the department that a plan is not required.

(4) Prior to the department's issuance of a permit to drill a coalbed methane well, a copy of the written authorization from the mine licensee shall be filed with the application under the following circumstances:

(a) If the proposed coalbed methane well is to penetrate a workable coalbed that is within the permitted area of an existing permit or the proposed permitted area of a permit pending before the DSMRE and if the applicant plans to stimulate, complete, or horizontally drill the coalbed methane well in a workable coalbed that is within the permitted area of an existing permit or the proposed permitted area of a permit pending before DSMRE;

(b) If the proposed coalbed methane well is to be located within a surface area permitted under an existing permit, or the proposed permitted area of a permit pending before DSMRE for which no bond release has been obtained; or

(c) If the proposed coalbed methane well is to be located within a surface area permitted under an existing permit by DSMRE for which a partial bond release has been obtained.

If a coalbed methane well permit is issued for a well site located within the boundaries of any coal mine for which a permit has been issued or is pending pursuant to KRS Chapter 350, the permit shall include a provision specifically stating that the permitted coalbed methane well location is in an area for which a coal mine permit has been issued or is pending pursuant to KRS Chapter 350 and is subject to the mine-through rights set forth in subsection (1) of Section 6 of this Act.

(5) If a partial bond release for the surface area on which the proposed coalbed methane well is located has been obtained from DSMRE and the applicant is denied written authorization from the mine licensee, the applicant may file an appeal with the review board requesting approval to drill the proposed coalbed methane well. When requesting an appeal, the applicant shall submit a verified statement including the following:

(a) The applicant has met and conferred with or offered to meet and confer with the mine licensee concerning the authorization;

(b) The mine licensee has refused to provide written authorization to disturb the permitted area;

(c) The physical area to be disturbed by the proposed well location and the use of area, including ingress and egress thereto, qualifies as a commercial or industrial postmining land use entitling the mine licensee to a complete bond release for the area to be disturbed by the coalbed methane well operator in accordance with KRS Chapter 350; and

(d) The applicant has agreed to pay the reasonable and actual costs of the permit revision required by DSMRE to affect the incremental bond release for the proposed area to be disturbed by the coalbed methane well operator, not to exceed five thousand dollars ($5,000).

(6) Prior to the issuance of a permit to drill a coalbed methane well, the applicant shall grant assignable subsidence waivers to any mine licensee if requested in an objection filed pursuant to Section 12 of this Act and, if required, to allow present or future mining with planned subsidence under KRS Chapter 350. However, this subsection and any subsidence waivers shall in no way waive, affect, or impair the ability of the applicant or the applicant's successors or assigns to pursue any remedies for damages to persons, or to improved or tangible property, suffered or incurred as a result of any subsidence caused by the mine licensee or the mine licensee's successors or assigns. The mine licensee, its successors or assigns, shall be liable for any and all damages to persons or to improved or tangible property proximately caused by the mine licensee.

(7) If the mine licensee is mining in a coal seam that is not being produced by the coalbed methane well operator and has not exercised his or her mine-through rights, as set forth in subsection (1) or (2) of Section 6 of this Act, in any coal mine before removing any coal or other material or driving any entry or passageway within five hundred (500) horizontal feet of the vertical segment of a coalbed methane well or within fifty (50) vertical feet of the horizontal segment of a coalbed methane well, the mine licensee shall forward simultaneously to the well operator and to the department, by certified mail, return receipt requested, or by registered mail, a copy of the maps and plans required by law to be filed and kept up to date. Maps or plans shall show the mine workings and projected mine workings within five hundred (500) horizontal feet of the coalbed methane well. However, the issuance of any coalbed methane well permit shall not preclude or prevent coal mining outside two hundred (200) feet, but not closer than fifty (50) feet, of the vertical segment of a coalbed methane well or outside of the workable coalbed in which the horizontal segment of a coalbed methane well is located, unless specified by the department for reasons of mine or well safety. The mine licensee shall not mine within fifty (50) feet of the vertical segment of a coalbed methane well without the written authorization of the coalbed methane well operator. A mine licensee may file a request with the department to mine closer than two hundred (200) feet of the vertical segment of the coalbed methane well. The mine licensee shall forward simultaneously to the well operator and the department, by certified mail, return receipt requested, or by registered mail, a request to mine closer than two hundred (200) feet, but not closer than fifty (50) feet, of the vertical segment of the coalbed methane well, which shall be accompanied by the following:

(a) A copy of the maps and plans required by law to be filed and kept up to date, showing on the copy of the map or plan its mine plan workings and projected mine workings beneath the tract of land and within two hundred (200) feet, but not closer than fifty (50) feet, of the vertical segment of the coalbed methane well; and

(b) A statement that the applicant has met and conferred with, or offered to met and confer with, the well operator concerning the mine licensee's plan to mine closer than two hundred (200) feet, but not closer than fifty (50) feet, of the vertical segment of the coalbed methane well.

The well operator may, within twenty (20) days of receipt of the documents listed in paragraphs (a) and (b) of this subsection, file specific objections in writing with the department. When objections are filed, the department shall provide a copy of the objections to the mine licensee and fix a time and place for an informal hearing. The hearing shall be held not more than ten (10) days from the end of the twenty (20) day period. At the hearing, the mine licensee and the well operator, in person or by representative, shall consider the objections and seek agreement on the character and the extent of operations to be conducted within less than two hundred (200) feet, but not closer than fifty (50) feet, of the vertical segment of the coalbed methane well. If no agreement can be reached, the department, after administrative hearing conducted in accordance with KRS Chapter 13B, shall make a decision defining what coal, if any, is necessary to be left for the safe protection, use, and operation of the well. The department's decision shall be subject to appeal by either party as provided in this chapter. The department shall keep a complete record of all hearings. The mine licensee shall, every six (6) months, while mining within two hundred (200) feet, but not closer than fifty (50) feet, of the vertical segment of the coalbed methane well, file up-to-date maps and plans required by this section, or file new maps and plans complete to date.

(8) The department may deny the issuance of a permit if it determines that the applicant has a documented pattern or practice of substantial violations of the provisions of this chapter and has failed to abate or seek review of the violations. If the department finds that a substantial violation has occurred with respect to existing operations and that the operator has failed to abate or seek review of the violation in the time prescribed, the department may suspend the permit. After a suspension, the operator shall forthwith cease all work being conducted under the permit until the department reinstates the permit. The department shall make a written finding of its determination and may enforce the determination in Circuit Court pursuant to Section 29 of this Act.

SECTION 9. A NEW SECTION OF KRS CHAPTER 349 IS CREATED TO READ AS FOLLOWS:

(1) When two (2) or more separately owned tracts, or portions thereof, are embraced within a drilling unit, or when there are separately owned interests in all or part of any such drilling unit, the operators or owners of coalbed methane owning the interests may pool their interests for the development and operation of the drilling unit by voluntary agreement. These agreements may be based on the exercise of pooling rights or rights to establish units which are granted in any gas or oil lease, coal lease, coalbed methane lease, or similar instrument.

(2) No voluntary pooling agreement between or among coalbed methane operators or owners shall be held to violate the statutory or common law of the Commonwealth which prohibits monopolies or acts, arrangements, contracts, combinations, or conspiracies in restraint of trade or commerce.

SECTION 10. A NEW SECTION OF KRS CHAPTER 349 IS CREATED TO READ AS FOLLOWS:

(1) If any coal interest holder has objected to the proposed stimulation pursuant to subsection (1) of Section 4 of this Act, no permit shall be issued to stimulate a coalbed methane well unless the applicant has obtained and filed with the department an agreement between the coal interest holders of any workable coalbed within five hundred (500) horizontal feet of the proposed coalbed methane well to be stimulated and within the five hundred (500) foot horizontal radius and feet fifty (50) vertical feet above or below the workable coalbed proposed to be stimulated.

(2) The requirement for an agreement to stimulate in this section shall not be construed to impair, abridge, or affect any contractual rights or obligations arising out of a contract, lease, deed, or similar agreement which provides for the development of coalbed methane and stimulation of workable coalbeds between the applicant and the coal interest holder. The existence of any such contract, lease, deed, or similar document shall constitute a waiver of the requirement to file an agreement to stimulate with the department.

(3) An agreement to stimulate shall provide:

(a) That the coal interest holder has been provided with a copy of the permit application to drill a coalbed methane well and a copy of all plats and documents which may accompany the application; and

(b) That the coal interest holder agrees to the stimulation of the workable coalbed as described in the application.

(4) Subject to subsection (5) of Section 4 of this Act, in the absence of the applicant submitting the agreement to stimulate as described herein, the applicant may submit a request for a hearing before the review board accompanied by an affidavit, or verified statement, which shall include the following:

(a) A statement that the coal interest holder has refused to sign a written agreement to stimulate the workable coalbed;

(b) A statement detailing the efforts undertaken to obtain the signed agreement to stimulate; and

(c) A statement that the proposed method of stimulation does not involve the use of explosives and will not have a significant adverse affect on the mineability of the workable coalbed, or impair mine safety.

(5) The failure to obtain an agreement to stimulate shall in no way create an inference or presumption that the method of stimulation proposed by the applicant will harm the workable coalbed.

(6) Upon receipt of a request for a hearing and an affidavit, or verified statement, as set forth in this section, the department shall forward the application to the review board to consider the proposed stimulation, or if other objections or requests are filed requiring a hearing before the review board, the request may be included for consideration by the review board along with other matters related to the permit application.

(7) Any well operator that stimulates a workable coalbed without an agreement to stimulate from the coal interest holder shall be liable in tort without proof of negligence for any damages proximately caused by the stimulation to the workable coalbed, or any other workable coalbed within five hundred (500) horizontal feet of the coalbed methane well stimulated or within the five hundred (500) foot horizontal radius and fifty (50) vertical feet above or below the workable coalbed stimulated and for damages to any mining equipment proximately caused by the stimulation. The well operator shall be liable for injury, death, or damage to property proximately caused by the stimulation.

(1) The department shall notify the review board of the objection, request, or appeal as set forth in subsection (1) of Section 12 of this Act and schedule a time and place for a hearing.

(2) Notice of the hearing shall be given not less than fifteen (15) days in advance of the hearing to the applicant, surface owners, and all other parties as required under Section 4, 14, or 17 of this Act, as applicable. The hearing of the review board shall be held within thirty (30) days after the filing of the objection, request or appeals or as soon thereafter as the review board can be assembled.

(3) All proceedings before the review board shall be conducted in accordance with KRS Chapter 13B.

(4) With respect to any objection filed pursuant to Section 3 of this Act concerning the proposed coalbed methane well, or its location, stimulation or completion, appeals arising under subsection (5) of Section 4 of this Act, or requests for a hearing arising under this chapter, the review board shall make a determination as to whether a permit shall be issued by the department and any conditions to be included within the permit, which determination and order shall be consistent with the intent and purposes of KRS Chapters 350 and 352 and this chapter, taking into consideration the following factors that it considers applicable in the particular proceeding:

(a) The declaration of public policy and legislative findings as set forth in this chapter;

(b) Whether the proposed coalbed methane well can be drilled safely, taking into consideration the dangers from creeps, squeezes or other disturbances due to the extraction of coal;

(c) The feasibility of moving the proposed drilling location to another location;

(d) Whether any stimulation of the workable coalbed will have a significant adverse affect on the mineability of that workable coalbed or any other workable coalbeds within five hundred (500) of the proposed coalbed methane well to be stimulated or within the five hundred (500) foot horizontal radius and fifty (50) vertical feet above or below the workable coalbed proposed to be stimulated or impair mine safety;

(e) Whether the drilling location is above or in close proximity to any mine opening, shaft, entry, travelway, airway, haulageway, drainageway or passageway, or to any proposed extension thereof, any abandoned, operating coal mine or any coal mine already surveyed and platted but not yet being operated;

(f) Whether the proposed drilling can reasonably be done through an existing or planned pillar of coal, or in close proximity to an existing or planned pillar of coal, taking into consideration the surface topography;

(g) The extent to which the proposed drilling location interferes with the safe recovery of coal or coalbed methane;

(h) The extent to which the proposed drilling location will unreasonably interfere with present or future coal mining operations;

(i) The technology and methods proposed for the safe and efficient recovery of coal and coalbed methane;

(j) The practicality of locating the coalbed methane well out of a uniform pattern with other wells;

(k) The surface topography and use; and

(l) Any other factor the review board determines would be considered consistent with KRS Chapters 350 and 352 and this chapter.

(5) Upon consideration of the matters raised at the hearing, the review board shall render a decision based upon the ability to mine any affected workable coalbed safely and the protection of any workable coalbed for safe future mining, shall enter a written order containing findings of fact and conclusions which address any relevant considerations in subsection (4) of this section, and based thereon shall issue and file with the department a written order directing it to:

(a) Refuse to issue a coalbed methane well permit;

(b) Issue a permit for the proposed coalbed methane well location and any conditions to be included within the permit;

(c) Issue a coalbed methane well permit and any conditions to be included within the permit for an alternate drilling location different from that requested by the applicant; or

(d) Issue a permit authorizing the applicant to stimulate the coalbed methane well in the absence of an agreement of the affected coal interest holders as described in subsection (1) of Section 9 of this Act, as proposed or as modified by the order of the review board.

(6) With respect to any request for a hearing pursuant to Section 5 of this Act by a coalbed interest holder, or any record oil or gas lessor or lessee of any tract being penetrated by a coalbed methane well, to determine whether the well has been abandoned and should be plugged in accordance with this chapter, the review board shall make a determination as to whether the coalbed methane well should be plugged, which determination and order shall be consistent with the intent and purposes of KRS Chapters 350 and 352 and this chapter, taking into consideration the following factors that it considers applicable in the particular proceeding:

(a) Whether the coalbed methane well has ceased to produce in paying quantities, and no dewatering operations are being conducted, for a period of fifteen (15) consecutive months;

(b) Whether the coalbed methane well is being temporarily shut in by the coalbed methane well operator; and

(c) Any other factor the review board determines should be considered consistent with this section.

(7) Upon consideration of the matters raised at the hearing, the review board shall render a decision based upon whether the coalbed methane well has been abandoned and should be plugged in accordance with this chapter; shall enter a written order containing findings of fact and conclusions which address any relevant consideration in subsection (6) of this section based thereon; and shall issue and file with the department a written order directing the department to:

(a) Require the coalbed methane well operator to plug and abandon the well;

(b) Allow the coalbed methane well operator to continue to operate and produce the well; or

(c) Allow the coalbed methane well operator to continue to shut in the coalbed methane well on a temporary basis.

(8) Upon receipt of the review board order, the department shall promptly undertake the action directed by the review board, provided that all other provisions of this chapter have been complied with.

SECTION 14. A NEW SECTION OF KRS CHAPTER 349 IS CREATED TO READ AS FOLLOWS:

(1) In order to prevent the waste of coalbed methane or to protect the correlative rights of the owners of coalbed methane, the review board on its own motion or upon application of an operator of a coalbed methane well or owner of coalbed methane shall have the power to establish or modify drilling units, establish or modify field rules, or unitize coalbed methane wells, pools or fields. Drilling units, to the extent reasonably possible, shall be of uniform shape and size for an entire pool or field. Any operator of a coalbed methane well or owner of coalbed methane may apply to the review board for the creation or modification of drilling units, the establishment or modification of field rules for a pool or field, and the unitization of any coalbed methane wells, pools, or fields.

(2) With respect to any request for the creation or modification of drilling units, establishment or modification of field rules for the pool or field, and the unitization of any coalbed methane wells, pools, or fields, the review board shall grant or deny the request and issue an order consistent with the intent and purposes of KRS Chapters 350 and 352 and this chapter, taking into consideration the following factors that it considers applicable in the particular proceedings:

(a) The area which may be drained efficiently and economically by the proposed coalbed methane well or wells and the spacing requirements of Section 15 of this Act;

(b) The plan of development for the coal, that drilling units conform to mine development plans, and the need for proper ventilation of any mines or degasification of any affected coal seams;

(c) The nature and character of any coal seam or seams which will be affected by the coalbed methane well or wells;

(d) The surface topography and mineral boundaries of the lands underlaid by the coal seams to be included in the unit;

(e) Evidence relevant to the proper boundary of the drilling unit;

(f) The nature and extent of ownership of each coalbed methane owner or claimant and whether conflicting claims exist;

(g) Whether the applicant for the drilling unit proposes to be the operator of the coalbed methane well within the drilling unit; and if so, whether the applicant has a lease or other agreement from the owners or claimants of a majority interest in the proposed drilling unit;

(h) Whether a disagreement exists among the coalbed methane owners or claimants over the designation of the operator for any coalbed methane well within the drilling unit; and if so, relevant evidence to determine which operator can properly and efficiently develop the coalbed methane within the drilling unit for the benefit of the majority of the coalbed methane owners;

(i) If more than one person is interested in operating a coalbed methane well within the drilling unit, the estimated cost of submitting by each such person for drilling, completing, operating and marketing the coalbed methane from any proposed coalbed methane well or wells;

(j) Any other available geological or scientific data pertaining to the pool which is proposed to be developed;

(k) The correlative rights of the operators and owners of coalbed methane, so that each operator and owner may obtain his or her just and equitable share of production from the coalbed methane; and

(l) Any other factor the review board determines should be considered consistent with KRS Chapters 350 and 352, and this chapter.

(3) Upon consideration of the matters raised at the hearing, the review board shall render a decision based upon whether to establish or modify a drilling unit, establish or modify field rules or establish or modify the unitization of coalbed methane wells, pools or fields. The review board shall enter a written order containing findings of fact and conclusions which address any relevant considerations in subsection (2) of this section and based thereon shall issue and file with the department a written order:

(a) Establishing or modifying a drilling unit, field rules or unitizing coalbed methane wells, pools or fields;

(b) Refusing to establish or modify a drilling unit, field rules or unitization of coalbed methane wells, pools or fields; or

(c) Attaching certain conditions to the establishment or modification of a drilling unit, field rules, or unitization of coalbed methane wells, pools or fields.

(4) In establishing or modifying a drilling unit for coalbed methane wells, and in order to accommodate the unique characteristics of coalbed methane development, the review board may require that drilling units conform to the mine development plan, if any. If requested by the coal interest holder, well locations and spacing shall correspond with mine operations, including the drilling of multiple coalbed methane wells on the same surface location of each drilling unit.

(5) If an order to establish or modify a drilling unit, field rules or unitization of coalbed methane wells, pools or fields will allow a coalbed methane well to be drilled into or through a workable coalbed, any coal interest holder and any record oil and gas lessor and lessee within the area to be covered by the drilling unit, field rules or unitization of coalbed methane wells, pools or fields may object to the establishment or modification of the drilling unit, field rules or unitization of coalbed methane wells, pools or fields.

(6) The review board may continue a hearing to allow for further investigation and the gathering and taking of additional data and evidence. If at any time during a hearing there is not sufficient evidence for the review board to determine field boundaries, or drilling unit size or shape, the review board may enter a temporary order establishing provisional drilling units, and field boundaries for the orderly development of the pool or field, pending receipt of the information necessary to determine the ultimate pool or field boundaries, and spacing of wells for the pool or field. Upon additional findings of fact, the boundaries of a pool or field and drilling units for the pool or field may be modified by the review board.

(7) Unless otherwise provided for by the review board, after an application for a hearing to establish or modify drilling units or pool boundaries has been filed, no additional wells shall be permitted in the pool or field until the review board's order establishing or modifying the pool or field or unit has been entered.

(8) After the review board issues a field or pool spacing order which creates drilling units or a pattern of drilling units for a pool or field, should an operator or owner of coalbed methane apply for a permit or otherwise indicate a desire to drill a coalbed methane well outside of such drilling units or pattern of drilling units and thereby potentially extend the pool or field, the review board may, on its own motion or the motion of any interested person, require that the coalbed methane well be located and drilled in compliance with the provisions of the order affecting the pool or field.

SECTION 15. A NEW SECTION OF KRS CHAPTER 349 IS CREATED TO READ AS FOLLOWS:

Except as provided in Section 14 of this Act, or pursuant to voluntary pooling, no permit shall be issued for a coalbed methane well unless the proposed location of a vertical well shall be at least seven hundred fifty (750) feet horizontally from the nearest mineral boundary upon which the well is to be drilled and the proposed location shall be at least one thousand five hundred (1,500) feet horizontally from the nearest coalbed methane well, unless the department orders that a different spacing distance shall apply. Spacing distances for coalbed methane horizontal wells shall be separately established by the department pursuant to this subchapter.

SECTION 16. A NEW SECTION OF KRS CHAPTER 349 IS CREATED TO READ AS FOLLOWS:

(1) Whenever an applicant proposes to drill, deepen, convert, or reopen a well for purposes of production of coalbed methane and the ownership of the right to produce coalbed methane is in dispute, the department shall refer the application to the review board for its consideration and the issuance of appropriate pooling orders, if any, in accordance with Section 17 of this Act. Upon the issuance of a pooling order by the review board, and if all other provisions of this chapter are complied with the department shall issue a permit to drill, deepen, convert, or reopen the well and require the development and operation of all pooled tracts and interests as a single leasehold estate in accordance with the pooling order.

(2) No pooling as permitted by this section shall be ordered except:

(a) When an application has been filed to drill, deepen, or reopen a well within the distance limitations prescribed in Section 15 of this Act; or

(b) A request for pooling has been made pursuant to this section or Section 17 of this Act.

(3) No pooling, as permitted by this section, shall be ordered with respect to any tract or portion thereof upon which a well is drilled, deepened, or converted or reopened:

(a) Unless the pooling was requested prior to the commencement of the drilling, deepening, converting, or reopening of the coalbed methane well; and

(b) Unless the request, if made by the owner of an operating interest who elects to participate in the risk and cost of the drilling, deepening, converting, or reopening of the coalbed methane well, is accompanied by a bond or other security satisfactory to and in an amount set by the review board for the payment of such owner's share of the cost of drilling, deepening, converting, or reopening the well.

(4) Production from any well which is ordered pooled pursuant to this section shall be deemed for all purposes to have been so produced from each tract or portion thereof included in the pool in proportion to the amounts established in the pooling order.

SECTION 17. A NEW SECTION OF KRS CHAPTER 349 IS CREATED TO READ AS FOLLOWS:

(1) The person requesting a pooling order shall provide to the department a list of all persons reasonably known to own an oil or gas interest and all coal interest holders, in any tract upon which the coalbed methane well will be located from the surface to a depth of one hundred (100) feet below the base of the deepest coal seam to be penetrated. A pooling order shall be made only after the department provides notice to all persons reasonably known to own an oil or gas interest and all coal interest holders in any tract upon which the well will be located and any tract or portion thereof proposed to be pooled in any drilling unit, from the surface to a depth of one hundred (100) feet below the base of the deepest coal seam to be penetrated, after a hearing has been held. After filing an application for a pooling order under subsection (1) of Section 16 of this Act, where unknown or nonlocatable owners exist, or at the request of the permit applicant or person requesting a pooling order, the permit applicant shall publish, at least twenty (20) days prior to the hearing on the application for the pooling order, one (1) notice in the newspaper of the largest circulation in each county in which any tract, or portion thereof, proposed to be pooled is located. The notice shall:

(a) State that an application for a pooling order is being filed with the review board;

(b) Describe any tract, or portion thereof, proposed to be pooled;

(c) In the case of an unknown owner, identify the name of the last known owner;

(d) In the case of a nonlocatable owner, identify the owner and the owner's last known address; and

(e) State that any party claiming an interest in any tract, or portion thereof, proposed to be pooled should contact the permit applicant at the published address and provide a copy of the notification to the review board within twenty (20) days of the date of the publication.

(2) The review board shall grant or deny the request for a pooling order and issue an order consistent with the intent and purposes of KRS Chapters 350 and 352 and this chapter, taking into consideration the following factors that it considers applicable in the particular proceeding:

(a) The area which may be drained efficiently and economically by the proposed coalbed methane well or wells and the spacing requirements of Section 15 of this Act;

(b) The plan of development of the coal and the need for proper ventilation of any mines or degasification of any affected coal seams;

(c) The nature and character of any coal seam or seams which will be affected by the proposed coalbed methane well or wells;

(d) The surface topography and mineral boundaries of the lands underlaid by the coal seams to be included in the unit;

(e) Evidence relevant to the proper boundary of the drilling unit;

(f) The nature and extent of ownership of each coalbed methane owner or claimant and whether conflicting claims exist;

(g) Whether the applicant for the drilling unit proposes to be the operator of the coalbed methane well or wells within the drilling unit; and if so, whether the applicant has a lease or other agreement from the owners or claimants of a majority interest in the proposed drilling unit;

(h) Whether a disagreement exists among the coalbed methane owners or claimants over the designation of the operator for any coalbed methane wells within the unit, and if so, relevant evidence to determine which operator can properly and efficiently develop the coalbed methane within the unit for the benefit of the majority of the coalbed methane owners;

(i) If more than one person is interested in operating a coalbed methane well within the unit, the estimated cost submitted by each such person for drilling, completing, operating, and marketing the coalbed methane from any proposed coalbed methane well or wells;

(j) Any other available geological or scientific data pertaining to the pool which is proposed to be developed;

(k) The correlative rights of the operators and owners of the coalbed methane, so that each operator and owner may obtain his or her just and equitable share of production from the coalbed methane; and

(l) Any other factor the review board determines should be considered consistent with KRS Chapters 350 and 352 and this chapter.

(3) Upon consideration of the matters raised at the hearing, the review board shall render a decision based upon whether to grant a pooling order, and shall enter a written order containing findings of fact and conclusions which address any relevant considerations in subsection (2) of this section and based thereon shall issue and file with the department a written order granting the pooling order with any applicable conditions or denying the pooling order.

(4) A pooling order shall authorize the drilling, deepening, or reopening, and the operation of a well for the production of coalbed methane on the tracts or portions thereof pooled; shall designate the operator to drill and operate the well; shall prescribe the time and manner in which all owners of working interests in the pooled tracts or portions thereof may elect to participate therein; shall provide that all reasonable costs and expenses of drilling, deepening, converting or reopening, and the completing, operating, plugging, and abandoning the well shall be borne, and all production from the well shall be shared, by all owners of working interests in proportion to the net mineral acres in the pooled

tracts owned or under lease to each owner; and shall make provision for the payment of the reasonable and actual cost thereof, including a reasonable charge for supervision, by all those who elect to participate therein.

(5) A pooling order shall establish a procedure for the owner who claims a working interest and who does not decide to become a participating working interest owner to elect to either:

(a) Surrender, by means of sale or lease, the interest to a participating working interest owner on a reasonable basis and for a reasonable consideration, which if not agreed upon shall be one-eighth (1/8) of the production attributable to the well; or

(b) Share in the operation of the well as a nonparticipating working interest owner on a carried basis after the proceeds allocable to his or her share equal to two hundred percent (200%) of the share of the costs allocable to his or her interest.

(6) A coalbed methane owner or claimant whose identity and location remain unknown at the conclusion of the hearing concerning the entry of a pooling order for which public notice was given and whose interest is pooled pursuant to subsection (1) of Section 16 of this Act shall be deemed to have elected to lease the interest to the coalbed methane operator, exclusive of one-eighth (1/8) of the production attributable to the unleased interest, and shall not be entitled to make the election established in subsection (5) of this section.

(7) Except as provided in this section, a coalbed methane owner who does not make an election under the pooling order within thirty (30) days of the entry of the order shall be deemed to have leased the coalbed methane interest to the coalbed methane well operator in the manner established in subsection (6) of this section.

(8) A person whose interest is subject to a coalbed methane lease or other agreement which grants to another the right to operate or conduct operations shall not own an operating interest for the purposes of this section.

(9) A certified copy of any pooling order entered under this section shall be entitled to be recorded in the office of the county clerk of the county or counties in which all or any portion of the pooled tract is located, and the record of the order, from the time of lodging the order for record, shall be notice of the order to all persons.

(10) Each pooling order for a coalbed methane well issued pursuant to subsection (1) of Section 16 of this Act shall provide for the establishment of an interest-bearing escrow account to be maintained by the department. The escrow account shall receive deposits and hold payment for costs and proceeds attributable to the conflicting interests as follows:

(a) Each participating working interest owner, except for the unit operator, shall deposit in the escrow account the owner's proportionate share of the costs allocable to the ownership interest claimed by each participating working interest owner as set forth in the pooling order; and

(b) The unit operator shall collect all proceeds from the sale or use of coalbed methane and deposit in the escrow account all proceeds attributable to the conflicting interests of lessors, lessees, or royalty owners and all proceeds in excess of the recovery of all capital costs and expenses and all ongoing operational expenses including reasonable overhead costs and operating fees attributable to conflicting working interests.

(11) The department shall order payment of principal and accrued interest from the escrow account to all legally entitled entities within thirty (30) days of receipt by the department of notification of the final legal determination of entitlement or upon agreement of all entities claiming an ownership interest in the coalbed methane. Upon the department's final determination:

(a) Each legally entitled participating working interest owner shall receive a proportionate share of the proceeds attributable to the conflicting ownership interest;

(b) Each legally entitled nonparticipating working interest owner shall receive a proportionate share of the proceeds attributable to the conflicting ownership interest, less the cost of being carried as a nonparticipating working interest owner as determined by the election of the person under the applicable pooling order;

(c) Each person leasing or deemed to have leased its coalbed methane ownership interest to the unit operator shall receive a share of the royalty proceeds as set out in the applicable pooling order attributable to the conflicting interests of the lessees;

(d) The unit operator shall receive the costs contributed to the escrow account by each legally entitled participating working interest owner, but only to the extent that the costs and expenses described in subsection (10)(b) of this section have not been recouped from production proceeds;

(e) Each participating working interest owner who is determined not to hold an ownership interest shall receive a refund of all amounts placed in escrow pursuant to subsection (10)(a) of this section plus interest earned thereon; and

(f) All amounts remaining in escrow, after distribution of amounts described in paragraphs (a), (b), (c), (d), and (e) of this subsection, shall be distributed to the legally entitled participating working interest owners in proportion to their interests.

SECTION 18. A NEW SECTION OF KRS CHAPTER 349 IS CREATED TO READ AS FOLLOWS:

(1) Any person aggrieved by any order issued by the review board under this chapter shall have the right to bring a civil action for review of the order by filing a complaint in the Circuit Court of the county in which the premises or any

portion thereof is located as established by the order, or in Franklin Circuit Court.

(2) The civil action shall be brought within thirty (30) days after the order is issued, and in the event no civil action is filed within the thirty (30) day period, the order shall be final.

(3) In any civil action the burden of proof shall be upon the party challenging the order. The order shall be deemed prima facie valid. Any party to the civil action may offer evidence for any part of the record of the hearing which resulted in the order, and any other relevant evidence.

(4) In any civil action no new evidence may be introduced, except as to fraud or misconduct of some person engaged in the hearing before the review board. New evidence may be introduced if, upon motion and for good cause shown, the court determines that the interest of justice will be better served by the introduction of new evidence. The court, sitting without a jury, shall hear the cause upon the record before it. The court shall dispose of the civil action in a summary manner, being limited to determining whether or not: the review board acted without or in excess of its powers; the order was procured by fraud; the order is not in conformity with the provisions of this chapter; the order is clearly erroneous on the basis of reliable, probative, and material evidence contained in the whole record; the order is arbitrary, capricious, characterized by abuse of discretion, or clearly unwarranted exercise of discretion. The court shall enter its findings in the order book as a judgment of the court, and the judgment shall have the effect and be enforceable the same as any other judgment of the court in civil cases.

(5) The practice, pleading, and proceedings in the civil action shall be in accordance with the Rules of Civil Procedure.

(6) During the pendency of the civil action, the court may stay the order until it shall enter its decree. The court shall have jurisdiction to enter a decree affirming or setting aside the order, or remand the cause with directions to modify the order to conform to the provisions of this chapter. Appeals may be taken by any party to the suit in the same manner and to the same extent as in other civil actions.

SECTION 19. A NEW SECTION OF KRS CHAPTER 349 IS CREATED TO READ AS FOLLOWS:

(1) A coalbed methane well penetrating one (1) or more workable coalbeds shall be drilled in a manner that will exclude, if practicable, all coalbed methane or coalbed methane pressure from the workable coalbed, except as is found in the workable coalbed itself. Each string of casing that is run through a workable coal bed shall be seated at least thirty (30) feet below the workable coalbed in twenty (20) feet of cement, mud, clay, or other nonporous material that will make an effective seal. If a second workable coalbed is found less than thirty (30) feet below the first workable coalbed, the casing shall be seated and mudded off as above provided at least thirty (30) feet below the second workable coalbed. If gas is found between the two (2) workable coalbeds, it shall be treated as prescribed by this chapter. After any such string of casing has been properly seated, drilling may proceed immediately.

(2) When a coalbed methane well is drilled through the horizon of a workable coalbed where the coal has been removed, the hole shall be drilled at least thirty (30) feet below the workable coalbed, and shall be of a size sufficient to permit the placing of a liner, which shall start not less than twenty (20) feet beneath the horizon of the workable coalbed and extend not less than twenty (20) feet above it. The largest sized casing to be used in the well shall be centrally placed within this liner. The liner may be welded to the casing to be used, and the space between the liner and the casing shall be filled with cement as the liner and casing are lowered into the hole. Cement shall be placed in the bottom of the hole to a depth of twenty (20) feet to form a sealed seat for both liner and casing. Following the setting of the liner, drilling may proceed. If it is necessary to drill through the horizon of two (2) or more workable coalbeds where the coal has been removed, the liner shall be started not less than twenty (20) feet below the lowest horizon penetrated and shall extend to a point not less than twenty (20) feet above the highest horizon penetrated.

SECTION 20. A NEW SECTION OF KRS CHAPTER 349 IS CREATED TO READ AS FOLLOWS:

If any coalbed methane well produces coalbed methane, all coal-protecting strings of casing shall remain in place during the life of the well. The top ends of all the strings shall be provided with casing heads or other suitable devices that will allow the free passage of coalbed methane and prevent filling the annular spaces outside the casing with dirt or debris.

SECTION 21. A NEW SECTION OF KRS CHAPTER 349 IS CREATED TO READ AS FOLLOWS:

(1) No person shall abandon or remove casings from any coalbed methane well, either dry or producing, without first plugging the well in a secure manner approved by the department and consistent with administrative regulations. Upon the department's plugging of an abandoned coalbed methane well in accordance with the requirements of this subsection, the department may sell all equipment removed from that well by sealed bid, or may include the equipment as part of compensation in the contract for the plugging of the well. Proceeds from the sale shall be deposited into the coalbed methane well plugging fund, established in subsection (3) of Section 24 of this Act.

(2) Not less than thirty (30) days before advertising for bids for the plugging of coalbed methane wells, the department shall publish, in a newspaper of general circulation, and in locally published newspapers serving the areas in which the wells proposed for plugging are located, notices of all wells on which there is salvageable equipment, described as to farm name, Carter Coordinate, and state plane coordinate location, for which the department intends to seek bids for plugging. If a person other than the operator claims an interest in the equipment of a well proposed for plugging, the person shall provide documentation of that interest to the department within thirty (30) days of the date of publication of the notice of the department's intent to plug a well. Prior to the department's advertising of bids for the plugging of a well, the department shall release the well's equipment to the person deemed to have an interest in that

equipment. It shall be the duty of the interest holder to remove the equipment before the well is plugged. If documentation as to an asserted interest is not provided to the department in the manner described in this subsection or if a person deemed to be an interest holder fails to remove the equipment before a well is plugged, the department may sell or otherwise dispose of the equipment in accordance with this section.

(3) If a person fails to comply with subsection (1) of this section, any person lawfully in possession of land adjacent to the coalbed methane well or the department may enter on the land upon which the well is located and plug the well in the manner provided in subsection (1) of this section, and may maintain a civil action against the owner or person abandoning the well, jointly or severally, to recover the cost of plugging the well. This subsection shall not apply to persons owning the land on which the well is situated, and drilled by other persons.

(4) In conjunction with the plugging and abandonment of any coalbed methane well or the reworking of any coalbed methane well, the operator shall restore the surface and any improvements thereon to a condition as near as practicable to their condition prior to commencement of work. The surface owner and operator may waive this requirement in writing, subject to the approval of the department that the waiver is in accordance with its administrative regulations.

SECTION 22. A NEW SECTION OF KRS CHAPTER 349 IS CREATED TO READ AS FOLLOWS:

(1) The department shall exercise supervision over the drilling, casing, plugging, and filling of all coalbed methane wells. The department shall exercise supervision over all mining operations in close proximity to any well. The department shall have access to the records and properties of coal, oil, gas and coalbed methane operators when necessary.

(2) The department may receive, or may file on its own motion, formal complaints that drilling or mining operations are being conducted contrary to the provisions of this chapter or to the order of the department or review board, and shall hold administrative hearings on the complaints, in accordance with KRS Chapter 13B. Following a hearing, the department shall issue a final order necessary to secure the proper administration of this chapter.

SECTION 23. A NEW SECTION OF KRS CHAPTER 349 IS CREATED TO READ AS FOLLOWS:

(1) The department is hereby authorized to adopt all rules, administrative regulations, and amendments to implement the provisions of this chapter. All rules, administrative regulations, and amendments promulgated under this chapter shall be promulgated by the department after notice and a hearing. At all hearings held to consider any rules, administrative regulations, or amendments thereto, any interested person shall be entitled to be heard.

(2) All hearings shall be held at a time and place as is specified by the department according to rules and regulations promulgated under this chapter. A written record of each hearing shall be kept; however, if not at variance with KRS 61.870 to 61.884, the keeping of a record may be waived by all parties who participate therein. All interested persons shall be entitled to be heard at all hearings conducted under this chapter.

(3) Operators shall submit annual production information for each coalbed methane well on a form prescribed by the department.

SECTION 24. A NEW SECTION OF KRS CHAPTER 349 IS CREATED TO READ AS FOLLOWS:

(1) When any person submits to the department an application for a permit to drill a coalbed methane well, or to reopen, deepen, or temporarily abandon any coalbed methane well which is not covered by a surety bond, the department shall, except as provided in this section, require from the well operator a bond in the sum of five thousand dollars ($5,000). The bonds shall be made in favor of the Department of Natural Resources, conditioned that the wells upon abandonment shall be plugged in accordance with the administrative regulations and that all records required by the department be filed as specified. All bonds shall remain in effect until the plugging of the well is approved by the department, or the bond is released by the department. Any well operator in lieu of the bond may file with the department a blanket bond in a sum of one hundred thousand dollars ($100,000), covering all coalbed methane wells drilled or to be drilled in the Commonwealth by the principal in the bond, and the acceptance and approval by the department of the blanket bond shall be in full compliance with the above provision requiring an individual well bond. A deposit in cash or a bank-issued irrevocable letter of credit may serve in lieu of either of the individual well or blanket bonds. A certificate of deposit, the principal of which is pledged in lieu of a bond and whose interest is payable to the party making the pledge, may also be accepted by the department. If an operator is required to post individual well bonds exceeding a total of five thousand dollars ($5,000) or elects to post a blanket bond, the certificate of deposit shall be accepted by the department in lieu of that portion of the amount of the bonds exceeding five thousand dollars ($5,000). The bond or bonds referred to in this section shall be executed by the well operator as principal and, if a surety bond, by a corporate surety authorized to do business in the Commonwealth. A deposit in cash shall serve in lieu of either of the above bonds; all cash bonds accepted by the department shall be deposited into an interest-bearing account, with the interest thereon payable to the special agency account known as the coalbed methane well plugging fund, created in subsection (3) of this section, to be used in accordance with the purposes described therein.

(2) A successor to the well operator shall post bond, pay a twenty-five dollar ($25) fee per well to the department, and notify the department in writing in advance of commencing use or operations of a well or wells. The successor shall assume the obligations of this chapter as to a particular well or wells and relieve the original permittee of responsibility under this chapter with respect to the well or wells. It shall be the responsibility of the selling operator to require the successor operator to post bond before use or operation is commenced by the successor and relief of responsibility

under this chapter is granted to the original permittee.

(3) All sums received through the forfeiture of bonds shall be placed in the State Treasury and credited to a special agency account to be designated as the coalbed methane well plugging fund, which shall be in an interest-bearing account with the interest thereon payable to the fund. This fund shall be available to the department and shall be expended for the plugging of any abandoned coalbed methane wells coming within the authority of the department pursuant to this chapter. The plugging of any coalbed methane wells pursuant to this subsection shall not be construed to relieve the operator or any other person from civil or criminal liability which would exist except for the plugging. Any unencumbered and any unexpended balance of this fund remaining at the end of any fiscal year shall not lapse but shall be carried forward for the purpose of the fund until expended or until appropriated by subsequent legislative action.

SECTION 25. A NEW SECTION OF KRS CHAPTER 349 IS CREATED TO READ AS FOLLOWS:

(1) Any person to whom a permit is issued pursuant to this chapter shall file, within ninety (90) days after termination of operations conducted under the permit, with the department for transmittal to the Kentucky Geological Survey on forms to be furnished by the department the following information relating to the well:

- *(a) A copy of the driller's log certified to be true and accurate;*
- *(b) The depth and thickness of all water zones encountered and logged;*
- *(c) The depth of all showing of oil, gas, or coalbed methane;*
- *(d) The depth and thickness of all coal seams encountered; and*
- *(e) A true copy of all electrical surveys and similar logs and surveys taken. If the person to whom the permit is issued obtains a copy of the electrical survey or similar log or survey in electronic form, the operator shall submit the electrical survey or similar log in electronic form if requested by the department.*

(2) Upon request by the department, any person to whom a permit is issued shall save for the Kentucky Geological Survey samples of all cuttings from the well drilled or deepened pursuant to the permit for a period of ninety (90) days after completion thereof.

(3) Upon request by any person furnishing information under this section, the information shall be kept confidential, for a period of one (1) year after the information is furnished by such person.

(4) This section shall not apply to wells drilled or deepened as geological or structure test holes.

SECTION 26. A NEW SECTION OF KRS CHAPTER 349 IS CREATED TO READ AS FOLLOWS:

(1) In all cases in which there has been a complete severance of the ownership of the coalbed methane from the ownership of the surface to be disturbed, the applicant for a coalbed methane well permit shall comply with all of the substantive requirements of KRS 353.5901 and 353.595.

(2) In all cases other than a complete severance of the ownership of coalbed methane from the ownership of the surface to be disturbed, the applicant for a coalbed methane well shall submit to the department an operations and reclamation proposal at the time of filing an application for a permit to drill, deepen, or reopen a coalbed methane well. The proposal shall be filed on forms provided by the department and shall include:

- *(a) A proposal to prevent erosion of and sedimentation from the well site and all disturbed areas, including roads;*
- *(b) A narrative description of the location of all areas to be disturbed, including the location of roads, gathering lines, the well site, tanks, and other storage facilities, and any other information that may be required by the department. Accompanying this narrative description shall be a plat depicting the location on the land of all of these disturbances or facilities; and*
- *(c) Any additional information that the department may require.*

SECTION 27. A NEW SECTION OF KRS CHAPTER 349 IS CREATED TO READ AS FOLLOWS:

(1) Each coalbed methane well permit issued under this chapter shall expire one (1) year after the date issued, unless the drilling, deepening, or reopening of a coalbed methane well is commenced prior to the expiration of the one (1) year period. However, the permit term shall be extended by one (1) year if, prior to the expiration date, the permit applicant:

- *(a) Notifies the department in writing of the applicant's request for an extension;*
- *(b) Notifies all coal interest holders originally entitled to receive a copy of the plat under Section 3 of this Act;*
- *(c) Submits an affidavit, or verified statement, stating that the information in the original permit application is still correct; and*
- *(d) Submits a fee for the extension in an amount equal to the permit fee required by Section 8 of this Act.*

(2) The extension of the permit term pursuant to subsection (1) of this section shall not create a right to object to the coalbed methane well location under Section 4 of this Act nor to mediation under KRS 353.5901.

SECTION 28. A NEW SECTION OF KRS CHAPTER 349 IS CREATED TO READ AS FOLLOWS:

In any case where title to subsurface minerals has been severed in such a way that title to natural gas underlying the tract and title to coal underlying the tract are in different persons, it shall be an affirmative defense to any action for willful trespass *arising from the drilling, development, operation, and production of coalbed methane from any coal seam or gob area underlying the tract, that the operator of the coalbed methane well permitted, drilled, completed, and produced the coalbed methane well under color of title of any instrument, deed, or lease for oil and gas purposes from the gas owner, or any instrument, deed, or lease for coal mining purposes from the coal owner.*

In the suit, the court shall have jurisdiction to grant without bond or other undertaking the prohibitory or mandatory injunction as the facts may warrant, including a temporary restraining order or injunction.

(2) Whenever it appears that any person is violating any provision of this subchapter, or any rule, administrative regulation or order promulgated or issued hereunder, the Attorney General or any person who is adversely affected by the violation may bring suit to restrain the violation in any court in which the department might have brought suit. The department shall be made a party defendant in the suit in addition to the person allegedly violating a provision or any rule, administrative regulation, or order promulgated or issued under this chapter.

SECTION 30. A NEW SECTION OF KRS CHAPTER 349 IS CREATED TO READ AS FOLLOWS:

HB 510, On Page 3, after line 8, by inserting the following new sections,

"Section 3. KRS 134.420 is amended to read as follows:

(1) The state and each county, city, or other taxing district shall have a lien on the property assessed for taxes due them respectively for ten (10) years following the date when the taxes become delinquent, and also on any real property owned by a delinquent taxpayer at the date when the sheriff offers the tax claims for sale as provided in KRS 134.430 and 134.440. This lien shall not be defeated by gift, devise, sale, alienation, or any means except by sale to a bona fide purchaser, but no purchase of property made before final settlement for taxes for a particular assessment date has been made by the sheriff shall preclude the lien covering the taxes. The lien shall include all interest, penalties, fees, commissions, charges, ***costs, reasonable attorney fees,*** and other expenses incurred by reason of delinquency in payment of the tax bill ***or certificate of delinquency*** or in the process of collecting ***either***~~[it]~~, and shall have priority over any other obligation or liability for which the property is liable. The lien of any city, county, or other taxing district shall be of equal rank with that of the state. When any proceeding is instituted to enforce the lien provided in this subsection, it shall continue in force until the matter is judicially terminated. Every city of the third, fourth, fifth, and sixth class shall file notice of the delinquent tax liens with the county clerk of any county or counties in which the taxpayer's business or residence is located, or in any county in which the taxpayer has an interest in property. The notice shall be recorded in the same manner as notices of lis pendens are filed, and the file shall be designated miscellaneous state and city delinquent and unpaid tax liens.

(2) If any person liable to pay any tax administered by the Revenue Cabinet, other than a tax subject to the provisions of subsection (1) of this section, neglects or refuses to pay the tax after demand, the tax due together with all penalties, interest, and other costs applicable provided by law shall be a lien in favor of the Commonwealth of Kentucky. The lien shall attach to all property and rights to property owned or subsequently acquired by the person neglecting or refusing to pay the tax.

(3) The lien imposed by subsection (2) of this section shall remain in force for ten (10) years from the date the notice of tax

lien has been filed by the secretary of the Revenue Cabinet, or his delegate with the county clerk of any county or counties in which the taxpayer's business or residence is located, or any county in which the taxpayer has an interest in property.

(4) The tax lien imposed by subsection (2) of this section shall not be valid as against any purchaser, judgment lien creditor, or holder of a security interest or mechanic's lien until notice of the tax lien has been filed by the secretary of the Revenue Cabinet or his delegate with the county clerk of any county or counties in which the taxpayer's business or residence is located, or in any county in which the taxpayer has an interest in property. The recording of the tax lien shall constitute notice of both the original assessment and all subsequent assessments of liability against the same taxpayer. Upon request, the Revenue Cabinet shall disclose the specific amount of liability at a given date to any interested party legally entitled to the information.

(5) Even though notice of a tax lien has been filed as provided by subsection (4) of this section, and notwithstanding the provisions of KRS 382.520, the tax lien imposed by subsection (2) of this section shall not be valid with respect to a security interest which came into existence after tax lien filing by reason of disbursements made within forty-five (45) days after the date of tax lien filing or the date the person making the disbursements had actual notice or knowledge of tax lien filing, whichever is earlier, provided the security interest:

(a) Is in property which:

1. At the time of tax lien filing is subject to the tax lien imposed by subsection (2) of this section; and

2. Is covered by the terms of a written agreement entered into before tax lien filing; and

(b) Is protected under local law against a judgment lien arising, as of the time of tax lien filing, out of an unsecured obligation.

Section 4. KRS 134.500 is amended to read as follows:

(1) ***Certificates of delinquency***[~~Uncollectible tax claims~~] shall bear interest at twelve percent (12%) per annum simple interest from the date the certificate of delinquency is issued. A fraction of a month is counted as an entire month. The ***five dollar ($5)*** sheriff's [~~add-on~~] fee***, the advertising costs provided in Section 3 of this Act***[~~provided in KRS 134.430~~], the clerk's add-on fee provided in KRS 134.480, and the county attorney's add-on fee provided in this section shall be ***included in***[~~excluded from~~] the interest calculation [~~except~~] in counties containing cities of the first class or consolidated local government ***and shall be excluded in other counties, except upon adoption of an ordinance by a county to include in the interest calculation the fees provided for in Section 3 of this Act, the clerk's add-on fee provided in KRS 134.480, and the county attorney's add-on fee provided in this section***. All tax bills on omitted property that were not turned over to the sheriff in time to be collected or to make the sale provided for in KRS 134.430 and 134.440 shall also be submitted to the fiscal court but shall be carried over as a charge against the sheriff at the time he ***or she*** makes ***the***[~~his~~] next regular settlement.

(2) The cabinet shall be responsible for the collection of certificates of delinquency and delinquent personal property tax bills; however, the cabinet shall first offer the collection duties to the county attorney, unless the cabinet determines that the county attorney has previously failed to perform collection duties in a reasonable and acceptable manner. Any county attorney desiring to perform the duties associated with the collection of delinquent tax claims shall enter into a contract with the cabinet on an annual basis. The terms of the contract shall specify the duties to be undertaken by the county attorney. These duties shall include but are not limited to the following actions:

(a) Within fifty (50) days after the issuance of a certificate of delinquency to the state, county, and taxing district, the county attorney or the Revenue Cabinet shall cause a notice of the purchase to be mailed by regular mail to the property owner at the address on the records of the property valuation administrator. The notice shall advise the owner that the certificate is a lien of record against all property of the owner, and bears interest at the rate of twelve percent (12%) per annum, and if not paid will be subject to collection by the county attorney as provided by law.

(b) The county attorney shall file in the office of the county clerk a list of the names and addresses to which the notice was mailed along with a certificate that the notice was mailed in accordance with the requirements of this section.

(c) All notices returned as undeliverable shall be submitted to the property valuation administrator. The property valuation administrator shall attempt to correct inadequate or erroneous addresses and, if property has been transferred, shall determine the new owner and the current mailing address. The property valuation administrator shall return the notices with the corrected information to the county attorney prior to the expiration of the one (1) year tolling period provided in KRS 134.470.

(d) Within ninety (90) days after the expiration of the one (1) year tolling period provided in KRS 134.470, the county attorney shall cause a notice of his intention to enforce the lien to be mailed to all owners whose tax bills remain delinquent. No second notice shall be required for addresses previously determined to be undeliverable and for which the property valuation administrator has not provided corrected information.

(e) Failure to mail the notices shall not affect the validity of the claim of the state, county, and taxing district. The postal cost of mailing the notices shall be added to the certificate of delinquency and, upon collection, the county attorney shall be reimbursed for the postage. The county attorney shall deliver at the same time a list of the owners whose tax bills remain delinquent to the property valuation administrator. The property valuation administrator shall review this list in accordance with the provisions of KRS 132.220 to establish that the properties on the list can be identified and physically located.

(3) The county attorney who enters into a contract with the cabinet shall have a period of two (2) years after the expiration of the one (1) year tolling period provided in KRS 134.470 to collect delinquent tax bills or to initiate court action for their collection. At the expiration of the two (2) years the cabinet may assume responsibility for all uncollected bills except those with pending court action.

(4) The county attorney who enters into a contract with the cabinet and performs his ***or her*** duties in respect to the certificate of delinquency and delinquent personal property tax bills shall be entitled to twenty percent (20%) of the amount due each taxing unit, whether the tax claim is voluntarily paid or is paid through sale or under court order, and the fee shall be paid to him by the county clerk when making distribution, as provided in KRS 134.480. This fee shall be added to the amount of the tax claims and paid by the persons paying the tax claims. They shall not be paid by the taxing districts or deducted from the taxes due the taxing districts. This fee shall be waived if the certificate of delinquency is paid by the taxpayer only within five (5) days of the sheriff's sale. If more than one (1) county attorney renders necessary services in an effort to collect a tax claim, the attorney serving the last notice or rendering the last substantial service preceding collection shall be entitled to the fee. When the county attorney's office, in an effort to collect a certificate of delinquency, or delinquent personal property tax bills files a court action which is litigated by the taxpayer, an additional county's attorney fee equal to thirteen percent (13%) of the total tax plus ten percent (10%) penalty, may be added to the certificate or the bill and shall become part of the tax claim.

(5) If a county attorney chooses not to contract for these collection duties or if a county attorney fails to perform the duties required by the contract, the cabinet shall assume responsibility for the collection process. In the performance of those duties, the cabinet shall have all the powers, rights, duties, and authority with respect to the collection, refund, and administration of the amount due on the certificate of delinquency conferred generally upon the cabinet by Kentucky Revised Statutes including, but not limited to, KRS Chapters 131, 134, and 135. The twenty percent (20%) fee that would have otherwise been paid to the county attorney shall be paid to the cabinet for deposit in the delinquent tax fund provided for under KRS 134.400.

(6) Any action on behalf of the state, county, and taxing districts authorized by this section or by KRS 134.470, 134.490, or 134.540 shall be filed on relation of the secretary, and the petition may be sent to the cabinet, which may require revision in instances where it deems revision or amendment necessary. The cabinet shall advise the county attorney in all actions, and may send him ***or her*** special assistance when the secretary deems assistance necessary. A copy of the judgment shall also be sent to the cabinet. If the cabinet sends assistance to a county attorney who contracts to prosecute the suits or proceedings, the county attorney shall be entitled to his ***or her*** full fee. On the same day that suit is filed, the county clerk shall be given notice of its filing. Costs incident to the suit shall become a part of the tax claim.

(7) The cabinet may make its delinquent tax collection databases and other technical resources, including but not limited to income tax refund offsetting, available to the county attorney upon request from the county attorney. The county attorney seeking assistance shall enter into any agreements required by the cabinet to protect taxpayer confidentiality, to ensure database integrity, or to address other concerns of the cabinet.

(8) The county attorney may, at any time after assuming collection duties, enter into an agreement with the delinquent taxpayer to accept installment payments on the delinquent tax bill. The agreement shall not waive the county attorney's right to initiate court action or other authorized collection activities if the taxpayer does not make payments in accordance with the agreement.".

HR 188, A RESOLUTION expressing support for the statewide implementation of the 2-1-1 dialing code for health and human service information and referral.

WHEREAS, "2-1-1" is an easy-to-remember telephone number that facilitates critical connections between individuals and families seeking human service agencies, including community-based and faith-based organizations and government programs, or both; and

WHEREAS, there are approximately 900,000 nonprofit organizations in the United States, and families and individuals often have difficulty navigating the complex and ever-growing maze of human services agencies and programs to find the services that they need; and

WHEREAS, federal, state, and local government funding supports well-intentioned programs that are not fully utilized because of a lack of access to information on such programs; and

WHEREAS, 2-1-1 will reduce the number of inappropriate calls to government offices by directing consumers to the appropriate human services agency, resulting in a more effective use of government services; and

WHEREAS, 2-1-1 is efficient and cost effective and will increase the efficiency and operations of a beleaguered and overcomplicated health and human service delivery system, and will save both private and state government dollars; and

WHEREAS, getting a person the correct information at the right time allows him or her to get help sooner, and usually at a lower cost, and allows resources invested in nonprofit programs and/or government services to go further so that more people can be served; and

WHEREAS, 2-1-1 currently reaches 23% of the United States population and is a model public/private partnership currently funded by state and local governments, United Ways, and other nonprofit organizations, foundations, and corporate donations; and

WHEREAS, 2-1-1 brings the public and private sector together in ways never before seen to leverage and stretch resources for the good of each citizen; and

WHEREAS, 2-1-1 will streamline access to existing services, improve implementation of services, enhance information for community planning, increase civic involvement, and serve as a focal point for developing policies that address community needs through identifying gaps in local services;

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky:

Section 1. The General Assembly, the Executive Branch of the Commonwealth, and all other involved entities, acting on behalf of the interests of the people of the Commonwealth, should move expeditiously to support efforts to establish and effectively implement a 2-1-1 system.

The easement of necessity becomes effective, and the permittee or operator is authorized to enter the property to undertake immediate action to abate the violation if he or she concurrently:

2. Provides to the property owner or legal occupant and cabinet an affidavit that he or she has been denied access to the property; and
3. Provides to the property owner or legal occupant a statement that he or she, the permittee or operator, ***will diligently pursue abatement of the violation, and*** will obtain an appraisal completed by a[~~ certified~~] real estate appraiser ***certified under KRS Chapter 324A***[~~or other qualified appraiser~~] of the damages to the property, including loss of use, that ***have resulted***[~~will result~~] from the violation,[~~ as abated, and those that are likely to occur to the property when the permittee or operator enters the property in order to abate the violation,~~] that the appraisal will be completed and provided to the property owner or legal occupant within three (3) days of ***abatement of the violation by***[~~entry of~~] the operator or permittee, and that he or she will pay the property owner or legal occupant the amount of the damages in the permittee or operator's appraisal at that time.

(c) Following the effective date of the easement of necessity, the following procedure shall be followed with respect to the appraisal of the damages[~~ that will result from the violation, as abated, and those that are likely to occur to the property when the permittee or operator enters the property in order to abate the violation~~]:

1. The permittee or operator shall have ***a certified***[~~an~~] appraiser on the site and have his or her appraisal completed and submitted to the property owner or legal occupant within three (3) days of ***abatement of the violation***[~~entry on the property~~] by the operator or permittee;
2. The property owner or legal occupant shall accept or reject this appraisal in writing within ***seven (7)***[~~three (3)~~] days of receipt of the completed appraisal;
3. If the property owner or legal occupant rejects this appraisal, he or she may hire a[~~ certified~~] real estate appraiser ***certified under KRS Chapter 324A***[~~or other qualified appraiser~~] to appraise the damages, including loss of use, that ***have resulted***[~~will result~~] from the violation, ***and this such appraisal shall be completed and provided to the permittee or operator within thirty (30) days of receipt of the permittee's or operator's completed appraisal***[~~as abated, and those that are likely to occur to the property if the permittee or operator is allowed to enter the property in order to abate the violation~~]. If the property owner or legal occupant ***accepts the permittee or operator's appraisal, the permittee or operator shall promptly pay the property owner or legal occupant the amount of the damages reflected therein***[~~has the appraisal done, he or she shall have it completed and provided to the permittee or operator within seven (7) days of receipt of the permittee's or operator's completed appraisal~~].

(d) If the property owner or legal occupant has an appraisal done, and if, based on his or her appraisal and the permittee's or operator's appraisal, an agreement is not reached on the appraised damages, the permittee or operator shall pay the property owner or legal occupant the amount of the permittee's or operator's appraisal damages, and if the property owner or legal occupant's appraisal damages are for more than the permittee's or operator's, the permittee or operator shall pay the difference to the circuit clerk, in the county in which the majority of the property lies, to be placed in an interest-bearing account in a bank until final resolution of the matter by agreement or court or jury judgment. If the property owner or legal occupant is granted award of some or all of the difference, he or she shall also receive the interest on that portion of the difference.

(e) If the property owner or legal occupant does not accept or reject the permittee's or operator's appraisal and offer of funds for damages ***within the time specified in subparagraph 2. of paragraph (c) of this subsection, the appraisal and offer shall be deemed accepted***[~~, the operator or permittee shall pay the appraised damages to the circuit clerk within three (3) business days of the nonacceptance. (f) The appraiser shall calculate the damages to the property, including loss of use, that have resulted from the violation which the owner or the legal occupant shall be entitled to under this subsection as the difference between the fair market value of the property before the violation and after the abatement of the violation, plus the reasonable rental value of the property during the period of time between the effective date of the easement of necessity and the date of the abatement of the violation.

(2) If a permittee or operator has been issued a notice or order directing abatement of a violation other than one described in

subsection (1) of this section, and the notice or order requires access to property for which the permittee or operator does not have the legal right of entry necessary in order to abate that violation, and the owner or legal occupant of that property has refused access, an easement of necessity is recognized on behalf of the permittee or operator, for the limited purpose of allowing a[~~ certified~~] real estate appraiser ***certified under KRS Chapter 324***[~~or other qualified appraiser~~], chosen by the permittee or operator, to enter upon the property to which the owner or legal occupant has refused access in order for the appraiser to appraise the damages, including loss of use, that ***likely*** will result from the violation[~~, as abated, and those that are likely to occur to the property if the permittee or operator is allowed to enter the property in order to abate the violation~~].

The entry fee shall be calculated as one-half (1/2) of the amount of the appraisal or the sum of five hundred dollars ($500), whichever is greater, for the privilege to enter the property and conduct***[~~the amount of~~] the appraisal.

(b) ***Upon payment of the entry fee by the permittee or operator, an easement of necessity shall be recognized on behalf of the permittee or operator for the limited purposes of abating the violation and the operator or permittee shall be authorized to enter the property to undertake immediate action to abate the violation.***

(c) Following the effective date of the easement of necessity to abate the violation, the procedures set forth in subsection (1)(c) through (f) of this section shall apply. The entry fee shall be deducted from any subsequent payment deemed due the property owner or legal occupant as a result of the post-abatement appraisal or appraisals. WHEREAS, the Task Force on Funding for Wildlife Conservation was authorized by the 1996 General Assembly and reauthorized in 1998, 2000, and 2002; and

WHEREAS, wildlife-related tourism is a strong economic factor in the Commonwealth; and

WHEREAS, a stable funding source is needed for fish and wildlife work which currently receives no general fund money; and

WHEREAS, important issues in this area will require the oversight and continued attention of this task force;

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky, the Senate concurring therein:

Section 1. The Task Force on Funding for Wildlife Conservation is reauthorized with 16 members to meet during the 2004 and 2005 interims. The Task Force shall convene not less than twice each year.

Section 2. The task force shall report its findings each year to the Interim Joint Committee on Agriculture and Natural Resources and the Interim Joint Committee on Appropriations and Revenue before December 1, 2004 and December 1, 2005.

HCR 202, A CONCURRENT RESOLUTION urging the U.S. Office of Surface Mining and the Kentucky Department for Natural Resources to advance the Reforestation Initiative, with the goal of planting and growing trees on uncompacted surface mine overburden.

WHEREAS, the Reforestation Initiative is made up of a working group of professionals from the Department for Surface Mining Reclamation and Enforcement, the University of Kentucky, the coal industry, and others; and

WHEREAS, the Reforestation Initiative is an effort to improve the way reclamation is conducted, with the objective to define the compaction best suited for the optimal growth of hardwood trees as appropriate; and

WHEREAS, surface mining regulatory agencies, overly concerned about mine site stability, have traditionally mandated over-compacted soils in areas where stability is not an issue; and

WHEREAS, excessive compaction impedes the maximum growth rate for trees; and

WHEREAS, research by the University of Kentucky and other institutions clearly proves that tree growth in uncompacted surface mine overburden significantly exceeds tree growth in lightly compacted overburden; and

WHEREAS, it is the legislative intent to educate regulatory agencies and the regulated community on the benefits of tree growth at mine sites with minimal or no compaction, and to reverse an almost 30-year-old mindset regarding compaction of mine overburden; and

WHEREAS, properly prepared, uncompacted, gently rolling reclaimed mine land absorbs large amounts of rainfall, releases retained water over a prolonged period of time,creates a carbon dioxide sink for greenhouse gases, improves wildlife habitat, and creates an access road grid; and

WHEREAS, properly prepared, uncompacted reclaimed mine land has been shown to yield native hardwood and other species of timber that grow at least twice as fast as the same species of timber grows in undisturbed forest; and

WHEREAS, it is clear that the Reforestation Initiative will make Kentucky's forest land more productive than ever, thus facilitating the growth of Kentucky's hardwood timber industry;

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky, the Senate concurring therein:

Section 1. The Kentucky General Assembly strongly urges that the federal Office of Surface Mining and the Kentucky Department for Natural Resources encourage the use of uncompacted mine overburden when combined with the planting of hardwood trees, and to further consider Reforestation Initiative ideas regarding reclamation of abandoned mine land sites, and previously reclaimed mine sites.

Section 2. The General Assembly further strongly urges Congress to adopt legislation promoting the Reforestation Initiative.

Section 3. The Clerk of the House of Representatives is directed to transmit a copy of this Resolution to the director of the U.S. Office of Surface Mining, to the commissioner of the Kentucky Department for Natural Resources, and to Kentucky's Congressional delegation.

The Committee on Local Government reported **HB 78**, with Committee Substitute attached thereto, and **HB 438** with the expression of opinion that the same should pass. Read at length for the first time and ordered placed in the Calendar.

HB 78, AN ACT relating to the provision of services by county interlocal agreement, making an appropriation therefor and declaring an emergency.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 15.460 is amended to read as follows:

(1) Beginning July 15, 1998, an eligible local unit of government shall be entitled to receive annually a supplement of two thousand seven hundred fifty dollars ($2,750) for each qualified police officer it employs, and beginning on July 1, 1999, an annual supplement of three thousand dollars ($3,000) for each qualified police officer it employs, plus an amount equal to the required employer's contribution on the supplement to the defined benefit pension plan to which the officer belongs, but no more than the required employer's contribution to the County Employees Retirement System hazardous duty category. In the case of County Employees Retirement System membership, the pension contribution on the supplement shall be paid whether the officer enters the system under hazardous duty coverage or nonhazardous coverage. The local unit of government shall pay the amount received for retirement coverage to the appropriate retirement system to cover the required employer contribution on the pay supplement. Should the foundation program funds be insufficient to pay employer contributions to the system, then the total amount available for pension payments shall be prorated to each eligible government so that each receives the same percentage of required pension costs attributable to the cash salary supplement.

(2) ***Any eligible county government that has entered into a valid interlocal agreement with another county government, in accordance with KRS 65.210 to 65.300, for the purpose of providing law enforcement shall be entitled to receive annually a supplement of six hundred dollars ($600) for each qualified police officer it employs. This shall apply to sheriffs and deputy sheriffs of any counties that have entered into a valid interlocal agreement for the collection of taxes. An amount equal to the required employer's contribution on the supplement to the defined benefit pension plan to which the officer belongs, but no more than the required employer's contribution to the County Employees Retirement System hazardous duty category, shall also be contributed. In the case of County Employees Retirement System membership, the pension contribution on the supplement shall be paid whether the officer enters the system under hazardous duty coverage or nonhazardous coverage. The county shall pay the amount received for retirement coverage to the appropriate retirement system to cover the required employer contribution on the pay supplement. If the foundation program funds are insufficient to pay employer contributions to the system, then the total amount available for pension payments shall be prorated to each eligible government so that each receives the same percentage of required pension costs attributable to the cash salary supplement.***

(3) Each qualified police officer, whose local government receives a supplement pursuant to ***subsections***[~~subsection~~] (1) ***and (2)*** of this section, shall be paid by the local government the supplement which his qualifications brought to the local government. The supplement paid each police officer shall be in addition to his regular salary.

(4)[~~(3)~~] (a) Each qualified sheriff who receives the maximum salary allowed by Section 246 of the Kentucky Constitution and KRS 64.527 shall not receive a supplement.

(b) Each qualified sheriff who does not receive the maximum salary allowed by Section 246 of the Kentucky Constitution and KRS 64.527, excluding the expense allowance provided by KRS 70.170, shall upon final settlement with the fiscal court under KRS 134.310, receive that portion of the supplement that will not cause his compensation to exceed the maximum salary.

(c) Each qualified sheriff who seeks to participate in the fund shall forward a copy of the final settlement prepared under KRS 134.310 to the fund. The sheriff shall reimburse the fund if an audit of the final settlement conducted pursuant to KRS 134.310 reflects that the sheriff received all or a portion of the supplement in violation of this section. A sheriff who fails to provide a copy of the final settlement to the fund or to reimburse the fund after correction by audit, if required, shall not be qualified to participate in the fund for a period of two (2) years.

(d) Each qualified deputy sheriff shall receive the supplement from the sheriff if the sheriff administers his own budget or from the county treasurer if the sheriff pools his fees. The failure of a sheriff to comply with the provisions of this section shall not affect the qualification of his deputies to participate in the fund.

Section 2. KRS 65.250 is amended to read as follows:

(1) Any such agreement shall specify the following:

(a) The duration of the agreement;

(b) The precise organization, composition and nature of any separate legal or administrative entity created thereby together with a statement of the powers delegated thereto; provided such legal entity may be legally created;

Section 3. KRS 65.260 is amended to read as follows:

Failure to disapprove an agreement within sixty (60) days of its submission shall constitute approval of the agreement. The Department for Local Government shall notify the appropriate agencies within the Transportation Cabinet of any valid interlocal agreements for the provision of road and bridge construction, reconstruction, and maintenance services across county boundaries for the purposes of receiving funds in accordance with Section 11 of this Act.*

(4) The submission of an interlocal cooperative agreement to the Attorney General or the Department for Local Government as provided in subsection (2) of this section shall not be required for any cooperative agreement which involves only the

construction, reconstruction, or maintenance of a municipal road or bridge, provided a written agreement is approved by each of the affected governing bodies.

(5)[~~(4)~~] Interlocal cooperative agreements between school boards and counties shall be exempt from the provisions of subsection (2) of this section.

Section 4. KRS 95A.250 is amended to read as follows:

(1) Beginning July 1, 1982, an eligible local government shall be entitled to receive annually a supplement of two thousand seven hundred fifty dollars ($2,750) for each qualified professional firefighter it employs, and beginning on July 1, 1999, an annual supplement of three thousand dollars ($3,000) for each qualified professional firefighter it employs, plus an amount equal to the required employer's contribution on the supplement to the defined benefit pension plan, or to a plan qualified under Section 401(a) or Section 457 of the Internal Revenue Code of 1954 as amended, provided that the employer's contribution on the supplement to any of these plans shall not exceed that amount which is required of employers under the County Employees Retirement System pursuant to KRS Chapter 78, to which the officer belongs, but no more than the required employer's contribution to the County Employees Retirement System hazardous duty category. In the case of County Employees Retirement System membership, the pension contribution on the supplement shall be paid whether the officer enters the system under hazardous duty coverage or nonhazardous coverage. The local unit of government shall pay the amount received for retirement coverage to the appropriate retirement system to cover the required employer contribution on the pay supplement. Should the foundation program funds be insufficient to pay employer contributions to the system, then the total amount available for pension payments shall be prorated to each eligible government so that each receives the same percentage of required pension costs attributable to the cash salary supplement.

(2) ***Any eligible county government that has entered into a valid interlocal agreement with another county government, in accordance with KRS 65.210 to 65.300, for the purpose of providing fire protection services shall be entitled to receive annually a supplement of six hundred dollars ($600) for each qualified firefighter it employs, plus an amount equal to the required employer's contribution on the supplement to the defined benefit pension plan, or to a plan qualified under Section 401(a) or Section 457 of the Internal Revenue Code of 1954 as amended, provided that the employer's contribution on the supplement to any of these plans shall not exceed that amount which is required of employers under the County Employees Retirement System pursuant to KRS Chapter 78, to which the officer belongs, but no more than the required employer's contribution to the County Employees Retirement System hazardous duty category. In the case of County Employees Retirement System membership, the pension contribution on the supplement shall be paid whether the officer enters the system under hazardous duty coverage or nonhazardous coverage. The county shall pay the amount received for retirement coverage to the appropriate retirement system to cover the required employer contribution on the pay supplement. If the foundation program funds are insufficient to pay employer contributions to the system, then the total amount available for pension payments shall be prorated to each eligible government so that each receives the same percentage of required pension costs attributable to the cash salary supplement.***

(3) Each qualified professional firefighter, whose local government receives a supplement pursuant to ***subsections***[~~subsection~~] (1) ***and (2)*** of this section, shall be paid by that local government the supplement which his qualifications brought to the local government. The supplement paid each qualified firefighter shall be in addition to his regular salary.

Section 5. KRS 95A.262 is amended to read as follows:

(1) The Commission on Fire Protection Personnel Standards and Education shall, in cooperation with the Cabinet for Health Services, develop and implement a continuing program to inoculate every paid and volunteer firefighter in Kentucky against hepatitis B. The program shall be funded from revenues allocated to the Firefighters Foundation Program fund pursuant to KRS 136.392 and 42.190. Any fire department which has inoculated its personnel during the period of July 1, 1991 to July 14, 1992, shall be reimbursed from these revenues for its costs incurred up to the amount allowed by the Cabinet for Human Resources for hepatitis B inoculations.

(2) Except as provided in subsection ***(4)***[~~(3)~~] of this section, the Commission on Fire Protection Personnel Standards and Education shall allot on an annual basis a share of the funds accruing to and appropriated for volunteer fire department aid to volunteer fire departments in cities of all classes, fire protection districts organized pursuant to KRS Chapter 75, county districts established under authority of KRS 67.083, and volunteer fire departments created as nonprofit corporations pursuant to KRS Chapter 273. The commission shall allot eight thousand dollars ($8,000) annually to each qualifying department, and beginning on July 1, 2001, the commission shall allot eight thousand two hundred fifty dollars ($8,250) annually to each qualifying department. Any qualifying department which fails to participate satisfactorily in the Kentucky fire incident reporting system as described in KRS 304.13-380 shall forfeit annually five hundred dollars ($500) of its allotment. If two (2) or more qualified volunteer fire departments, as defined in KRS 95A.500 to 95A.560, merge after January 1, 2000, then the allotment shall be in accordance with the provisions of KRS 95A.500 to 95A.560. The commission shall recommend to the commissioner of the Department of Housing, Buildings and Construction the promulgation of administrative regulations in accordance with the provisions of KRS Chapter 13A to define satisfactory participation in the Kentucky fire incident reporting system. Administrative regulations for determining qualifications shall be based on the number of both paid firefighters and volunteer firemen within a volunteer fire department, the amount of equipment, housing facilities available, and such other matters or standards as will best effect the purposes of the volunteer fire department aid law. A qualifying department shall include at least twelve (12) firefighters, a chief, and at least one (1)

operational fire apparatus or one (1) on order. Fifty percent (50%) of the firefighters shall have completed at least one-half (1/2) of one hundred fifty (150) training hours toward certification within the first six (6) months of the first year of the department's application for certification, and there shall be a plan to complete the one hundred fifty (150) training hours within the second year. These personnel, equipment, and training requirements shall not be made more stringent by the promulgation of administrative regulations. No allotment shall exceed the total value of the funds, equipment, lands, and buildings made available to the local fire units from any source whatever for the year in which the allotment is made. A portion of the funds provided for above may be used to purchase group or blanket health insurance and shall be used to purchase workers' compensation insurance, and the remaining funds shall be distributed as set forth in this section.

(3) ***In counties that have entered into a valid interlocal agreement, in accordance with KRS 65.210 to KRS 65.300, concerning the provision of fire protection services across the participating county's boundaries, the Commission shall allot on an annual basis an additional sum of one thousand six hundred fifty dollars ($1,650) to qualifying volunteer fire departments in the following categories:***

(b) County districts established under the authority of KRS 67.083; and

(c) Volunteer fire departments created as nonprofit corporations pursuant to KRS Chapter 273.

The volunteer fire departments enumerated in paragraphs (a) to (c) of this subsection must be subjects of the interlocal agreement for the provision of fire protection services to be eligible for this aid.

(4) There shall be allotted two hundred thousand dollars ($200,000) of the insurance premium surcharge proceeds accruing to the Firefighters Foundation Program fund that shall be allocated each fiscal year of the biennium to the firefighters training center fund, which is hereby created and established, for the purposes of constructing new or upgrading existing training centers for firefighters. If any moneys in the training center fund remain uncommitted, unobligated, or unexpended at the close of the first fiscal year of the biennium, then such moneys shall be carried forward to the second fiscal year of the biennium, and shall be reallocated to and for the use of the training center fund, in addition to the second fiscal year's allocation of two hundred thousand dollars ($200,000). Prior to funding any project pursuant to this subsection, a proposed project shall be approved by the Commission on Fire Protection Personnel Standards and Education as provided in subsection ***(5)***[~~(4)~~] of this section and shall comply with state laws applicable to capital construction projects.

(5)[~~(4)~~] Applications for funding low-interest loans and firefighters' training centers shall be submitted to the Commission on Fire Protection Personnel Standards and Education for their recommendation, approval, disapproval, or modification. The commission shall review applications periodically, and shall, subject to funds available, recommend which applications shall be funded and at what levels, together with any terms and conditions the commission deems necessary. ***The Commission shall give preference to those departments that are subjects of valid interlocal agreements concerning the provision of fire protection services across county boundaries.***

(6)[~~(5)~~] Any department or entity eligible for and receiving funding pursuant to this section shall have a minimum of fifty percent (50%) of its personnel certified as recognized by the Commission on Fire Protection Personnel Standards and Education.

(7)[~~(6)~~] Upon the written request of any department, the Commission on Fire Protection Personnel Standards and Education shall make available a certified training program in a county of which such department is located.

(8)[~~(7)~~] The amount of reimbursement for any given year for costs incurred by the Kentucky Community and Technical College System for administering these funds, including, but not limited to, the expenses and costs of commission operations, shall be determined by the commission and shall not exceed five percent (5%) of the total amount of moneys accruing to the Firefighters Foundation Program fund which are allotted for the purposes specified in this section during any fiscal year.

(9)[~~(8)~~] The commission shall withhold from the general distribution of funds under subsection (2) of this section an amount which it deems sufficient to reimburse volunteer fire departments for equipment lost or damaged beyond repair due to hazardous material incidents.

(10)[~~(9)~~] Moneys withheld pursuant to subsection ***(9)***[~~(8)~~] of this section shall be distributed only under the following terms and conditions:

(a) A volunteer fire department has lost or damaged beyond repair items of personal protective clothing or equipment due to that equipment having been lost or damaged as a result of an incident in which a hazardous material (as defined in any state or federal statute or regulation) was the causative agent of the loss;

(b) The volunteer fire department has made application in writing to the commission for reimbursement in a manner approved by the commission and the loss and the circumstances thereof have been verified by the commission;

(c) The loss of or damage to the equipment has not been reimbursed by the person responsible for the hazardous materials incident or by any other person;

(d) The commission has determined that the volunteer fire department does not have the fiscal resources to replace the equipment;

(e) The commission has determined that the equipment sought to be replaced is immediately necessary to protect the lives of the volunteer firefighters of the fire department;

(f) The fire department has agreed in writing to subrogate all claims for and rights to reimbursement for the lost or damaged equipment to the Commonwealth to the extent that the Commonwealth provides reimbursement to the department; and

(g) The department has shown to the satisfaction of the commission that it has made reasonable attempts to secure reimbursement for its losses from the person responsible for the hazardous materials incident and has been unsuccessful in the effort.

(11)[~~(10)~~] If a volunteer fire department has met all of the requirements of subsection *(10)*[~~(9)~~] of this section, the commission may authorize a reimbursement of equipment losses not exceeding ten thousand dollars ($10,000) or the actual amount of the loss, whichever is less. ***For volunteer fire departments that are recipients of supplemental aid granted under subsection (3) of this section the commission may authorize a reimbursement of equipment losses not exceeding twelve thousand dollars ($12,000) or the actual amount of the loss, whichever is less.***

(12)[~~(11)~~] Moneys which have been withheld during any fiscal year which remain unexpended at the end of the fiscal year shall be distributed in the normal manner required by subsection (2) of this section during the following fiscal year.

(13)[~~(12)~~] No volunteer fire department may receive funding for equipment losses more than once during any fiscal year.

(14)[~~(13)~~] The commission shall make reasonable efforts to secure reimbursement from the responsible party for any moneys awarded to a fire department pursuant to this section.

(15)[~~(14)~~] There shall be allotted each year of the 1992-93 biennium one million dollars ($1,000,000), and each year of the 1994-95, 1996-97, 1998-99, and 2000-01 bienniums one million dollars ($1,000,000) of the insurance premium surcharge proceeds accruing to the Firefighters Foundation Program fund for the purpose of creating a revolving low-interest loan fund, which shall thereafter be self-sufficient and derive its operating revenues from principal and interest payments. The commission, in accordance with the procedures in subsection *(5)*[~~(4)~~] of this section, may make low-interest loans, and the interest thereon shall not exceed three percent (3%) annually or the amount needed to sustain operating expenses of the loan fund, whichever is less, to volunteer fire departments for the purposes of major equipment purchases and facility construction. Loans shall be made to departments which achieve the training standards necessary to qualify for volunteer fire department aid allotted pursuant to subsection (2) of this section, and which do not have other sources of funds at rates which are favorable given their financial resources. The proceeds of loan payments shall be returned to the loan fund for the purpose of providing future loans. If a department does not make scheduled loan payments, the commission may withhold any grants payable to the department pursuant to subsection (2) of this section until the department is current on its payments. Money in the low-interest loan fund shall be used only for the purposes specified in this subsection. Any funds remaining in the fund at the end of a fiscal year shall be carried forward to the next fiscal year for the purposes of the fund.

Section 6. KRS 311A.155 is amended to read as follows:

(1) There shall be an emergency medical services grant program to provide funding to each county for the direct operation of emergency medical services, including but not limited to purchase or lease of ambulances or equipment. ***The board shall grant funding preferences to counties that enter into valid interlocal agreements, in accordance with KRS 65.210 to 65.300, for the provision of emergency services across participating county boundaries.*** Funds available shall not be used to fund personnel or consultant salaries.

(3) The board shall administer the emergency medical services grant program and may promulgate administrative regulations, which shall include but not be limited to funding criteria necessary for its implementation and operation.

(4) Twenty percent (20%) of the funds received each fiscal year for the grant program may be withheld from general distribution and shall be distributed for emergency purposes only.

(5) Grants may be made each fiscal year to each county fiscal court determined to be eligible by the board for distribution to public ambulance services operated by or for the county. A county may keep funds appropriated to ***it***[~~them~~] for a period of two (2) years, if desired, for expenditure for authorized purposes. At the end of two (2) years from the date of the receipt of the grant, the county shall return any funds remaining unexpended to the emergency medical services grant fund. Each expenditure made by the fiscal court from grant funds provided to the county shall be documented, with appropriate receipts or other documents, and a copy of each receipt or other document shall be provided to the board to verify that the expenditure was proper. The board shall require reimbursement to the emergency medical services fund by the county, with interest at a rate of twenty percent (20%) annually, for any funds expended for an unauthorized purpose. If the county fails or refuses to reimburse the fund, the board shall notify the Attorney General, who shall seek appropriate civil and criminal remedies.

(6) The board shall, annually, by January 1, promulgate administrative regulations specifying items of equipment and other authorized expenditures for the upcoming fiscal year. No funds shall be provided to the county until after the start of the fiscal year.

(7) The board may, in the event of a documented situation which the board considers to be an emergency and beyond the

ability of the county to pay, provide emergency funding to the fiscal court for an ambulance or authorized equipment which has been damaged or destroyed. (2) Except in a county containing a consolidated local government, in lieu of appointing a separate local emergency management director for each jurisdiction, the county judge/executive of a county and mayors of cities or urban-county governments, or the chief executive of other local government located within the territorial boundaries of the same county may jointly appoint a single local emergency management director who meets all the qualifications criteria pursuant to KRS Chapters 39A to 39F. It is the policy of the Division of Emergency Management to encourage and support ***at the minimum*** the joint appointment of a single local director in each territorial county of the Commonwealth. ***The division shall encourage and support the establishment of voluntary, regional emergency service districts. The proceeds of loan payments shall be returned to the loan fund for the purpose of providing future loans. If a department does not make scheduled loan payments, the commission may withhold any grants payable to the department pursuant to subsection (2) of this section until the department is current on its payments. "Rural area" as used in this paragraph means that area of the county outside of cities, towns, and urban areas having a population of twenty-five hundred (2,500) or more and shown by the most recent decennial census of the United States Bureau of the Census.*

Participants in a valid multiyear interlocal agreement for the general provision of road and bridge construction, reconstruction, and maintenance services across county boundaries and not for the purpose of a single projection of road and bridge construction, reconstruction, and maintenance, shall be eligible for receipt of these funds for a period of four (4) years after the approval of the interlocal agreement. No county shall be eligible for receipt of these funds more than once. The cabinet shall disburse these funds to eligible counties in twelve (12) equal, monthly payments in a fiscal year. The department shall examine the cost of:

The commission shall examine a range of participation levels by county professional fire departments in a supplement program for the provision of fire protection services across county boundaries and indicate which level of participation the Commission on Fire Protection Personnel Standards and Education feels is the most likely level of participation in such a supplement program. The commission shall also provide a justification for its determination of the most likely level of participation. The commission shall project the costs of the varying levels of supplement and participation from Fiscal Year 2004-2005 through Fiscal Year 2007-2008. The commission shall project funds available to the Firefighters Foundation Program fund for Fiscal Year 2004-2005 through Fiscal Year 2007-2008 if at all possible, and match these proposed fund levels versus the levels of cost estimated for a supplement program for the provision of fire protection services across county boundaries. Lastly, the commission shall examine what, if any, insurance premium surcharge increases would be necessary to fund a supplement program for the provision of fire protection services across county boundaries, for a given level of participation in the program and a given level of supplemental pay. The Commission on Fire Protection Personnel Standards and Education shall submit its findings to the Legislative Research Commission by September 1, 2004.

(4) The allowance reserve fund shall be the fund from which shall be paid all retirement allowances and benefits provided under KRS 161.520 ***and***~~[,]~~ 161.525~~[, and 161.655]~~. In addition, whenever a change in the status of a member results in an obligation on this fund, there shall be transferred to this fund from the teachers' savings fund and the state accumulation fund, the amounts as may be held in those funds for the account or benefit of the member;

(5) The medical insurance fund shall consist of amounts accumulated for the purpose of providing benefits as provided in KRS 161.675. One and five tenths percent (1.5%) of the gross annual payroll of all members shall be deposited to this fund. One-half (1/2) of this amount shall derive from member contributions and one-half (1/2) from a state appropriation. The board of trustees may allocate the three and twenty-five hundredths percent (3.25%) of the total salaries of active members that the state appropriates annually as provided under KRS 161.550. ***In addition, the medical insurance fund shall be funded by the employer medical insurance fund stabilization contribution as set forth in Section 12 of this Act.*** The medical insurance fund shall receive all interest income from the investments of the fund. All claims for benefits under KRS 161.675 shall be paid from this fund. Any amounts not required to meet current costs shall be maintained as a reserve for these benefits;

(6) The guarantee fund shall be maintained to facilitate the crediting of uniform interest on the amounts of the other funds, except the expense fund, to finance operating expenses directly related to investment management services, and to provide a contingent fund out of which special requirements of any of the other funds may be covered. All income, interest, and dividends derived from the authorized deposits and investments shall be paid into the guarantee fund. Any funds received from gifts and bequests, which the board is hereby authorized to accept and expend without limitation in a manner either expressed by the donor or deemed to be in the best interest of the membership, shall be credited to the guarantee fund. Any funds transferred from the teachers' savings fund by reason of lack of claimant or because of a surplus in any fund and any

other moneys whose disposition is not otherwise provided for, shall also be credited to the guarantee fund. The interest allowed by the board of trustees to each of the other funds shall be paid to these funds from the guarantee fund. Any deficit occurring in any fund that would not be automatically covered shall be met by the payments from the guarantee fund to that fund. The board of trustees may, at any time during a fiscal year, transfer from the guarantee fund to the medical insurance fund an amount not to exceed four percent (4%) of the income earned from investments during the immediate past year;

(7) The school employee annuity fund shall consist of those funds voluntarily contributed under the provisions of section 403(b) of the Internal Revenue Code by a retired member of the Teachers' Retirement System with accounts that existed on or after July 1, 1996. The contributions shall not be picked up as provided in KRS 161.540(2). Separate member accounts shall be maintained for each member. The board of trustees may promulgate administrative regulations pursuant to KRS Chapter 13A to manage this program;

(8) The supplemental retirement benefit fund shall consist of those funds contributed by the employer for the purpose of constituting a qualified government excess benefit plan as described in Section 415 of the Internal Revenue Code for accounts that existed on or after July 1, 1996. The board of trustees may promulgate administrative regulations pursuant to KRS Chapter 13A to administer this program; ***and***

(9)[~~The defined contribution fund shall consist of those funds contributed by retired members who have been approved by the retirement system for full-time reemployment in a position covered by the retirement system and contributions made by the employer for the purpose of providing separate retirement allowances for periods of reemployment. The contributions shall not be picked up as provided in KRS 161.540(2); and~~

~~(10)~~] The life insurance benefit fund shall consist of amounts accumulated for the purpose of providing benefits provided under KRS 161.655. The board of trustees may allocate to this fund a percentage of the employer and state contributions as provided under KRS 161.550. The allocation to this fund will be in an amount that the actuary determines necessary to fund the obligation of providing the benefits provided under KRS 161.655.

Section 5. KRS 161.430 is amended to read as follows:

(1) The board of trustees shall be the trustee of the funds of the retirement system and shall have full power and responsibility for the purchase, sale, exchange, transfer, or other disposition of the investments and moneys of the retirement system. The board shall, by administrative regulation, establish investment policies and procedures to carry out their responsibilities. The board shall employ experienced competent investment counselors to advise it on all matters pertaining to investment, except the board may employ qualified investment personnel to advise it on investment matters not to exceed fifty percent (50%) of the book value of the system's assets. All individuals associated with the investment and management of retirement system assets, whether contracted investment advisors or staff employees, shall adhere to "The Code of Ethics" and "The Standards of Professional Conduct" promulgated by the Association for Investment Management and Research. Effective July 1, 1991, no investment counselor shall manage more than forty percent (40%) of the funds of the retirement system. The board may appoint an investment committee consisting of the executive secretary and two (2) trustees to act for the board in all matters of investment, subject to the approval of the board of trustees. The board of trustees, in keeping with their responsibilities as trustees and wherever consistent with their fiduciary responsibilities, shall give priority to the investment of funds in obligations calculated to improve the industrial development and enhance the economic welfare of the Commonwealth. Toward this end, the board shall develop procedures for informing the business community of the potential for in-state investments by the retirement fund, accepting and evaluating applications for the in-state investment of funds, and working with members of the business community in executing in-state investments which are consistent with the board's fiduciary responsibilities. The board shall include in the criteria it uses to evaluate in-state investments their potential for creating new employment opportunities and adding to the total job pool in Kentucky. The board may cooperate with the board of trustees of Kentucky Retirement Systems in developing its program and procedures, and shall report to the Legislative Research Commission annually on its progress in placing in-state investments. The first report shall be submitted by October 1, 1991, and subsequent reports shall be submitted by October 1 of each year thereafter. The report shall include the number of applications for in-state investment received, the nature of the investments proposed, the amount requested, the amount invested, and the percentage of applications which resulted in investments.

(2) The board members and investment counselor shall discharge their duties with respect to the assets of the system solely in the interests of the active contributing members and annuitants and:

(a) For the exclusive purpose of providing benefits to members and annuitants and defraying reasonable expenses of administering the system;

(b) With the care, skill, prudence, and diligence under the circumstances then prevailing that a prudent ***person***[~~man~~] acting in a like capacity and familiar with these matters would use in the conduct of an enterprise of a like character and with like aims;

(c) By diversifying the investments of the plan so as to minimize the risk of large losses, unless under the circumstances it is clearly prudent not to do so; and

(d) In accordance with the laws, administrative regulations, and other instruments governing the system.

(3) (a) In choosing and contracting for professional investment management services the board must do so prudently and in the interest of the members and annuitants. Any contract that the board makes with an investment counselor shall set forth policies and guidelines of the board with reference to standard rating services and specific criteria for determining the quality of investments. Expenses directly related to investment management services shall be financed from the guarantee fund in amounts approved by the board.

(b) An investment counselor appointed under this section shall acknowledge in writing his fiduciary responsibilities to the fund. To be eligible for appointment, an investment counselor must be:

1. Registered under the Federal Investment Advisors Act of 1940; or

2. A bank as defined by that Act; or

3. An insurance company qualified to perform investment services under the laws of more than one (1) state.

(4) No investment or disbursement of funds shall be made unless authorized by the board of trustees, except that the board, in order to ensure timely market transactions, shall establish investment guidelines, by administrative regulation, and may permit its staff and investment counselors employed pursuant to this section to execute purchases and sales of investment instruments within those guidelines without prior board approval.

Section 6. KRS 161.480 is amended to read as follows:

Each person, upon becoming a member of the retirement system, shall file a detailed statement as required by the board of trustees and shall designate a primary beneficiary ***or two (2) or more co-beneficiaries*** to receive any benefits accruing from the death of the member. A contingent beneficiary may be designated in addition to the primary beneficiary ***or co-beneficiaries. The member may name more than one (1) contingent beneficiary***. Any beneficiary designation made by the member shall remain in effect until changed by the member on forms prescribed by the Kentucky Teachers' Retirement System, except in the event of subsequent marriage or divorce. Subsequent marriage by the member shall void the primary beneficiary ***and any co-beneficiary*** designation and the spouse of the member at death shall be considered as the primary beneficiary, unless the member subsequent to marriage designates another beneficiary. A final divorce decree shall terminate an ex-spouse's status as either primary ***beneficiary, co-beneficiary,*** or contingent beneficiary, unless subsequent to divorce the member redesignates the former spouse as primary ***beneficiary, co-beneficiary,*** or contingent beneficiary. To the extent permitted by the Internal Revenue Code, a trust may be designated as beneficiary for receipt of a member's contributions to the retirement system as provided under KRS 161.470(7)[~~ and 161.650, and for receipt of the life insurance benefit provided under KRS 161.655~~]. ***A final divorce decree shall not terminate the designation of a trust as beneficiary regardless of who is designated as beneficiary of the trust.*** The provisions of this section shall be retroactive as they relate to election of beneficiaries by members still in active status on the effective date of this section. ***The provisions of this section shall not apply to any account from which a member is drawing a retirement allowance or to the life insurance benefit available under Section 23 of this Act.***

Section 7. KRS 161.507 is amended to read as follows:

(1) An active contributing member of the Teachers' Retirement System may receive service credit for active service rendered in the uniformed services of the Armed Forces of the United States, including the commissioned corps of the Public Health Service, subject to the provisions of the Uniformed Services Employment and Reemployment Rights Act of 1994 and to administrative regulations promulgated by the board of trustees. Military service includes service in the uniformed services that occurs before the employment of a member in a position covered by the retirement system or where a member leaves covered employment without giving advance written or verbal notice of performing duty in the uniformed services. Service in the uniformed services also includes uniformed service that occurs after employment in a position covered by the retirement system where the member has given advance written or verbal notice of performing duty in the uniformed services and the member returns directly from uniformed services to covered employment. Military service may be credited only if discharge was honorable or was not terminated upon the occurrence of any of the events listed in 38 U.S.C. sec. 4304. Service shall be considered as Kentucky teaching service, except that service may not be used for meeting the service requirements set forth in KRS 161.600(1)(a) or 161.661(1) unless the service occurred after the member gave written or verbal notice of performing duty in the uniformed services and the member returned directly from uniformed services to covered employment. A maximum of six (6) years of military service may be credited, but in no case a greater number of years than the actual years of contributing service in Kentucky.

(2) No credit shall be granted for military service which has been or will be used in qualifying for annuity benefit payments from another retirement system financed wholly or in part by public funds.

(3) A member having twenty (20) years or more of active duty in the military service, and who is qualified for regular federal retirement benefits based on this military service, may not receive credit for any military service in the Teachers' Retirement System. This subsection shall apply to service presented for credit on July 1, 1975, and after this date.

(4) (a) A member receiving retirement credit for active duty in the armed services of the United States prior to employment in a position covered by the retirement system or where the member leaves covered employment without giving advance written or verbal notice of performing duty in the uniformed services shall pay to the retirement system the full actuarial cost of the service credit purchased as provided under KRS 161.220(22).[~~ Two percent (2%) of the required payment shall be allocated to the medical insurance fund.~~] These contributions shall not be picked up, as described in KRS 161.540(2). In purchasing retirement credit for active duty in the armed services, the latest years of service shall be considered first in allowing credit toward retirement. The board of

trustees shall adopt a table of actuarial factors to be used in calculating the amount of contribution required for crediting this service.

(b) If military service occurred after the member gave written or verbal notice of performing duty in the uniformed services and the member returns directly from uniformed services to covered employment, the member shall contribute the regular member contribution required by KRS 161.540. The member may make the payment of delayed contributions in a lump sum payment or in installments not to exceed five (5) years beginning with the member's date of reemployment. Interest at the rate of eight percent (8%) per annum shall be charged for delayed contributions beginning with the member's date of reemployment until paid.

(5) An active contributing member of the Teachers' Retirement System may receive service credit for service in the military reserves of the United States or the National Guard. The member may purchase one (1) month of service for each six (6) months of service in the reserves or the National Guard. Notwithstanding any other statute, regulation, or policy to the contrary, the system shall provide a member, upon request, the estimated actuarial cost of the National Guard or military reserves service purchase based upon the information available at the time of the request. The member shall be entitled to enter into a contract with the system at the time of the request to purchase the National Guard or military reserve service by paying to the system the estimated actuarial cost, either by installments or in lump sum. The member shall pay the full actuarial cost of this service in the military reserves or the National Guard as provided in KRS 161.220(22). Service in the military reserves or the National Guard shall be treated as service earned prior to participation in the system and shall not be used for meeting the service requirements set forth in KRS 161.600(1)(a) or 161.661(1). The payment shall not be picked up by the employer, as described in KRS 161.540(2).

Section 8. KRS 161.515 is amended to read as follows:

(1) For the purposes of this section, "out-of-state service" shall mean service in any state in a comparable position ***on a full-time basis***, which would be covered if in Kentucky.

(2) (a) An active contributing member who has been a contributing member of the retirement system for at least one (1) full scholastic year subsequent to the latest out-of-state service, may present for credit service rendered out of state, not to exceed ten (10) years actually taught as a certified or licensed teacher. With the exception of university faculty members, all members who elect to purchase this service shall pay to the retirement system an amount equal to the current member contribution rate based on the first Kentucky salary of the member subsequent to the out-of-state service, provided this service was rendered after June 30, 1983. In the event this service was rendered prior to July 1, 1983, the contribution rate shall be seven and eighty-four hundredths percent (7.84%). University faculty members shall pay on a contribution rate of seven and eighty-four hundredths percent (7.84%) based on the first Kentucky salary subsequent to the out-of-state service, regardless of when the service was rendered. Members shall pay to the retirement system the employer contribution at the rates set forth in KRS 161.550. In addition, all members shall pay interest on the contributions for this service at a rate to be set by the board of trustees on each annual contribution from the last day of the scholastic year in which the service was rendered to date of payment to the retirement system. The payments shall not be picked up as described in KRS 161.540(2). For each year of which the retirement system shall accept the contribution and interest, one (1) year of service credit shall be given. This credit may not be used to meet the service requirements of KRS 161.525, 161.600, or 161.661, except as provided in subsection (2)(c) of this section. No credit shall be granted for service which has been or will be used in qualifying for annuity benefit payments from another retirement system financed wholly or in part by public funds;

(b) A member of the retirement system having teaching service in the elementary or secondary schools operated by the United States overseas or in this country, or in a public college or university in Kentucky, not included in the Teachers' Retirement System of the State of Kentucky, may present this service for credit in the retirement system on the same basis as provided above for out-of-state service credit; however, no service may be presented which shall be used as a basis for retirement benefits in any program supported wholly or in part by a public institution or governmental agency. This service when added to service credited under subsection (2)(a) of this section shall not exceed a total of ten (10) years' service credit; and

(c) A member having service referred to in subsection (2)(a) or (2)(b) of this section may elect to use this service for meeting the requirements of KRS 161.600(1)(c) by making an additional contribution to the state accumulation fund equal to a member contribution rate of eight percent (8%) for each year so used. These payments shall not be picked up as described in KRS 161.540(2). The salary base to be used in determining this additional contribution shall be the final average salary which is used in calculating the member's regular retirement annuity.

(3) Members entering the Teachers' Retirement System for the first time, July 1, 1976, and after this date, shall not receive credit for service defined in subsections (2)(a) or (2)(b) of this section in excess of one (1) year of credit for each two (2) years of Kentucky service in a covered position or ten (10) years, whichever is the lesser number.

(4) A member, having completed service as a volunteer in the Kentucky Peace Corps created by KRS 154.01-720, may purchase service credit for the time served in the corps on the same basis as provided in this section for the purchase of out-of-state service credit. A member, having completed service as a federal Peace Corps volunteer, may purchase up to two (2) years of service credit for time served in the Peace Corps on the same basis as provided in this section for the purchase of out-of-state service credit.

(5) Notwithstanding any other provisions of this section to the contrary, purchase of service credit for out-of-state teaching, Kentucky Peace Corps, and federal Peace Corps service on July 1, 2005, or thereafter shall be purchasable only at full actuarial cost.

Section 9. KRS 161.520 is amended to read as follows:

Upon the death of an active contributing member or upon the death of a member retired for disability, except as provided in KRS 161.661(6), the survivors of the deceased member in the following named order, may elect to receive a survivor's benefit payable as follows:

(1) Where there is a surviving widow or widower who is named as ***the primary*** beneficiary of the member's retirement account, the benefit shall be:

(a) One hundred eighty dollars ($180) per month with no restriction on other income;

(b) Two hundred forty dollars ($240) per month when the surviving widow or widower's total income from all sources does not exceed six thousand six hundred dollars ($6,600) per year or five hundred fifty dollars ($550) per month; or

(c) If the deceased member has a minimum of ten (10) years of service credit with the Teachers' Retirement System, the surviving widow or widower may apply for an annuity actuarially equivalent to the annuity that would have been paid to the deceased member when eligibility conditions were met. Eligibility for payments would begin at the time the age of the deceased member would have met the requirements of KRS 161.600(1). In exercising this right, the surviving widow or widower shall be entitled to receive an annuity for life, except as provided in subsection (6) of this section. This subsection applies to surviving spouses of members who die on or after July 1, 1978. A surviving widow or widower of a member who dies after July 1, 1978, shall be eligible for benefit payments provided under paragraphs (a) and (b) of this subsection until they begin receiving payments under this provision.

(2) Where there are surviving unmarried children under age eighteen (18) or under age nineteen (19) if a full-time student in high school, the benefit shall be two hundred dollars ($200) per month in the case of one (1) child, three hundred forty dollars ($340) per month in the case of two (2) children, four hundred dollars ($400) per month in the case of three (3) children, and four hundred forty dollars ($440) per month in the case of four (4) or more children. Benefits under this subsection shall apply in addition to benefits which may be payable under subsections (1) and (3) of this section.

(3) Where the survivor is a child age eighteen (18) or older whose mental or physical condition is sufficient to cause his dependency on the deceased member at the time of the member's death, the benefit shall be two hundred dollars ($200) per month, payable for the life of the child or until the time as the mental or physical condition creating the dependency no longer exists or the child marries. Benefits under this subsection and subsection (2) of this section shall apply to legally adopted survivors provided the proceedings for the adoption were initiated at least one (1) year prior to the death of the member. The mental or physical condition of the adult child shall be revealed by a competent examination by a licensed physician and shall be approved by a majority of a medical review committee as defined in KRS 161.661(13). Benefits under this subsection shall apply in addition to benefits which may be payable under subsections (1) and (2) of this section.

(4) Where the sole eligible survivors are dependent parents aged sixty-five (65) or over, the benefit shall be two hundred dollars ($200) per month for one (1) parent or two hundred ninety dollars ($290) per month for two (2) parents. Dependency of a parent shall be established as of the date of the death of the member.

(5) Where the sole eligible survivor is a dependent brother or sister, the benefit shall be one hundred sixty five dollars ($165) per month. In order to qualify the brother or sister must have been a resident of the deceased member's household for at least one (1) full year prior to the member's death or must have been receiving care in a hospital, nursing home, or other institution at the member's expense for same period.

(6) The benefit to a child as defined in subsection (2) of this section shall terminate upon the attainment of age eighteen (18) or upon reaching age nineteen (19), if a full-time student in high school, or upon marriage, except that benefits shall continue until the attainment of age twenty-three (23) for an unmarried child who is a full-time student in a recognized educational program beyond the high school level. The benefit to a widow, widower, dependent parent, or dependent brother or sister or dependent child age eighteen (18) or older shall terminate upon marriage, or upon termination of the condition creating the dependency.

(7) The board of trustees shall be the sole judge of eligibility or dependency of any beneficiary, and may require formal application or information relating to eligibility or dependency, including proof of annual income satisfactory to the board. The board of trustees may subpoena records and individuals whenever it deems this action necessary.

(8) No payment of benefits shall be made unless the board of trustees authorizes the payment. The board shall promulgate administrative regulations for the administration of the provisions in this section and in every case the decision of the board of trustees shall be final as to eligibility, dependency, or disability, and the amount of benefits payable.

(9) In the event that there are no eligible survivors as defined in subsections (1) to (5) of this section, the board of trustees shall pay to the estate or assigns of the deceased member a refund of his accumulated contributions as provided in KRS 161.470(7). If the benefits paid or payable under subsections (1) to (5) of this section and KRS 161.661 shall amount to a sum less than the member's accumulated contributions at the time of death, the board of trustees shall pay to the estate or

assigns of the deceased member the balance of the accumulated contributions.

(10) Any person who is receiving benefits and becomes disqualified from receiving those benefits under this section shall immediately notify the Teachers' Retirement System of this disqualification in writing and shall return all benefits paid after the date of disqualification. Failure to comply with these provisions shall create an indebtedness of that person to the Teachers' Retirement System. Interest at the rate of eight percent (8%) per annum shall be charged if the debt is not repaid within sixty (60) days after the date of disqualification. Failure to repay this debt creates a lien in favor of the Teachers' Retirement System upon all property of the person who improperly receives benefits and does not repay those benefits.

Section 10. KRS 161.525 is amended to read as follows:

(1) Upon death of a member in active contributing status at the time of death, who was eligible to retire by reason of service, the spouse, if named as ***the primary*** beneficiary of the member's retirement account, or in the absence of an eligible spouse a legal dependent of the member, if named as ***the primary*** beneficiary, shall be entitled to elect, in lieu of a refund of the member's account or benefits provided in KRS 161.520, an annuity actuarially equivalent at the attained age of the beneficiary to the annuity that would have been paid to the deceased member had retirement been effective on the day immediately preceding the member's death. Under the provisions of KRS 61.680, benefits shall be processed as if the member retired for service. In exercising this right the spouse or legal dependent shall be limited to selecting an option providing either a straight life annuity with refundable balance or a term certain option. A spouse may receive the annuity provided by this section at the same time as children are qualifying for survivors' benefits under the provisions of KRS 161.520; however, a legal dependent, other than a spouse, may not receive these payments if children have qualified for benefits under that section.

(2) A spouse[~~ or legal dependent~~] qualifying for an annuity under subsection (1) of this section may defer the payments in order to reduce the actuarial discounts to be applied due to age.

(3) Upon death of a member in active contributing status at the time of his death, who had a minimum of twenty-seven (27) years of service, the spouse, if named as the ***primary*** beneficiary of the member's account shall be entitled to a monthly minimum allowance of three hundred dollars ($300) as the basic straight life annuity. This provision applies to surviving spouses of members who were receiving benefit payments under KRS 161.520 as of June 30, 1986, and to surviving spouses of members who die on or after July 1, 1986.

Section 11. KRS 161.545 is amended to read as follows:

(1) Members may make contributions and receive service credit for substitute, part-time, or any service other than regular full-time teaching as provided in the administrative regulations of the board of trustees if contributions were not otherwise made as a result of the service. Members placed on leave of absence may make contributions and receive service credit for this leave only if contributions are made by the end of the fiscal year next succeeding the year in which the leave was effective as provided in administrative regulations promulgated by the board of trustees. Contributions permitted after August 1, 1982, shall not be picked-up pursuant to KRS 161.540(2).

(2) Active contributing members of the Teachers' Retirement System, or former members who are currently participating in a state-administered retirement system, who were granted leaves of absence since July 1, 1964, for reasons of health ***as defined under the Federal Family Medical Leave Act of 1993, 29 U.S.C. secs. 2601 et seq.***, child rearing, or to improve their educational qualifications, and did not qualify at the time of the leave of absence to make contributions to the retirement system for the leave of absence as provided in subsection (1) of this section, may obtain credit for the leave of absence under the following conditions:

  (a) The leave of absence shall be verified by a copy of the board of education minutes which granted the leave of absence ***or by other documentation that was generated contemporaneously with the leave that is determined by the retirement system to reasonably establish that a leave of absence was granted***; and

  (b) The member shall contribute the required percentage based on the salary received for the year immediately preceding the leave of absence plus interest at the rate of eight percent (8%) compounded annually from the beginning of the school year following the year of the leave of absence, and by depositing in the state accumulation fund an amount equal to this total.

  (c) The member shall receive credit for no more than two (2) years under the provisions of this subsection.

(3) Contributions permitted under this section after August 1, 1982, shall not be picked-up pursuant to KRS 161.540(2).

Section 12. KRS 161.550 is amended to read as follows:

(1) Beginning with July 1, each employer, except as provided under KRS 161.555, shall contribute annually to the retirement system a permanent amount equal to that contributed by members of the retirement system it employs plus an additional three and one-fourths percent (3.25%) of the total of salaries of members of the retirement system it employs to discharge the system's unfunded obligations with interest assumed by the state and to provide funding to the medical insurance fund as provided under KRS 161.420(5).

(2) In addition to the required contributions in subsection (1) of this section, the state shall contribute annually to the retirement system a percentage of the total salaries of the state-funded and federally funded members it employs to provide stabilization funding for the medical insurance fund. This contribution shall be known as the state medical insurance fund stabilization contribution. The percentage to be contributed by the state shall be determined by the

retirement system's actuary for each biennial budget period. The percentage to be contributed by the state may be suspended or adjusted by the General Assembly if in its judgment the welfare of the Commonwealth so demands.

(3) Each employer shall remit the required employer contributions to the retirement system under the terms and conditions specified for member contributions under KRS 161.560. The state shall provide annual appropriations based upon estimated funds needed to meet the requirements of KRS 161.155; 161.507(4); 161.515; 161.545; 161.553; 161.605; 161.612; and 161.620(1), (3), (5), (6), and (7). In the event an annual appropriation is less than the amount of these requirements, the state shall make up the deficit in the next biennium budget appropriation to the retirement system. Employer contributions to the retirement system are for the exclusive purpose of providing benefits to members and annuitants and these contributions shall be considered deferred compensation to the members.

Section 13. KRS 161.553 is amended to read as follows:

(1) The cost of providing statutory benefit improvements for annuitants may be funded by annual appropriations from the state on an actuarial amortized basis over the lifetime of the annuitants. The schedules in subsections (1)(a), (1)(b), and (1)(c) of this section are the annual appropriations which shall be made by the state for benefit improvements approved in the respective fiscal years or bienniums prior to July 1, ***2006***~~[2004]~~:

Section 14. KRS 161.597 is amended to read as follows:

(1) A member in active contributing status may purchase any service credit which the member is authorized to purchase by making installment payments in lieu of a lump-sum payment.

(2) To initiate an installment payment plan, a member shall make a written request to the retirement system for an estimate to purchase service credit by making installment payments.

(3) To qualify for installment payments, the ***total cost of the service purchase, including any chargeable interest,***[~~member contribution plus interest of eight percent (8%) per annum~~] shall exceed one thousand dollars ($1,000).

(4)[~~A member may select the service credit to be purchased by installment payments and that service credit shall be purchased before any other credit may be purchased by installment payments.~~

~~(5)~~] Installment payments shall be at least fifty dollars ($50) per month and shall be made for a period of time which is not less than twelve (12) months nor more than sixty (60) months. ***Interest at eight percent (8%) per annum, unless the board specifies in an administrative regulation a different interest rate, shall be charged on all installment payment purchases of service credit that are purchasable at less than full actuarial cost.***

(5)[~~(6)~~] Installment payments shall be made on a monthly basis by payroll deduction or electronic fund transfer and forwarded separately to the Teachers' Retirement System on forms or by computer format not later than fifteen (15) days following the end of each month. The payments shall be considered accumulated contributions and shall not be picked up as provided in KRS 161.560***, except that subject to approval by the Internal Revenue Service and only as permitted by the Internal Revenue Code, installment payments by payroll deduction shall be made on a tax-deferred basis***.

(6)[~~(7)~~] A member may elect to terminate payroll deductions at any time and purchase the remaining service credit by lump-sum payment. A member on a leave of absence may make personal installment payments. Termination of employment in a covered position shall terminate installment payments. If the member is later employed by a different employer in a covered position, the member may request a new estimate and reinstate installment payments. A member that misses two (2) consecutive installment payments shall be in default. A member in default shall receive service credit on a pro rata basis for the total amount of contributions made by installment payments. A member in default may not reinstate installment payments for twelve (12) months from the date the member was in default.

(7)[~~(8)~~] If a member dies before completing scheduled installment payments, the named beneficiary of the member's retirement account may pay the remaining balance due by a lump-sum payment within thirty (30) days of the death of the member.

Section 15. KRS 161.600 is amended to read as follows:

(1) Effective July 1, 1988, a member of the retirement system may qualify for service retirement by meeting one (1) of the following requirements:

(a) Attainment of age sixty (60) years and completion of five (5) years of Kentucky service;

(b) Attainment of age fifty-five (55) years and completion of a minimum of five (5) years of Kentucky service with an actuarial reduction of the basic allowance of five percent (5%) for each year the member's age is less than sixty (60) years or for each year the member's years of Kentucky service credit is less than twenty-seven (27), whichever is the lesser number;[~~ or~~]

(c) Completion of twenty-seven (27) years of Kentucky service. Out-of-state service earned in accordance with the provisions of KRS 161.515(2) may be used to meet this requirement***; or***

(d) Completion of the necessary years of service under provisions of KRS 61.559(2)(c) if the member is retiring under the reciprocity provisions of KRS 61.680. A member retiring under this paragraph who has not attained age fifty-five (55) shall incur an actuarial reduction of the basic allowance determined by the system's actuary for each year the member's service credit is less than twenty-seven (27).

(2) Any person who has been a member in Kentucky for twenty-seven (27) years or more and who withdraws from covered employment may continue to pay into the fund each year until the end of the fiscal year in which he reaches the age of sixty-five (65) years, the current contribution rate based on the annual compensation received during the member's last full year in covered employment, less any payment received for accrued sick leave or accrued leave from an employer. The member shall be entitled to receive a retirement allowance as provided in KRS 161.620 at any time after withdrawing from covered employment and payment of contributions under this subsection. No member shall make contributions as provided for in this subsection if the member is at the same time making contributions to another retirement system in Kentucky supported wholly or in part by public funds.

(3) Service credit in the Kentucky Employees Retirement System, the State Police Retirement System, the Legislators' Retirement Plan, the County Employees Retirement System, or the Judicial Retirement System may be used in meeting the service requirements of subsection (1)(a), (b), and (c) of this section, provided the service is subsequent to July 1, 1956. Upon death, disability, or service retirement, a member's accounts under all state supported retirement systems shall be consolidated, as provided by this section and by KRS 61.680, for the purpose of determining eligibility and amount of benefits, which shall include medical benefits. Upon determination of benefits, each system shall pay the applicable percentage of total benefits. The effective date of retirement under this subsection shall be determined by each retirement system for the portion of the payments that will be made.

(4) No retirement annuity shall be effective until written application and option election forms are filed with the retirement office in accordance with administrative regulations of the board of trustees.

(5) The surviving spouse of an active contributing member, if named as beneficiary of the member's account, may purchase retirement credit that the member was eligible to purchase prior to the member's death.

Section 16. KRS 161.605 is amended to read as follows:

Any member retired by reason of service may return to work in a position covered by the Kentucky Teachers' Retirement System and continue to receive his or her retirement allowance under the following conditions:

(1) Any member who is retired with thirty (30) or more years of service may return to work in a full-time or a part-time position covered by the Kentucky Teachers' Retirement System and earn up to a maximum of seventy-five percent (75%) of the member's last annual compensation measured on a daily rate to be determined by the board of trustees. For purposes of determining whether the salary of a member returning to work is seventy-five percent (75%) or less of the member's last annual compensation, all remuneration paid and benefits provided to the member, on an actual dollar or fair market value basis as determined by the retirement system, shall be considered. Members who were retired on or before June 30, 2002, shall be entitled to return to work under the provisions of this section as if they had retired with thirty (30) years of service. Service credit purchased under the provisions of KRS 161.5465 may not be used to meet the thirty (30) year requirement set forth in this subsection.

(2) Any member who is retired with less than thirty (30) years of service after June 30, 2002, may return to work in a full-time or part-time position covered by the Kentucky Teachers' Retirement System and earn up to a maximum of sixty-five percent (65%) of the member's last annual compensation measured on a daily rate to be determined by the board of trustees. For purposes of determining whether the salary of a member returning to work is sixty-five percent (65%) or less of the member's last annual compensation, all remuneration paid and benefits provided to the member, on an actual dollar or fair market value basis as determined by the retirement system, shall be considered.

(3) Reemployment of a retired member under subsection (1) or (2) of this section in a full-time teaching or nonteaching position in a local school district shall be permitted only if the employer certifies to the Kentucky Teachers' Retirement System that there are no other qualified applicants available to fill the teaching or nonteaching position. The employer may

use any source considered reliable including but not limited to data provided by the Education Professional Standards Board and the Department of Education to determine whether other qualified applicants are available to fill the teaching or nonteaching position. The Kentucky Board of Education shall promulgate administrative regulations to establish procedures to determine whether other qualified applicants are available to fill a teaching or nonteaching position and, if not, for filling the position with a retired member who will then be permitted to return to work in that position under subsection (1) or (2) of this section. The administrative regulations shall assure that a retired member shall not be hired in a teaching or nonteaching position by a local school district until the superintendent of the school district assures the Kentucky Teachers' Retirement System that every reasonable effort has been made to recruit other qualified applicants for the position on an annual basis.

(4) Under this section, an employer may employ full-time a number of retired members not to exceed ***three percent (3%)***[~~four percent (4%)~~] of the membership actively employed full-time by that employer. The board of trustees may reduce this ***three percent (3%)***[~~four percent (4%)~~] cap upon recommendation of the retirement system's actuary if a reduction is necessary to maintain the actuarial soundness of the retirement system. The board of trustees may increase the ***three percent (3%)***[~~four percent (4%)~~] cap upon a determination that an increase is warranted to help address a shortage in the number of available teachers and upon the determination of the retirement system's actuary that the proposed cap increase allows the actuarial soundness of the retirement system to be maintained. For purposes of this subsection, "full-time" means the same as defined by KRS 161.220(21). A local school district may exceed the quota established by this subsection by making an annual written request to the Kentucky Department of Education which the department may approve on a year-by-year basis if the statewide quota has not been met. ***A district's written request to exceed its quota shall be submitted no sooner than two (2) weeks after the start of the school year.***

(5) A member returning to work in a full-time or part-time position under subsection (1) or (2) of this section will ***contribute to an***[~~establish a second~~] account with the retirement system that will be administered independently from and with no reciprocal impact with the member's original retirement account. A member returning to work under subsection (1) or (2) of this section shall make contributions to the retirement system at the rate provided under KRS 161.540. The second account shall independently meet the five (5) year vesting requirement as well as all other conditions set forth in KRS 161.600(1) before any retirement allowance is payable from this account. The retirement allowance accruing under this second account shall be calculated pursuant to KRS 161.620(1)(b). This second account shall not entitle the member to a duplication of the benefits offered under KRS 161.655***, Section 19(7) of this Act,*** or 161.675, nor shall this second account provide the benefits offered by KRS 161.520, 161.525, 161.661, or 161.663. A member returning to work under subsection (1) or (2) of this section shall waive his or her medical insurance with the Kentucky Teachers' Retirement System during the period of reemployment and shall receive the medical insurance coverage that is generally provided by the member's active employer to the other members of the retirement system that the active employer employs. If medical insurance coverage is not available from the employer, the Kentucky Teachers' Retirement System may provide coverage for the member. A member returning to work under subsection (1) or (2) of this section shall not be eligible to purchase service credit for any service provided after the member's effective date of retirement but prior to the date that the member returns to work. A member returning to work under subsection (1) or (2) of this section shall not be eligible to purchase service credit that the member would have otherwise been eligible to purchase prior to the member's initial retirement. A member who returns to work under subsection (1) or (2) of this section, or in the event of the death of the member, the member's estate or applicably designated beneficiary, shall be entitled, within ninety (90) days of the posting of the annual report submitted by the employer, to a refund of contributions as permitted and limited by KRS 161.470.

(6) The board of trustees may annually ***on July 1*** adjust the ***current*** daily rate of a member's last annual compensation, for each[~~ year that the member has been retired for a~~] full twelve (12) month period ***that has elapsed subsequent to the member earning his or her last annual compensation***, by the percentage increase in the annual average of the consumer price index for all urban consumers for the calendar year preceding the adjustment as published by the Federal Bureau of Labor Statistics, not to exceed five percent (5%) annually. ***Each annual adjustment shall become part of the member's daily rate base.*** Failure to comply with the salary limitations set forth in subsections (1) and (2) of this section as may be adjusted by this subsection shall result in a reduction of the member's retirement allowance or any other benefit to which the member would otherwise be entitled on a dollar-for-dollar basis for each dollar that the member exceeds these salary limitations.

(7) ***(a)*** A retired member returning to work under subsection (1) or (2) of this section shall have separated from service for a period of at least one (1) year if returning to work for the same employer on a full-time basis, and at least three (3) months if returning to work for a different employer on a full-time basis. A retired member returning to work under subsection (1) or (2) of this section on a part-time basis shall have separated from service for a period of at least three (3) months before returning to work for any employer.

(b) As an alternative to the separation-from-service requirements in paragraph (a) of this subsection, a retired member who is returning to work for the same employer in a full-time position under subsections (1) and (2) of this section may elect a separation-from-service of not less than two (2) months followed by a forfeiture of the retired member's retirement allowance on a month-to-month basis for each month that the member has separated from service for less than twelve (12) full months. A retired member returning to work for the same employer in a part-time position, or for a different employer in a full-time position, may elect an alternative separation-from-service requirement of at least two (2) months followed by a forfeiture of the member's

retirement allowance for one (1) month. During the period that the member forfeits his or her retirement allowance and thereafter, member and employer contributions shall be made to the retirement system as a result of employment in any position subject to membership in the retirement system. The member shall contribute to an account with the retirement system subject to the conditions set forth in subsection (5) of this section. For purposes of measuring the separation-from-service requirements set forth throughout this section, a member's separation-from-service begins on the first day following the last day of paid employment for the member prior to retirement.

(c) Failure to comply with *the*[~~these~~] separation-from-service requirements *in this subsection* voids a member's retirement and the member shall be required to return all the retirement benefits he or she received, with interest, for the period of time that the member returned to work without a sufficient separation from service.

(8) *(a) Effective July 1, 2004, local school districts may employ retired members in full-time or part-time teaching or administrative positions without limitation on the compensation of the retired members that is otherwise required by subsections (1) and (2) of this section. Under provisions of this subsection, a local school district may only employ retired members to fill critical shortage positions for which there are no other qualified applicants as determined by the local superintendent. The number of retired members that a local school district may employ under this subsection shall be no more than two (2) members per local school district or one percent (1%) of the total active members employed by the local school district on a full-time basis as defined under Section 1(21) of this Act, whichever number is greater. Retired members returning to work under this subsection shall be subject to the separation-from-service requirements set forth in subsection (7) of this section. Retired members returning to work under this subsection shall waive their medical insurance coverage with the retirement system during their period of reemployment and receive medical insurance coverage that is offered to other full-time members employed by the local school district. Retired members returning to work under this subsection shall contribute to an account subject to the conditions set forth in subsection (5) of this section. Retired members returning to work under this subsection shall make contributions to the retirement system at the rate provided under KRS 161.540. The employer shall make contributions at the rate provided under Section 12 of this Act. Local school districts shall make annual payments to the retirement system on the compensation paid to the reemployed retirees at the rates determined by the retirement system's actuary that reflect any accrued liability resulting from the reemployment of these members.*

(b) The Department of Education may employ retired members in full-time or part-time teaching positions without the limitations on compensation otherwise required by subsections (1) and (2) of this section to fill critical shortage areas in the schools it operates, including the Kentucky School for the Blind, the Kentucky School for the Deaf, and the Kentucky Virtual High School. The department shall be subject to the same requirements as local school districts as provided in paragraph (a) of this subsection.

(9) Members who retired on or before June 30, 2002, may, for the fiscal year concluding on June 30, 2007, be reemployed under the one hundred (100) day provisions of this section as they existed on June 30, 2002, except that members returning to work under those provisions shall make contributions to the Kentucky Teachers' Retirement System at the rate provided under KRS 161.540 and members' employers shall make contributions to the Kentucky Teachers' Retirement System at the rates specified under KRS 161.550. Those members returning to work under the one hundred (100) day provisions of this section as they existed on June 30, 2002, shall further waive their medical insurance coverage with the retirement system during the period of reemployment and will instead receive the medical insurance coverage generally provided by their active employer to other members of the retirement system that the active employer employs. If medical insurance coverage is not available from the employer, the Kentucky Teachers' Retirement System may provide coverage for the member. Notwithstanding any other statute to the contrary, retired members returning to work shall under no circumstances be permitted to purchase as service credit service provided under the one hundred (100) day provisions of this section as they existed on June 30, 2002. *Any member who exceeds the one hundred (100) day limitation of this subsection shall be subject to having his or her retirement voided and be required to return all retirement allowances and other benefits paid to the member or on the member's behalf since the effective date of retirement. In lieu of voiding a member's retirement, the system may reduce the member's retirement allowance or any other benefits to which the member would otherwise be entitled on a dollar-for-dollar basis for each dollar of compensation that the member earns in employment exceeding one hundred (100) days.*

(10)[~~(9)~~] The return to work limitations set forth in this section and KRS 161.603 shall apply to retired members who are returning to work in the same position from which they retired, or a position substantially similar to the one from which they retired, or any position listed in KRS 161.220(4) which requires membership in the retirement system. Positions which generally require certification or graduation from a four (4) year college or university as a condition of employment which are created, or changed to remove the position from coverage under KRS 161.220(4) are also subject to the return to work limitations set forth in this section and KRS 161.603. The board of trustees shall determine whether employment in a nonteaching position is subject to this subsection.

(11)[~~(10)~~] The provisions of subsections (1) to *(9)*[~~(8)~~] of this section are not subject to KRS 161.714.

(12)[~~(11)~~] *Retired members may be employed in a part-time teaching capacity by an agency described*[~~Members retired from an agency listed~~] in KRS 161.220(4)(b) or (n) [~~may be employed in a part-time teaching capacity by one (1) of the~~

Calculation of the number of days ***and teaching hours*** for part-time teaching, substitute teaching, or part-time employment in a nonteaching capacity under this section shall not exceed the ratio between a school year and the actual months of retirement for the member during that school year. The board of trustees by administrative regulation may establish fractional equivalents of a day of teaching service. ***Any member who exceeds the twelve (12) hour or one hundred (100) day limitations of this subsection shall be subject to having his or her retirement voided and be required to return all retirement allowances and other benefits paid to the member or on the member's behalf since the effective date of retirement. In lieu of voiding a member's retirement, the system may reduce the member's retirement allowance or any other benefit to which the member would otherwise be entitled on a dollar-for-dollar basis for each dollar of compensation that the member earns in employment exceeding twelve (12) hours, one hundred (100) days, or any apportionment of the two (2) combined.***

(13)~~[(12)]~~ When a retired member returns to employment in a part-time teaching capacity or in a nonteaching capacity as provided in subsection (11) of this section, the employer shall contribute annually to the retirement system on the compensation paid to the retired member at rates determined by the retirement system actuary that reflect accrued liability for retired members who return to work under subsection (11) of this section.

(14) For retired members who return to work during any one (1) fiscal year in both a position described in Section 1(4)(b) or (n) of this Act and in a position described under another provision under Section 1(4) of this Act, and for retired members who return to work in a position described under Section 1(4)(b) or (n) in both a teaching and an administrative or nonteaching capacity, the board of trustees shall adopt a methodology for a pro rata apportionment of days and hours that the retired member may work in each position.

Section 17. KRS 161.612 is amended to read as follows:

Effective July 1, 2002, any individual occupying a position on a part-time basis that requires certification or graduation from a four (4) year college or university as a condition of employment and any individual providing part-time or substitute teaching services that are the same or similar to those teaching services provided by certified, full-time teachers shall be a member of the Kentucky Teachers' Retirement System, according to the conditions set forth in this section, if the individual is employed by one (1) of the public boards, institutions, or agencies set forth in KRS 161.220***, excluding those public boards, institutions, and agencies described in Section 1(4)(b) and (n) of this Act***. Members providing part-time and substitute services shall participate in the retirement system as follows:

(1) Members providing part-time and substitute services shall accrue service credit as provided under KRS 161.500 and be entitled to a retirement allowance upon meeting the service retirement conditions of KRS 161.600. The board of trustees shall adopt a methodology for accrediting service credit to these members on a pro rata basis. The methodology adopted by the board of trustees may be amended as necessary to ensure its actuarial soundness. The retirement allowance for members providing part-time and substitute services shall be calculated pursuant to KRS 161.620. Members providing part-time and substitute services who meet the service retirement conditions of KRS 161.600 may also be eligible to participate as approved by the board of trustees in the medical insurance program provided by the retirement system under KRS 161.675. Members providing part-time and substitute services shall make contributions to the Kentucky Teachers' Retirement System at the rate provided under KRS 161.540. A member who provides part-time or substitute services, or in the event of the death of the member, the member's estate or applicably designated beneficiary, will be entitled, within ninety (90) days of the posting of the annual report submitted by the member's employer, to a refund of contributions as permitted and limited by KRS 161.470.

(2) The board of trustees shall adopt eligibility conditions under which members providing part-time and substitute services may participate in the benefits provided under KRS 161.520, ***Section 23 of this Act***~~[161.555]~~, 161.661, and 161.663. The board of trustees may adopt eligibility conditions under which members providing part-time or substitute services may participate in other benefits offered by the retirement system. All eligibility conditions adopted by the board of trustees pursuant to this subsection may be amended as necessary to ensure their actuarial soundness.

(3) In addition to the pro rata methodology adopted by the board of trustees under subsection (1) of this section, members providing part-time and substitute services shall be subject to all limitations and conditions regarding the accrual, retention, accreditation, and use of service credit that apply to members providing full-time services. In addition to the eligibility conditions set forth by the board of trustees under subsection (2) of this section, members providing part-time and substitute services shall be subject to all limitations and conditions regarding both the eligibility to participate and the extent of participation in any benefit offered under KRS 161.220 to 161.716 that apply to members providing full-time services.

(4) ***Notwithstanding any other provisions of this section to the contrary, instructional assistants who provide teaching services in the local school districts on a full-time basis in positions covered by the County Employees Retirement***

System who are used as substitute teachers on an emergency basis for five (5) days or less during any one (1) fiscal year shall not be considered members of the Teachers' Retirement System during that period in which they are serving as substitute teachers for five (5) days or less.

(5) ***The board of trustees may adopt a pro rata methodology to determine the annual compensation of members providing part-time and substitute services in order to determine benefits provided under KRS 161.661 and 161.663. Members providing part-time and substitute services who had retirement contributions posted to their accounts during the previous fiscal year and who have not had those contributions refunded to them are eligible to vote for the board of trustees.***

(6) The board of trustees of the Teachers' Retirement System shall be responsible for final determination of membership eligibility and may direct employers to take whatever action that may be necessary to correct any error relating to membership.

(7)[~~(5)~~] The provisions of this section are not subject to KRS 161.714.

Section 18. KRS 161.614 is amended to read as follows:

A court order awarding additional back salary to or reinstating a member as a result of employment in a position covered by the Kentucky Teachers' Retirement System shall entitle the member to additional salary or service credit, or both, under the following circumstances:

(1) Members shall make contributions to the Kentucky Teachers' Retirement System at the rate set forth in KRS 161.540 and members' employers shall make contributions at the rate set forth in KRS 161.550, with interest accruing on all contributions at the rate of eight percent (8%) per annum from the end of each fiscal year that back salary or the reinstatement was ordered. Contributions, plus interest, shall be made for each year that back salary or reinstatement was ordered. No service or salary credit shall be credited to a member's account unless full contributions are paid to the Kentucky Teachers' Retirement System.

(2) The member may have court-ordered back salary credited to his or her account only to the extent that the member actually received payment for the back salary and only to the extent that the court-ordered back salary is within the salary scale that was available to the member in the covered position for the years that the back salary was awarded. Court-ordered back salary can be credited to the member's account only as permitted under KRS 161.220(9) and (10). ***The member may have court-ordered service credited to his or her account only after the retirement system has received the contributions and interest on the full compensation that would normally be earned in the position that is the subject of the litigation.***

(3) The member's employer ordered to pay back salary or to reinstate the member by a court of competent jurisdiction shall provide the retirement system with a breakdown of the back salary awarded to the member on a year-by-year basis.

(4) The calculations of the contributions and interest required to be paid for court-ordered back salary or reinstatement shall be provided by the retirement system to the member or the member's employer at the member's or employer's request. Requests for these calculations shall be made with at least two (2) weeks of advance notice to the retirement system to provide these calculations. The retirement system will calculate accrued interest as of the last day of the month during which payment of the full contributions are made.

(5) For purposes of this section, a settlement agreement that provides back salary or reinstatement, and is adopted by order or judgment of a court of competent jurisdiction or is referenced in an order dismissing the action as settled shall have the same effect as a court order adjudicating the matter. Orders entered by a government board or agency as a result of litigation conducted on an administrative hearing level shall be considered as court orders for the purposes of this section.

(6) Under no circumstances shall a member be entitled to service credit as a result of court-ordered reinstatement that is in violation of the provisions of KRS ***161.500***[~~161.550~~].

Section 19. KRS 161.620 is amended to read as follows:

(1) The retirement allowance, in the form of a life annuity with refundable balance, of a member retiring for service shall be calculated as follows:

(a) For retirements effective July 1, 1998, and thereafter, except as otherwise provided by this section, the annual allowance for each year of service shall be two percent (2%) of the final average salary for service performed prior to July 1, 1983, and two and one-half percent (2.5%) of the final average salary for service performed after July 1, 1983, for all members not employed by a state college or university. The annual retirement allowance for each year of service performed by members of the Teachers' Retirement System who are members under the provisions of KRS 161.220(4)(b) or (n) shall be two percent (2%) of the final average salary. Actuarial discounts due to age or service credit at retirement may be applied as provided in this section; and

(b) For individuals who become members of the Kentucky Teachers' Retirement System on or after July 1, 2002, except those persons who become members under KRS 161.220(4)(b) or (n), and who upon retirement have earned less than ten (10) full years of service credit, the retirement allowance shall be two percent (2%) of the member's final average salary for each year of service. For individuals who become members of the Kentucky Teachers' Retirement System on or after July 1, 2002, except those persons who become members under KRS 161.220(4)(b) or (n), and who upon retirement have earned at least ten (10) full years of service credit, the annual allowance for each year of service shall be two and one-half percent (2.5%) of the member's final average salary.

(c) The board of trustees may approve for members who initially retire on or after July 1, 2004, except those persons who are members under KRS 161.220(4)(b) or (n), a retirement allowance of three percent (3%) of the member's final average salary for each year of service credit earned in excess of thirty (30) years. This three percent (3%) factor shall be in lieu of the two and one-half percent (2.5%) factor provided for in paragraph (b) of this subsection for every year or fraction of a year of service in excess of thirty (30) years. Upon approval of this three percent (3%) retirement factor, the board of trustees may establish conditions of eligibility regarding the type of service credit that will qualify for meeting the requirements of this subsection. This subsection is optional with the board of trustees and shall not be subject to KRS 161.714.

(d) The retirement allowance of a member at retirement***, as measured on a life annuity,*** shall not exceed the member's last ***yearly salary***~~[annual compensation]~~ or the member's final average salary, whichever is the greater amount. ***For purposes of this section, "yearly salary" means the compensation earned by a member during the most recent period of contributing service, either consecutive or nonconsecutive, preceding the member's effective retirement date and shall be subject to the provisions of Section 1(9) and (10) of this Act.***

(2) Effective July 1, 2002, and annually on July 1 thereafter, the retirement allowance of each retired member and of each beneficiary of a retirement option shall be increased in the amount of one and one-half percent (1.5%), provided the retired member had been retired for at least the full twelve (12) months immediately preceding the date that the increase is effective. In the event that the retired member had been retired for less than the full twelve (12) months immediately preceding the date that the increase is effective, then the increase shall be reduced on a pro rata basis by each month that the retired member had not been retired for the full twelve (12) months immediately preceding the effective date of the increase.

(3) Any member qualifying for retirement under a life annuity with refundable balance shall be entitled to receive an annual allowance amounting to not less than four hundred dollars ($400) effective July 1, 2002, and not less than four hundred forty dollars ($440) effective July 1, 2003, multiplied by the service credit years of the member. These minimums shall apply to the retired members receiving annuity payments and to those members retiring on or subsequent to the effective dates listed in this subsection.

(4) The minimum retirement allowance provided in this section shall apply in the case of members retired or retiring under an option other than a life annuity with refundable balance in the same proportion to the benefits of the member and his beneficiary or beneficiaries as provided in the duly-adopted option tables at the time of the member's retirement.

(5) Effective July 1, ***2004***~~[2002]~~, the monthly allowance of each retired member and each recipient of a retirement option of the retired member may be increased in an amount not to exceed ***eight-tenths of one percent (0.8%)***~~[one and four-tenths percent (1.4%)]~~ of the monthly allowance in effect the previous month, provided the retired member had been retired for at least the full twelve (12) months immediately preceding the date that the increase is effective. In the event that the retired member had been retired for less than the full twelve (12) months immediately preceding the date that the increase is effective, then the increase shall be reduced on a pro rata basis by each month that the retired member had not been retired for the full twelve (12) months immediately preceding the effective date of the increase. The level of increase provided for in this subsection shall be determined by the funding provided in the 2002-2004 biennium budget appropriation.

(6) Effective July 1, ***2005***~~[2003]~~, the monthly allowance of each retired member and each recipient of a retirement option of the retired member may be increased in an amount not to exceed ***seven-tenths of one percent (0.7%)***~~[one and one half percent (1.5%)]~~ of the monthly allowance in effect the previous month, provided the retired member had been retired for at least the full twelve (12) months immediately preceding the date that the increase is effective. In the event that the retired member had been retired for less than the full twelve (12) months immediately preceding the date that the increase is effective, then the increase shall be reduced on a pro rata basis by each month that the retired member had not been retired for the full twelve (12) months immediately preceding the effective date of the increase. The level of increase provided for in this subsection shall be determined by the funding provided in the 2002-2004 biennium budget appropriation.

(7) Effective July 1, 1990, monthly payments of two hundred dollars ($200) shall be payable for the benefit of an adult child of a member retired for service when the child's mental or physical condition is sufficient to cause dependency on the member at the time of retirement. Eligibility for this payment shall continue for the life of the child or until the time the mental or physical condition creating the dependency no longer exists or the child marries. Benefits under this subsection shall apply to legally adopted survivors provided the proceedings for the adoption were initiated at least one (1) year prior to the death of the member. The board of trustees shall be the sole judge of eligibility or dependency and may require formal application or information relating thereto.

(8) Members of the Teachers' Retirement System shall be subject to the annuity income limitations imposed by Section 415 of the Internal Revenue Service Code.

(9) Compensation in excess of the limitations imposed by Section 401(a)(17) of the Internal Revenue Code shall not be used in determining a member's retirement annuity. The limitation on compensation for eligible members shall not be less than the amount which was allowed to be taken into account by the retirement system in effect on July 1, 1993. For this purpose, an eligible member is an individual who was a member of the retirement system before the first plan year beginning after December 31, 1995.

Section 20. KRS 161.630 is amended to read as follows:

(1) A member, upon retirement, shall receive a retirement allowance in the form of a life annuity, with refundable balance, as provided in KRS 161.620, unless an election is made before the effective date of retirement to receive actuarially equivalent benefits under options which the board of trustees approves. No option shall provide for a benefit with an actuarial value at the age of retirement greater than that provided in KRS 161.620. This section does not apply to disability allowances as provided in KRS 161.661(1).

(2) The *retirement*[~~benefit~~] option chosen by a retiree at the time of service retirement shall remain in force unless the retiree elects to make a change under the following conditions:

(a) A divorce, annulment, or marriage dissolution following retirement shall, at the election of the retiree, cancel any optional plan selected at retirement *that provides*[~~to provide~~] continuing benefits to *a spousal*[~~the~~] beneficiary and return the retiree to a single lifetime benefit equivalent as determined by the board; or

(b) Following marriage or remarriage, or the death[~~ of a spouse, or the death~~] of *the*[~~any other~~] designated beneficiary, a retiree may elect a new optional plan of payment based on the actuarial equivalent of a single lifetime benefit at the time of the election, as determined by the board. The plan shall become effective the first of the month following receipt of an application on a form approved by the board.

(3) Except as otherwise provided in this section, a beneficiary designation shall not be changed after the effective date of retirement except for retirees who elect the[~~ straight~~] life annuity with refundable balance option or the predetermined years certain and life thereafter option.

(4) A member who experiences a qualifying event under subsection (2) of this section and who elects a new optional plan of payment shall make that election within sixty (60) days of the qualifying event.

Section 21. KRS 161.640 is amended to read as follows:

(1) Retirement annuities shall be payable monthly. The first payment to an annuitant shall be made at the payment date at the end of one (1) full payment period after his retirement and shall consist of one (1) regular monthly payment. Retirement for a member receiving one (1) full year of service credit during a fiscal year shall be no earlier than July 1 next following the end of such fiscal year. *Notwithstanding any other statutory provisions to the contrary, members filling positions that customarily require twelve (12) months of service during a fiscal year cannot retire prior to July 1 without a corresponding pro rata reduction in salary and service credit. The board of trustees may determine which positions customarily require twelve (12) months of service during a fiscal year.*

(2) The board of trustees may enter into agreements with retired members for payroll deductions when it is deemed in the best interest of the retired members and the retirement system.

(3) All new retirees, on or after July 1, 1998, shall receive their monthly annuity checks by electronic fund transfer. All annuity and survivor monthly allowance payments shall be made by electronic fund transfer by December 31, 1998.

Section 22. KRS 161.650 is amended to read as follows:

(1) In the case of death of a member who has retired by reason of service or disability, any portion of the member's accumulated contributions, including member contributions to the state accumulation fund and regular interest to the date of retirement, that has not, and will not be paid as an allowance or benefit shall be paid to the member's beneficiary in such manner as the board of trustees elects.

(2) The member may designate a primary beneficiary or two (2) or more co-beneficiaries to receive any remaining accumulated member contributions payable under this section. A contingent beneficiary may be designated in addition to the primary beneficiary or the co-beneficiaries. The member may designate two (2) or more contingent beneficiaries. To the extent permitted by the Internal Revenue Code, a trust may be designated as beneficiary for receipt of any remaining accumulated member contributions. Any beneficiary designation made by the member shall remain in effect until changed by the member on forms prescribed by the retirement system, except in the event of subsequent divorce. A final divorce decree shall terminate the beneficiary status of an ex-spouse, unless subsequent to divorce the member redesignates the former spouse as a beneficiary. A final divorce decree shall not terminate the designation of a trust as beneficiary regardless of who is designated as beneficiary of the trust. In the event that the member fails to designate a beneficiary, any remaining accumulated member contributions shall be payable to the member's estate.

Section 23. KRS 161.655 is amended to read as follows:

(1) Effective July 1, 2000, the Teachers' Retirement System shall*:*

(a) Provide a life insurance benefit in a minimum amount of five thousand dollars ($5,000) for its members who are retired for service or disability. This life insurance benefit shall be payable upon the death of a member retired for service or disability to the member's estate or to a party designated by the member on a form prescribed by the retirement system*; and*

(b) [~~. The Teachers' Retirement System shall ~~]Provide a life insurance benefit in a minimum amount of two thousand dollars ($2,000) for its active contributing members. This life insurance benefit shall be payable upon the death of an active contributing member to the member's estate or to a party designated by the member on a form prescribed by the retirement system.

(2) The member may name one (1) primary and one (1) contingent beneficiary for receipt of the life insurance benefit. To

the extent permitted by the Internal Revenue Code, a trust may be designated as beneficiary for receipt of the life insurance benefit. Any beneficiary designation made by the member shall remain in effect until changed by the member on forms prescribed by the retirement system, except in the event of subsequent divorce. A final divorce decree shall terminate the beneficiary status of an ex-spouse, unless subsequent to divorce the member redesignates the former spouse as a beneficiary. A final divorce decree shall not terminate the designation of a trust as beneficiary regardless of who is designated as beneficiary of the trust.

(3) Application for payment of life insurance proceeds shall be made to the Teachers' Retirement System together with acceptable evidence of death and eligibility. The reciprocal provisions of KRS 61.680(2)(a) shall not apply to the coverage and payment of proceeds by the life insurance benefit under this section.

(4)[~~(2)~~] Suit or civil action shall not be required for the collection of the proceeds of the life insurance benefit provided for by this section, but nothing in this section shall prevent the maintenance of suit or civil action against the beneficiary or legal representative receiving the proceeds of the life insurance benefit.

Section 24. KRS 161.680 is amended to read as follows:

If any change or error in a record results in any ***individual***[~~employee or beneficiary~~] receiving from the retirement system more or less than ***the individual***[~~he~~] was entitled to receive, the board of trustees shall, when the error is discovered, correct the error, and as far as practicable adjust the payments so that the actuarial equivalent of the benefit to which ***the individual***[~~he~~] was entitled shall be paid.

Section 25. KRS 161.568 is amended to read as follows:

(1) Eligibility to participate in the optional retirement plan shall be determined by the board of regents of each of the state public postsecondary education institutions identified in KRS 161.220(4)(b). The employees of these institutions of higher education who are initially employed on or after the implementation date of the optional retirement plan may make an[~~ irrevocable~~] election to participate in the optional retirement plan within thirty (30) days after their employment date. ***This election shall be irrevocable except as otherwise provided in this subsection.*** No member of the Kentucky Teachers' Retirement System who terminates employment and is subsequently reemployed by the same or another public postsecondary education institution which participates in the Kentucky Teachers' Retirement System may be eligible to elect to participate in the optional retirement plan unless the date of reemployment is at least six (6) months after the date of termination. ***Any person who previously elected to participate in the optional retirement plan may irrevocably elect one (1) time during his or her lifetime to change his or her election and to prospectively participate in the Kentucky Teachers' Retirement System. This election to change from the optional retirement plan to Kentucky Teachers' Retirement System shall be effective beginning on the first day of the first month immediately following the date that written application for the election is received in the retirement system's office on forms prescribed by the system.*** These elections shall be made in writing and filed with the appropriate officer of the employer institution.

(2) Elections of eligible employees hired on or after the implementation date of the optional retirement plan at their employer institution shall be effective on the date of their employment. If an eligible employee hired subsequent to the implementation date at the employer institution fails to make the election provided for in this section, he shall become a member of the regular retirement plan of the Kentucky Teachers' Retirement System.

Section 26. KRS 161.569 is amended to read as follows:

(1) Any person electing to participate in the optional retirement plan shall be ineligible for membership in the regular retirement plan of the Kentucky Teachers' Retirement System for as long as he is employed in a position for which the optional retirement plan is available***, except as provided in subsection (1) of Section 25 of this Act***.

(2) Any person electing to participate in the optional retirement plan shall acknowledge in writing that the benefits payable to participants are not the obligation of the Commonwealth of Kentucky or the Kentucky Teachers' Retirement System, and that these benefits and other rights of the optional retirement plan are the liability and responsibility solely of the designated companies to which contributions have been made.

(3) Benefits shall be payable to optional retirement plan participants or their beneficiaries by the designated companies in accordance with the contracts issued by each company and the retirement plan provisions adopted by each public institution.

(4) Annuity contracts issued under the optional retirement plan and all rights of a participant in the optional retirement plan shall be exempt from any state, local, or municipal tax; assessment for the insolvency of any life, health, or casualty insurance company; any levy or sale, garnishment, or attachment; or any process whatsoever, and shall be unassignable except as otherwise specifically provided by the contracts offered under the optional retirement plan adopted by the respective public institutions of higher education. Except contracts issued and rights accrued in the optional retirement plan on or after January 1, 1998, shall be subject to the tax imposed by KRS 141.020, to the extent provided in KRS 141.010 and 141.0215.

(5) (a) Each institution shall contribute on behalf of each participant in its optional retirement program the following:

1. To the designated company or companies, an amount equal to the amount that would have been payable to the Kentucky Teachers' Retirement System if the member had elected to participate in that plan instead of the optional retirement plan, less the amount contributed to the Kentucky Teachers' Retirement System

pursuant to subparagraph 2. of this paragraph; and

2. To the Kentucky Teachers' Retirement System, an amount equal to the contribution which would have been payable to the Kentucky Teachers' Retirement System on account of the unfunded liability if the member had elected to participate in that plan instead of the optional retirement plan. The rate of contribution shall be determined annually by the Kentucky Teachers' Retirement System actuary. This payment shall continue to be made on behalf of all participants in the optional retirement plan until July 1, 2018, the current amortization period of the Kentucky Teachers' Retirement System.

(b) Each participant shall contribute an amount equal to the present member contribution to the Kentucky Teachers' Retirement System. Employee contributions to the optional retirement plan shall be made by salary reduction under either Section 403(b) or 414(h) of the Internal Revenue Code of 1986.

Section 27. The provisions of subsection (8) of Section 16 of this Act supercede the provisions relating to critical shortage positions set forth in 2003 Kentucky Acts ch. 156, sec. 1.

Section 28. Whereas retirement annuity adjustments are implemented at the beginning of the fiscal year, an emergency is declared to exist, and this Act takes effect July 1, 2004.

The Office of the Attorney General shall provide automated telephone dial-in registration and shall collect only the home phone number from the applicant deemed to be required to administer the zero call list. The Office of the Attorney General shall promulgate administrative regulations to:

(b) Develop, modify, or administer the zero call list in such a way as to permit interface with any national registry established by the Federal Trade Commission or the Federal Communications Commission for the purpose of including in Kentucky's zero call list that part of the national database that relates to the Commonwealth or release to the national registry applicants on the zero call list that indicate a preference to be listed on a national registry.

(2) The Attorney General shall place the residential telephone number provided by the applicant on the list. The Attorney General may update the information on the list as provided in subsection (1) of this section, but shall not remove the information unless requested to do so in writing by the applicant, or upon receiving notice that the given telephone number is no longer held in the name of the applicant.

The Attorney General shall make the electronic list available in a format that is searchable by area code and by local exchange. The electronic format shall be arranged with the last four digits of the telephone numbers in ascending order. The electronic list shall also be searchable by individual number and shall be downloadable in at least five (5) of the most common commercially available data management program formats. (2) The cabinet shall decide in each case, in order to assure police officers the fullest freedom in exercising the rights guaranteed by this section, the unit appropriate for the purposes of collective bargaining, based on such factors as community of interest, wages, hours, and other working conditions of the police officers involved; the history of collective bargaining; and the desires of the police officers.

(2) If, upon the preponderance of the evidence presented, the cabinet is of the opinion that any person named in the charge has engaged in or is engaging in an unfair labor practice, then it shall issue a final order requiring the person to cease and desist from the unfair labor practice, and to take any affirmative action including reinstatement of police officers with or without back pay, as will effectuate the policies of this section. The final order may further require the person to make reports from time to time showing the extent to which he or she has complied with the order. If, upon the preponderance of the evidence presented, the cabinet is not of the opinion that the person named in the charge has engaged in or is engaging in the unfair labor practice, then the cabinet shall issue a final order dismissing the complaint. No final order shall issue based upon any unfair labor practice occurring more than six (6) months prior to the filing of the charge with the cabinet, unless the person aggrieved thereby was prevented from filing the charge by reason of service in the Armed Forces, in which event the six (6) month period shall be computed from the day of his or her discharge. No final order of the cabinet shall require the reinstatement of any individual as a police officer who has been suspended or discharged, or the payment to the individual of any back pay, if the individual was suspended or discharged for cause.

(3) Until a final order has been appealed, the cabinet at any time, upon reasonable notice and in the manner that it deems proper, may modify or set aside, in whole or in part, any final order made or issued by it.

(4) The cabinet or the charging party may petition for the enforcement of the final order and for appropriate temporary relief or restraining order in the Circuit Court for the county in which the violation occurred.

(5) Any person aggrieved by a final order of the cabinet may obtain a review of the final order by filing a petition in the Circuit Court assigned jurisdiction under subsection (4) of this section in accordance with KRS Chapter 13B.

(2) Upon receipt of a petition to initiate fact-finding, the cabinet shall cause an investigation to determine whether or not the parties are deadlocked in their negotiations. During the course of this investigation, the secretary is empowered to utilize his or her office in an effort to effectuate a settlement between the parties through mediation and conciliation.

(3) Upon completion of the cabinet's investigation, and if a settlement between the parties has still not been reached, the secretary shall within ten (10) days appoint a qualified and disinterested person as the impartial chairman of a three (3) member panel to function as the fact-finders. In addition to the impartial chairman, the other two (2) members of the panel shall be one (1) member named by the labor organization and one (1) member named by the consolidated local government, parties to the deadlocked negotiations.

(4) Upon consultation with the other members of the panel, the impartial chairman shall establish dates and places for public hearings. Whenever feasible, public hearings shall be held within the jurisdiction in which the consolidated local government is located. The panel may subpoena witnesses, and a written transcript of the hearing shall be made. Upon completion of the hearings the panel shall, by majority decision, make written findings of fact, recommendations, and opinions to be served on the consolidated local government and labor organization (parties) and these shall be released to the public. Expenses incurred by the three (3) member panel in this section shall be paid by the parties involved in the labor dispute.

No publication thereof shall be required to make it effective. The procedure for the making of an agreement between a consolidated local government and a labor organization provided by this section shall be the exclusive method of making a valid agreement for police officers represented by a labor organization.

Upon the written authorization of any police officers within a bargaining unit, the consolidated local government shall deduct from the payroll of the police officer the monthly amount of dues as certified by the secretary of the exclusive bargaining representative and shall deliver the same to the treasurer of the exclusive bargaining representative.

SECTION 10. A NEW SECTION OF KRS CHAPTER 67C IS CREATED TO READ AS FOLLOWS:

Report of Committees

HB 490, AN ACT relating to distributed and environmentally sustainable generation of electricity.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 278 IS CREATED TO READ AS FOLLOWS:

The General Assembly finds as follows:

(1) The generation of electricity by customers and independent power producers using environmentally sustainable technologies distributed throughout the Commonwealth can encourage private investment in sustainable energy resources, reduce electrical transmission and distribution losses, improve the efficiency, reliability, and resilience of the electric grid, reduce pollution, diversify the Commonwealth's energy sources, and help lay the groundwork for the sustained, orderly development of an alternative energy industry in the Commonwealth of Kentucky; and

(2) It is advantageous to the Commonwealth to reduce interconnection and administrative costs by modifying existing billing and metering practices that may unnecessarily impede environmentally sustainable, distributed generation by customers and independent power producers.

SECTION 2. A NEW SECTION OF KRS CHAPTER 278 IS CREATED TO READ AS FOLLOWS:

As used in Sections 1 to 4 of this Act:

(1) "Retail electric supplier" means any a corporation, power authority, rural electric cooperative, municipal utility, or other person that owns, operates, manages or controls any plant or equipment in Kentucky for the distribution or furnishing of electricity to retail customers, regardless of whether subject to the jurisdiction of the commission;

(2) "Eligible customer-generator" means a customer who owns and operates an electrical generating facility that is located on the customer's premises, is interconnected to and operates in parallel with the electric grid, is intended primarily to offset part or all of the customer's own electricity requirements, and generates electricity using one or more of the following technologies: solar, hydroelectric, wind, landfill gas, or biogas generated from the anaerobic digestion of agricultural wastes; or a fuel cell fueled by hydrogen, methane, or methanol; or a combined heating and power system or combined heating, refrigeration, and power system that is fueled by hydrogen, methane, natural gas, or propane.

(3) "Independent green power producer" means a corporation or other person that:

(a) Is not subject to the jurisdiction of the Commission; and

(b) Generates electricity in Kentucky using one or more of the following technologies: solar, hydroelectric, wind, landfill gas, or biogas generated from the anaerobic digestion of agricultural wastes; or a fuel cell fueled by hydrogen, methane, or methanol.

(4) "Kilowatt hour" means a measure of electricity defined as a unit of work of energy, measured as one (1) kilowatt of power expended for one (1) hour.

(5) "Net metering" means measuring the difference between the electricity supplied by the electric grid and the electricity generated by an eligible customer-generator that is fed back to the electric grid over a billing period.

SECTION 3. A NEW SECTION OF KRS CHAPTER 278 IS CREATED TO READ AS FOLLOWS:

(1) Each retail electric supplier shall make net metering available to any eligible customer-generator whom the supplier currently serves or solicits for service.

(2) An eligible customer-generator shall be provided a single meter, capable of registering the flow of electricity in two (2) directions for the net metering service with the cost of the net meter being borne by the retail electric supplier. Any additional meter or meters used to monitor the flow of electricity in each direction may be installed with the consent of the eligible customer-generator. The expense of any additional meter or meters shall be borne by the retail electric supplier. If additional meters are installed, the net metering calculation shall yield the same result as when a single meter is used.

(3) The amount of electricity billed to the eligible customer-generator using net metering shall be calculated by taking the difference between the electricity supplied by the electric grid to the eligible customer-generator and the electricity generated by the eligible customer-generator and fed back to the electric grid over an annual billing period. If time-of-day or time-of-use metering is used, then the electricity fed back to the electric grid shall be valued at the eligible customer-generator's retail price of electricity at the specific time it is generated and fed back to the electric grid.

(4) Each net metering contract or tariff shall be identical, with respect to energy rates, rate structure, and monthly charges, to the contract or tariff to which the same customer would be assigned if the customer were not an eligible customer-generator. Any new or additional demand, stand-by, minimum monthly, or other charges that would serve to increase an eligible customer-generator's minimum monthly charge to an amount greater than that of other customers in the rate class to which the eligible customer-generator would otherwise be assigned are prohibited, and shall not be included as part of net metering contract or tariff.

(5) The billing period during which the net electricity measurement is calculated shall be annualized. For the purposes of this section, an annualized billing period shall require the retail electric supplier to carry forward as a credit on the customer's bill any electricity generated and returned to the grid by the eligible customer-generator. Annualized billing shall not be construed to prohibit or interfere with a retail electric supplier's requirement to submit a monthly bill to the eligible customer-generator. The provisions of paragraphs (a) to (d) of this subsection shall apply to the annualized net electricity measurement:

(a) The net electricity produced or consumed on a monthly basis shall be read, recorded, and measured in accordance with metering practices prescribed by the commission;

(b) Where the electricity supplied by the electric grid exceeds the electricity generated by the customer-generator during the month, the customer-generator shall be billed for the net electricity supplied in accordance with subsection (4) of this section;

(c) Where the electricity generated by the customer-generator exceeds the electricity supplied by the electric grid, the customer-generator shall be credited for the excess electricity generated in accordance with subsection (4) of this section. This electricity credit shall appear on the next monthly bill; and

(d) At the end of the annual period, payment shall be issued to the customer-generator for any remaining unused credit for the excess electricity generated during the prior year.

(6) Electric generating systems used by eligible customer-generators shall meet all applicable safety and power quality standards established by the National Electrical Code (NEC), Institute of Electrical and Electronics Engineers, and accredited testing laboratories, including but not limited to Underwriters Laboratories.

(7) A retail electric supplier may not require an eligible customer-generator whose electric generating system meets the standards of subsection (6) of this section to install additional controls, perform or pay for additional tests, or purchase additional liability insurance.

(8) The commission may promulgate administrative regulations to adopt additional control and testing requirements for eligible customer-generators that the commission deems necessary to protect public safety and system reliability.

(9) Any dispute between a retail electric supplier and an eligible customer-generator regarding the interpretation of this section shall be resolved by the commission.

SECTION 4. A NEW SECTION OF KRS CHAPTER 278 IS CREATED TO READ AS FOLLOWS:

(1) Each retail electric supplier shall pay a rate of four cents ($0.04) per kilowatt-hour for all net electricity delivered by an Independent Green Power producer to the electric grid in its service territory between 6:00 AM and 9:59 PM on

Monday through Friday, and shall pay a rate of two cents ($0.02) per kilowatt-hour for all net electricity delivered by an Independent Green Power producer to the electric grid in its service territory at all other times. The commission shall annually adjust these rates for inflation by the percentage change between Kentucky's December year-to-date electric utility average revenue per kilowatt-hour to ultimate consumers, all sectors, of the two (2) most recent years, as reported by the U.S. Energy Information Administration.

(2) Solely for the purposes of implementing and enforcing a net metering program, the commission shall retain limited jurisdiction over net metering programs of municipal corporations that provide retail electric service to eligible customer-generators.

(3) The commission shall have original jurisdiction over any dispute between a retail electric supplier and an eligible customer-generator, including an independent green power producer, as to rates, service, standards, performance of contracts for net metering, reimbursement rate for electricity supplied into the grid from an independent green power producer, and testing of net meters. The commission may investigate complaints brought by the retail electric supplier or an eligible customer-generator. Any decision made by the commission to resolve a dispute between a retail electric supplier and eligible customer-generator may be appealed to Franklin Circuit Court.

(4) The commission shall promulgate administrative regulations to implement the provisions of Sections 1 to 4 of this Act.

(5) The penalties for willful violation of the provisions of Sections 1 to 4 of this Act by a retail electric supplier or by an eligible customer-generator shall be the same as the fines imposed under KRS 278.990(1).

SECTION 5. A NEW SECTION OF KRS CHAPTER 96 IS CREATED TO READ AS FOLLOWS:

Notwithstanding any provision of this chapter to the contrary, the commission shall have jurisdiction over net metering contracts between a city and any eligible customer-generator served. Jurisdiction shall include the review and enforcement of rates, service standards, metering standards, complaints and disputes between the city and the eligible customer-generator but limited solely to the provision of net metering service. As used in this section:

(1) "Commission" means the Kentucky Public Service Commission;

(2) "Eligible customer-generator" means a customer who owns and operates an electrical generating facility that is located on the customer's premises, is interconnected to and operates in parallel with the electric grid, is intended primarily to offset part or all of the customer's own electricity requirements, and generates electricity using one or more of the following technologies: solar, hydroelectric, wind, landfill gas, or biogas generated from the anaerobic digestion of agricultural wastes; or a fuel cell fueled by hydrogen, methane or methanol; or a combined heating and power system or combined heating, refrigeration and power system that is fueled by hydrogen, methane, natural gas, or propane.

(3) "Net metering" means measuring the difference between the electricity supplied by the electric grid and the electricity generated by an eligible customer-generator that is fed back to the electric grid over a billing period.

The Committee Substitute to **HB 490** is as follows:

HB 490, AN ACT relating to distributed and environmentally sustainable generation of electricity.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 278 IS CREATED TO READ AS FOLLOWS:

As used in Sections 1 to 4 of this Act:

(1) "Eligible customer-generator" means a customer of a retail electric supplier who owns and operates an electric generating facility that is located on the customer's premises, for the primary purpose of supplying all or part of the customer's own electricity requirements.

(2) "Eligible electric generating facility" means an electric generating facility that:

- *(a) Is connected in parallel with the electric distribution system;*
- *(b) Generates electricity using solar energy; and*
- *(c) Has a rated capacity of not greater than fifteen (15) kilowatts.*

(3) "Kilowatt hour" means a measure of electricity defined as a unit of work of energy, measured as one (1) kilowatt of power expended for one (1) hour.

(4) "Net metering" means measuring the difference between the electricity supplied by the electric grid and the electricity generated by an eligible customer-generator that is fed back to the electric grid over a billing period.

SECTION 2. A NEW SECTION OF KRS CHAPTER 278 IS CREATED TO READ AS FOLLOWS:

(1) Each retail electric supplier shall make net metering available to any eligible customer-generator that the supplier currently serves or solicits for service. If the cumulative generating capacity of net metering systems reaches one tenth of one percent (0.1%) of a supplier's single hour peak load during the previous year, the obligation of the supplier to offer net metering to a new customer-generator may be limited by the commission.

(2) Each retail electric supplier serving a customer with eligible electric generating facilities shall use metering that is

capable of registering the flow of electricity in two (2) directions. Any additional meter used to monitor the flow in each direction shall be installed at the customer-generator's expense. If additional meters are installed, the net metering calculation shall yield the same result as when a single meter is used.

(3) The amount of electricity billed to the eligible customer-generator using net metering shall be calculated by taking the difference between the electricity supplied by the retail electric supplier to the customer and the electricity generated and fed back by the customer. If time-of-day or time-of-use metering is used, the electricity fed back to the electric grid by the eligible customer-generator shall be net-metered and accounted for at the specific time it is fed back to the electric grid in accordance with the time-of-day or time-of-use billing agreement currently in place.

(4) Each net metering contract or tariff shall be identical, with respect to energy rates, rate structure, and monthly charges, to the contract or tariff to which the same customer would be assigned if the customer were not an eligible customer-generator.

(5) The following rules shall apply to the billing of net electricity:

- *(a) The net electricity produced or consumed during a billing period shall be read, recorded, and measured in accordance with metering practices prescribed by the commission;*
- *(b) If the electricity supplied by the retail electric supplier exceeds the electricity generated and fed back to the supplier during the billing period, the customer-generator shall be billed for the net electricity supplied in accordance with subsections (3) and (4) of this section;*
- *(c) If the electricity fed back to the retail electric supplier by the customer-generator exceeds the electricity supplied by the supplier during a billing period, the customer-generator shall be credited for the excess kilowatt hours in accordance with subsections (3) and (4) of this section. This electricity credit shall appear on the customer-generator's next bill;*
- *(d) If a customer-generator closes his account, no cash refund for residual generation-related credits shall be paid; and*
- *(e) Excess electricity credits are not transferable between customers or locations.*

(6) Electric generating systems used by eligible customer-generators shall meet all applicable safety and power quality standards established by the National Electrical Code (NEC), Institute of Electrical and Electronics Engineers, and accredited testing laboratories such as Underwriters Laboratories.

(7) An eligible customer-generator installation is transferable to other persons or service locations upon notification to the retail electric supplier and verification that the installation is in compliance with the applicable safety and power quality standards in subsection (6) of this section.

SECTION 3. A NEW SECTION OF KRS CHAPTER 278 IS CREATED TO READ AS FOLLOWS:

(1) The commission shall have original jurisdiction over any dispute between a retail electric supplier and an eligible customer-generator, regarding net metering rates, service, standards, performance of contracts, and testing of net meters.

(2) No later than one hundred eighty (180) days from the effective date of this Act, each retail electric supplier shall file with the commission a net metering tariff that includes all terms and conditions of its net metering program, including interconnection standards meeting the requirements of subsection (6) of Section 2 of this Act.

SECTION 4. A NEW SECTION OF KRS CHAPTER 278 IS CREATED TO READ AS FOLLOWS:

Nothing in this Act shall apply to a United State corporate agency or instrumentality of the United States government, or a distributor of electric power primarily supplied by such a corporate agency or instrumentality of the United States government.

HR 174, A RESOLUTION urging the United States Congress to fully fund the No Child Left Behind Act and to allow states more flexibility in implementing its requirements.

WHEREAS, the No Child Left Behind Act is an unprecedented federal intrusion into the historical and constitutional authority and responsibility regarding public elementary and secondary education which resides with the Kentucky General Assembly; and

WHEREAS, Kentucky has invested millions of dollars over the last twelve years to establish standards-based reform which has resulted in significant gains in student achievement; and

WHEREAS, the mandates of the No Child Left Behind Act do not recognize a state's unique system for assessment and accountability and require duplication of effort; and

WHEREAS, the Kentucky Education Reform Act was a precursor of the No Child Left Behind Act and had as its basic tenet that all children can learn at high levels; and

WHEREAS, the goals of the Kentucky Education Reform Act are consistent with the goals of the No Child Left Behind Act, but the detailed federal mandates are significantly disruptive to Kentucky's approach to achieving those goals; and

WHEREAS, these federal mandates only give schools accountability credit for students scoring at least at the proficiency level, and do not give teachers credit for moving students from novice to apprentice; and

WHEREAS, these federal mandates require annual, instead of biennial, accountability, which allows a school only a few months within a school year to turn a school around, as opposed to two years of test data that provide a more accurate judgment about a school; and

WHEREAS, these federal mandates include only math and reading within accountability, which narrows the curriculum and does not value social studies, science, arts and humanities, writing or practical living and vocational studies; and

WHEREAS, these federal mandates determine that a school is a failure and not making adequate yearly progress if the school fails to achieve only one out of numerous goals; and

WHEREAS, Kentucky has one of the strongest statewide policies for defining "highly qualified teacher" and has long required testing and internship programs for beginning teachers and continued professional development for experienced teachers; and

WHEREAS, the Kentucky Education Reform Act brought together educators, parents, and business and civic leaders to set high educational goals that identified what students should know and be able to do at the end of each grade level; and

WHEREAS, the Kentucky Education Reform Act requires all schools to meet high standards and all students to achieve high goals; and

WHEREAS, the Kentucky Education Reform Act established baseline scores for individual schools against which annual progress could be measured; and

WHEREAS, the No Child Left Behind Act identifies schools as "not making adequate yearly progress" by using guidelines contrary to those set by the Kentucky Education Reform Act; and

WHEREAS, the Commonwealth Accountability Testing System is a high-stakes system that distributes schoolwide rewards or imposes schoolwide sanctions based upon assessment results; and

WHEREAS, the Commonwealth Accountability Testing System has been designed to improve teaching and to assess the extent of student progress toward proficiency; and

WHEREAS, the Commonwealth Accountability Testing System is based on sound psychometric principles and uses nonacademic data, a national test of basic skills, and the Kentucky core content tests to measure school quality and school improvement; and

WHEREAS, the Commonwealth Accountability Testing System assesses all students for accountability purposes; and

WHEREAS, the Commonwealth Accountability Testing System schedule systematically includes testing in reading, mathematics, science, social studies, arts and humanities, and practical living/vocational studies; and

WHEREAS, the Commonwealth Accountability Testing System requires students to complete writing portfolios and to perform on-demand writing; and

WHEREAS, the Commonwealth Accountability Testing System provides accurate, understandable test data that can be used to make effective decisions concerning school policies, programs, and curricula toward improving student learning; and

WHEREAS, Kentucky has invested in one of the nation's most comprehensive technology systems and has developed one of the nation's most inclusive student and administrator data collection systems and has made it available to education stakeholders; and

WHEREAS, the No Child Left Behind Act causes a major expense to Kentucky's education system and a major disruption of administrative and curriculum planning; and

WHEREAS, the expanded provisions of the No Child Left Behind Act severely interfere with state and local legislative educational administrative prerogatives; and

WHEREAS, the cost to implement the requirements of the No Child Left Behind Act will be more than the current $330 million of federal grants which are provided to local school districts; and

WHEREAS, the most recent federal budget indicates no additional education funding will be provided for the implementation of the No Child left Behind Act; and

WHEREAS, Public law 104-4 of 1995 was intended to curb the practice of imposing unfunded federal mandates on states and local governments;

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky:

Section 1. This honorable body expresses its concern with the lack of flexibility granted states that have a long history of standards-based reform and concern with the underfunded federal mandates of the No Child Left Behind Act.

Section 2. This honorable body urges the United States Congress to make changes in the No Child Left Behind Act that will permit the United States Department of Education to allow states more flexibility in implementing the components of the No Child Left Behind Act, as long as the goals of the federal Act are addressed.

Section 3. This honorable body urges the Kentucky Board of Education to continue to seek waivers from those mandates of the No Child Left Behind Act in direct conflict with those that Kentucky has identified as crucial for school and student improvement.

Section 4. ARTICLE VII

(1) Rulemaking Authority. The commission shall promulgate reasonable rules, including uniform standards, and operating procedures in order to effectively and efficiently achieve the purposes of this Compact. Notwithstanding the foregoing, in the event the commission exercises its rulemaking authority in a manner that is beyond the scope of the purposes of this Act, or the powers granted hereunder, then such an action by the commission shall be invalid and have no force and effect.

(2) Rulemaking Procedure, Rules, and Operating Procedures. Rulemaking procedure. rules, and operating procedures shall be made pursuant to a rulemaking process that conforms to the Model State Administrative Procedure Act of 1981 as amended, as may be appropriate to the operations of the commission. Before the commission adopts a uniform standard, the commission shall give written notice to the relevant state legislative committee in each compacting state responsible for insurance issues of its intention to adopt the uniform standard. The commission in adopting a uniform standard shall consider fully all submitted materials and issue a concise explanation of its decision.

(3) Effective Date and Opt Out of a Uniform Standard. A uniform standard shall become effective ninety (90) days after its promulgation by the commission or such later date as the commission may determine; provided, however, that a compacting state may opt out of a uniform standard as provided in this Article. "Opt out" shall be defined as any action by a compacting state to decline to adopt or participate in a promulgated uniform standard. All other rules and operating procedures, and amendments thereto, shall become effective as of the date specified in each rule, operating procedure or amendment.

(4) Opt Out Procedure. A compacting state may opt out of a uniform standard, either by legislation or regulation duly promulgated by the insurance department under the compacting state's administrative procedure Act. If a compacting state elects to opt out of a uniform standard by regulation, it must give written notice to the commission no later than ten (10) business days after the uniform standard is promulgated, or at the time the state becomes a compacting state, and find that the uniform standard does not provide reasonable protections to the citizens of the state, given the conditions in the state. The commissioner shall make specific findings of fact and conclusions of law, based on a preponderance of the evidence, detailing the conditions in the state which warrant a departure from the uniform standard and determining that the uniform standard would not reasonably protect the citizens of the state. The commissioner must consider and balance the following factors and find that the conditions in the state and needs of

the citizens of the state outweigh:

(a) The intent of the legislature to participate in, and the benefits of, an interstate agreement to establish national uniform consumer protections for the products subject to this Act; and

(b) The presumption that a uniform standard adopted by the commission provides reasonable protections to consumers of the relevant product.

Notwithstanding the foregoing, a compacting state may, at the time of its enactment of this Compact, prospectively opt out of all uniform standards involving long-term care insurance products by expressly providing for such opt out in the enacted Compact, and such an opt out shall not be treated as a material variance in the offer or acceptance of any state to participate in this Compact. Such an opt out shall be effective at the time of enactment of this Compact by the compacting state and shall apply to all existing uniform standards involving long-term care insurance products and those subsequently promulgated.

(5) Effect of Opt Out. If a compacting state elects to opt out of a uniform standard, the uniform standard shall remain applicable in the compacting state electing to opt out until such time the opt out legislation is enacted into law or the regulation opting out becomes effective. Once the opt out of a uniform standard by a compacting state becomes effective as provided under the laws of that state, the uniform standard shall have no further force and effect in that state unless and until the legislation or regulation implementing the opt out is repealed or otherwise becomes ineffective under the laws of the state. If a compacting state opts out of a uniform standard after the uniform standard has been made effective in that state, the opt out shall have the same prospective effect as provided under Article XIV for withdrawals.

(6) Stay of Uniform Standard. If a compacting state has formally initiated the process of opting out of a uniform standard by regulation, and while the regulatory opt out is pending, the compacting state may petition the commission, at least fifteen (15) days before the effective date of the uniform standard, to stay the effectiveness of the uniform standard in that state. The commission may grant a stay if it determines the regulatory opt out is being pursued in a reasonable manner and there is a likelihood of success. If a stay is granted or extended by the commission, the stay or extension thereof may postpone the effective date by up to ninety (90) days, unless affirmatively extended by the commission; provided, a stay may not be permitted to remain in effect for more than one (1) year unless the compacting state can show extraordinary circumstances which warrant a continuance of the stay, including, but not limited to, the existence of a legal challenge which prevents the compacting state from opting out. A stay may be terminated by the commission upon notice that the rulemaking process has been terminated.

(7) Not later than thirty (30) days after a rule or operating procedure is promulgated, any person may file a petition for judicial review of the rule or operating procedure; provided, that the filing of such a petition shall not stay or otherwise prevent the rule or operating procedure from becoming effective unless the court finds that the petitioner has a substantial likelihood of success. The court shall give deference to the actions of the commission consistent with applicable law and shall not find the rule or operating procedure to be unlawful if the rule or operating procedure represents a reasonable exercise of the commission's authority.

ARTICLE VIII

(1) The commission shall promulgate rules establishing conditions and procedures for public inspection and copying of its information and official records, except such information and records involving the privacy of individuals and insurers' trade secrets. The commission may promulgate additional rules under which it may make available to federal and state agencies, including law enforcement agencies, records, and information otherwise exempt from disclosure, and may enter into agreements with such agencies to receive or exchange information or records subject to nondisclosure and confidentiality provisions.

(2) Except as to privileged records, data, and information, the laws of any compacting state pertaining to confidentiality or nondisclosure shall not relieve any compacting state commissioner of the duty to disclose any relevant records, data, or information to the commission; provided, that disclosure to the commission shall not be deemed to waive or otherwise affect any confidentiality requirement; and further provided, that, except as otherwise expressly provided in this Act, the commission shall not be subject to the compacting state's laws pertaining to confidentiality and nondisclosure with respect to records, data, and information in its possession. Confidential information of the commission shall remain confidential after such information is provided to any commissioner.

(3) The commission shall monitor compacting states for compliance with duly adopted bylaws, rules, including uniform standards, and operating procedures. The commission shall notify any non-complying compacting state in writing of its noncompliance with commission bylaws, rules, or operating procedures. If a non-complying compacting state fails to remedy its noncompliance within the time specified in the notice of noncompliance, the compacting state shall be deemed to be in default as set forth in Article XIV.

(4) The commissioner of any state in which an insurer is authorized to do business, or is conducting the business of insurance, shall continue to exercise his or her authority to oversee the market regulation of the activities of the insurer in accordance with the provisions of the state's law. The commissioner's enforcement of compliance with the Compact is governed by the following provisions:

(a) With respect to the commissioner's market regulation of a product or advertisement that is approved or certified

to the commission, the content of the product or advertisement shall not constitute a violation of the provisions, standards, or requirements of the Compact except upon a final order of the commission, issued at the request of a commissioner after prior notice to the insurer and an opportunity for hearing before the commission;

(b) Before a commissioner may bring an action for violation of any provision, standard, or requirement of the Compact relating to the content of an advertisement not approved or certified to the commission, the commission, or an authorized commission officer or employee, must authorize the action. However, authorization pursuant to this paragraph does not require notice to the insurer, opportunity for hearing, or disclosure of requests for authorization or records of the commission's action on such requests.

ARTICLE IX

The commission shall attempt, upon the request of a member, to resolve any disputes or other issues that are subject to this Compact and which may arise between two (2) or more compacting states, or between compacting states and non-compacting states, and the commission shall promulgate an operating procedure providing for resolution of such disputes.

ARTICLE X

(1) Insurers and third-party filers seeking to have a product approved by the commission shall file the product with, and pay applicable filing fees to, the commission. Nothing in this Act shall be construed to restrict or otherwise prevent an insurer from filing its product with the insurance department in any state wherein the insurer is licensed to conduct the business of insurance, and such filing shall be subject to the laws of the states where filed.

(2) The commission shall establish appropriate filing and review processes and procedures pursuant to commission rules and operating procedures. Notwithstanding any provision herein to the contrary, the commission shall promulgate rules to establish conditions and procedures under which the commission will provide public access to product filing information. In establishing such rules, the commission shall consider the interests of the public in having access to such information, as well as protection of personal medical and financial information and trade secrets, that may be contained in a product filing or supporting information.

(3) Any product approved by the commission may be sold or otherwise issued in those compacting states for which the insurer is legally authorized to do business.

ARTICLE XI

(1) Not later than thirty (30) days after the commission has given notice of a disapproved product or advertisement filed with the commission, the insurer or third party filer whose filing was disapproved may appeal the determination to a review panel appointed by the commission. The commission shall promulgate rules to establish procedures for appointing such review panels and provide for notice and hearing. An allegation that the commission, in disapproving a product or advertisement filed with the commission, acted arbitrarily, capriciously, or in a manner that is an abuse of discretion or otherwise not in accordance with the law, is subject to judicial review in accordance with Article III, Section (5).

(2) The commission shall have authority to monitor, review, and reconsider products and advertisement subsequent to their filing or approval upon a finding that the product does not meet the relevant uniform standard. Where appropriate, the commission may withdraw or modify its approval after proper notice and hearing, subject to the appeal process in Section (1) above.

ARTICLE XII

(1) The commission shall pay or provide for the payment of the reasonable expenses of its establishment and organization. To fund the cost of its initial operations, the commission may accept contributions and other forms of funding from the National Association of Insurance Commissioners, compacting states, and other sources. Contributions and other forms of funding from other sources shall be of such a nature that the independence of the commission concerning the performance of its duties shall not be compromised.

(2) The commission shall collect a filing fee from each insurer and third-party filer filing a product with the commission to cover the cost of the operations and activities of the commission and its staff in a total amount sufficient to cover the commission's annual budget.

(3) The commission's budget for a fiscal year shall not be approved until it has been subject to notice and comment as set forth in Article VII of this Compact.

(4) The commission shall be exempt from all taxation in and by the compacting states.

(5) The commission shall not pledge the credit of any compacting state, except by and with the appropriate legal authority of that compacting state.

(6) The commission shall keep complete and accurate accounts of all its internal receipts, including grants and donations, and disbursements of all funds under its control. The internal financial accounts of the commission shall be subject to the accounting procedures established under its bylaws. The financial accounts and reports including the system of internal controls and procedures of the commission shall be audited annually by an independent certified public accountant. Upon the determination of the commission, but no less frequently than every three (3) years, the review of the independent auditor shall include a management and performance audit of the commission. The commission shall make an annual report to the Governor and legislature of the compacting states, which shall include a report of the

independent audit. The commission's internal accounts shall not be confidential and such materials may be shared with the commissioner of any compacting state upon request provided, however, that any work papers related to any internal or independent audit and any information regarding the privacy of individuals and insurers' proprietary information, including trade secrets, shall remain confidential.

(7) No compacting state shall have any claim to or ownership of any property held by or vested in the commission or to any commission funds held pursuant to the provisions of this Compact.

ARTICLE XIII

(1) Any state is eligible to become a compacting state.

(2) The Compact shall become effective and binding upon legislative enactment of the Compact into law by two (2) compacting states; provided, the commission shall become effective for purposes of adopting uniform standards for, reviewing, and giving approval or disapproval of, products filed with the commission that satisfy applicable uniform standards only after twenty-six (26) states are compacting states or, alternatively, by states representing greater than forty percent (40%) of the premium volume for life insurance, annuity, disability income, and long-term care insurance products, based on records of the National Association of Insurance Commissioners for the prior year. Thereafter, it shall become effective and binding as to any other compacting state upon enactment of the Compact into law by that state.

(3) Amendments to the Compact may be proposed by the commission for enactment by the compacting states. No amendment shall become effective and binding upon the commission and the compacting states unless and until all compacting states enact the amendment into law.

ARTICLE XIV

(1) Withdrawal.

(a) Once effective, the Compact shall continue in force and remain binding upon each and every compacting state; provided, that a compacting state may withdraw from the Compact ("withdrawing state") by enacting a statute specifically repealing the statute which enacted the Compact into law.

(b) The effective date of withdrawal is the effective date of the repealing statute. However, the withdrawal shall not apply to any product filings approved or self-certified, or any advertisement of such products, on the date the repealing statute becomes effective, except by mutual agreement of the commission and the withdrawing state, unless the approval is rescinded by the withdrawing state as provided in paragraph (e) of this section.

(c) The commissioner of the withdrawing state shall immediately notify the management committee in writing upon the introduction of legislation repealing this Compact in the withdrawing state.

(d) The commission shall notify the other compacting states of the introduction of such legislation within ten (10) days after its receipt of notice thereof.

(e) The withdrawing state is responsible for all obligations, duties, and liabilities incurred through the effective date of withdrawal, including any obligations, the performance of which extend beyond the effective date of withdrawal, except to the extent those obligations may have been released or relinquished by mutual agreement of the commission and the withdrawing state. The commission's approval of products and advertisement prior to the effective date of withdrawal shall continue to be effective and be given full force and effect in the withdrawing state, unless formally rescinded by the withdrawing state in the same manner as provided by the laws of the withdrawing state for the prospective disapproval of products or advertisement previously approved under state law.

(f) Reinstatement following withdrawal of any compacting state shall occur upon the effective date of the withdrawing state reenacting the Compact.

(2) Default.

(a) If the commission determines that any compacting state has at any time defaulted ("defaulting state") in the performance of any of its obligations or responsibilities under this Compact, the bylaws, or duly promulgated rules or operating procedures, then, after notice and hearing as set forth in the bylaws, all rights, privileges, and benefits conferred by this Compact on the defaulting state shall be suspended from the effective date of default as fixed by the commission. The grounds for default include, but are not limited to, failure of a compacting state to perform its obligations or responsibilities, and any other grounds designated in commission rules. The commission shall immediately notify the defaulting state in writing of the defaulting state's suspension pending a cure of the default. The commission shall stipulate the conditions and the time period within which the defaulting state must cure its default. If the defaulting state fails to cure the default within the time period specified by the commission, the defaulting state shall be terminated from the Compact and all rights, privileges, and benefits conferred by this Compact shall be terminated from the effective date of termination.

(b) Product approvals by the commission or product self-certifications, or any advertisement in connection with such product, that are in force on the effective date of termination shall remain in force in the defaulting state in the same manner as if the defaulting state had withdrawn voluntarily pursuant to Section (1) of this article.

(c) Reinstatement following termination of any compacting state requires a reenactment of the Compact.

(3) Dissolution of Compact.

(a) The Compact dissolves effective upon the date of the withdrawal or default of the compacting state which reduces membership in the Compact to one (1) compacting state.

(b) Upon the dissolution of this Compact, the Compact becomes null and void and shall be of no further force or effect, and the business and affairs of the commission shall be wound up and any surplus funds shall be distributed in accordance with the bylaws.

ARTICLE XV

(1) The provisions of this Compact shall be severable; and if any phrase, clause, sentence, or provision is deemed unenforceable, the remaining provisions of the Compact shall be enforceable.

(2) The provisions of this Compact shall be liberally construed to effectuate its purposes.

ARTICLE XVI

(1) Other Laws.

(a) Nothing herein prevents the enforcement of any other law of a compacting state, except as provided in paragraph (b) of this section.

(b) For any product approved or certified to the commission, the rules, uniform standards, and any other requirements of the commission shall constitute the exclusive provisions applicable to the content, approval, and certification of such products. For advertisement that is subject to the commission's authority, any rule, uniform standard, or other requirement of the commission which governs the content of the advertisement shall constitute the exclusive provision that a commissioner may apply to the content of the advertisement. Notwithstanding the foregoing, no action taken by the commission shall abrogate or restrict:

1. The access of any person, including the attorney general, to state courts;

2. Remedies available under state law related to breach of contract, tort, or other laws not specifically directed to the content of the product;

3. State law relating to the construction of insurance contracts; or

4. The authority of the attorney general of the state, including but not limited to maintaining any actions or proceedings, as authorized by law.

(c) All insurance products filed with individual states shall be subject to the laws of those states.

(2) Binding Effect of this Compact.

(a) All lawful actions of the commission, including all rules and operating procedures promulgated by the commission, are binding upon the compacting states.

(b) All agreements between the commission and the compacting states are binding in accordance with their terms.

(c) Upon the request of a party to a conflict over the meaning or interpretation of commission actions, and upon a majority vote of the compacting states, the commission may issue advisory opinions regarding the meaning or interpretation in dispute.

(d) In the event any provision of this Compact exceeds the constitutional limits imposed on the legislature of any compacting state, the obligations, duties, powers, or jurisdiction sought to be conferred by that provision upon the commission shall be ineffective as to that compacting state, and those obligations, duties, powers, or jurisdiction shall remain in the compacting state and shall be exercised by the agency thereof to which those obligations, duties, powers, or jurisdiction are delegated by law in effect at the time this Compact becomes effective.

HB 650, AN ACT relating to health benefit plans.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF SUBTITLE 17A OF KRS CHAPTER 304 IS CREATED TO READ AS FOLLOWS:

Notwithstanding any other provisions of this subtitle, health benefit plan coverage that is provided to individuals through an association that is not related to employment shall be considered coverage in the individual market.

SECTION 2. A NEW SECTION OF SUBTITLE 17A OF KRS CHAPTER 304 IS CREATED TO READ AS FOLLOWS:

(1) Notwithstanding any other provision of law to the contrary, an insurer that issues or renews a health benefit plan on or after January 1, 2005, and before December 31, 2007, shall not be required to include any additional state mandated benefit beyond those statutory requirements in effect for health benefits plans on the effective date of this section.

(2) An insurer issuing or renewing a health benefit plan may elect to expand coverage on any group, individual, or association health benefit plan.

(3) An insurer issuing or renewing a health benefit plan shall not suspend, limit, or modify any state mandated benefit in

effect on the effective date of this section.

(4) An insurer issuing or renewing a health benefit plan shall not suspend, limit, or modify any federal mandated benefit in effect on the effective date of this section or any federal mandated benefit that becomes effective after the effective date of this section.

(5) Nothing in this section shall affect the fiscal impact statement required by KRS 6.948 to be attached to any legislation mandating health insurance benefits.

SECTION 3. A NEW SECTION OF SUBTITLE 17A OF KRS CHAPTER 304 IS CREATED TO READ AS FOLLOWS:

An insurer that offers a health benefit plan that is not a managed care plan but provides financial incentives for a covered person to access a network of providers shall:

(1) Notify the covered person, in writing, of the availability of a printed document, in a manner consistent with KRS 304.14-420 to 304.14-450, containing the following information at the time of enrollment and upon request:

(a) A current directory of the in-network providers from which the covered person may access covered services at a financially beneficial rate. The directory shall, at a minimum, provide the name, type of provider, professional office address, telephone number, and specialty designations of the network provider, if any; and

(b) In addition to making the information available in a printed document, an insurer may also make the information available in an accessible electronic format;

(2) Assure that contracts with the providers in the network contain a hold harmless agreement under which the covered person will not be balanced billed by the in-network provider except for deductibles, co-pays, coinsurance amounts, and noncovered benefits; and

(3) File with the department a copy of the directory required under subsection (1) of this section.

Section 4. KRS 304.17A-095 is amended to read as follows:

(1) (a) Notwithstanding any other provisions of this chapter to the contrary, each insurer that issues, delivers, or renews any health benefit plan to any market segment other than a large group shall, before use thereof, file with the commissioner its rates, fees, dues, and other charges paid by insureds, members, enrollees, or subscribers. The insurer shall also submit a copy of the filing to the Attorney General and shall comply with the provisions of this section. The insurer shall adhere to its rates, fees, dues, and other charges as filed with the commissioner. The insurer shall submit a new filing to reflect any material change to the previously filed and approved rate filing. For all other changes, the insurer shall submit an amendment to a previously approved rate filing.

(b) Notwithstanding any other provisions of this chapter to the contrary, each insurer that issues, delivers, or renews any health benefit plan to a large group as defined in KRS 304.17A-005 shall file the rating methodology with the commissioner and shall submit a copy of the filing to the Attorney General.

(2) (a) A rate filing under this section may be used by the insurer on and after the date of filing with the commissioner prior to approval by the commissioner. A rate filing shall be approved or disapproved by the commissioner within sixty (60) days after the date of filing. Should sixty (60) days expire after the commissioner receives the filing before approval or disapproval of the filing, the filing shall be deemed approved.

(b) In the circumstances of a filing that has been deemed approved or has been disapproved under paragraph (a) of this subsection, the commissioner shall have the authority to order a retroactive reduction of rates to a reasonable rate if *the commissioner subsequently determines that the filing contained misrepresentations or was based on fraudulent information, and if* after applying the factors in subsection (3) of this section the commissioner determines that the rates were unreasonable. If the commissioner seeks to order a retroactive reduction of rates and more than one (1) year has passed since the date of the filing, the commissioner shall consider the reasonableness of the rate over the entire period during which the filing has been in effect.

(3) In approving or disapproving a filing under this section, the commissioner shall consider:

(a) Whether the benefits provided are reasonable in relation to the premium or fee charged;

(b) Whether the fees paid to providers for the covered services are reasonable in relation to the premium or fee charged;

(c) Previous premium rates or fees for the policies or contracts to which the filing applies;

(d) The effect of the rate or rate increase on policyholders, enrollees, and subscribers;

(e) Whether the rates, fees, dues, or other charges are excessive, inadequate, or unfairly discriminatory; and

(f) The effect on the rates of any assessment made under KRS 304.17B-021; and

(g) Other factors as deemed relevant by the commissioner.

(4) The rates for each policyholder shall be guaranteed for twelve (12) months at the rate in effect on the date of issue or date of renewal.

(5) At any time the commissioner, after a public hearing for which at least thirty (30) days' notice has been given, may withdraw approval of rates or fees previously approved under this section and may order an appropriate refund or future

premium credit to policyholders, enrollees, and subscribers if the commissioner determines that the rates or fees previously approved are in violation of this chapter.

(6) Notwithstanding subsection (2) of this section, premium rates may be used upon filing with the department of a policy form not previously used if the filing is accompanied by the policy form filing and a minimum loss ratio guarantee. Insurers may use the filing procedure specified in this subsection only if the affected policy forms disclose the benefit of a minimum loss ratio guarantee. An insurer may not elect to use the filing procedure in this subsection for a policy form that does not contain the minimum loss ratio guarantee. Insurers may not amend policy forms to provide for a minimum loss ratio guarantee. If an insurer elects to use the filing procedure in this subsection for a policy form or forms, the insurer shall not use a filing of premium rates that does not provide a minimum loss ratio guarantee for that policy form or forms.

(a) The minimum loss ratio shall be in writing and shall contain at least the following:

1. An actuarial memorandum specifying the expected loss ratio that complies with the standards as set forth in this subsection;

2. A statement certifying that all rates, fees, dues, and other charges are not excessive, inadequate, or unfairly discriminatory;

3. Detailed experience information concerning the policy forms;

4. A step-by-step description of the process used to develop the experience loss ratio, including demonstration with supporting data;

5. A guarantee of a specific lifetime minimum loss ratio, that shall be greater than or equal to the following, taking into consideration adjustments for duration as set forth in administrative regulations promulgated by the commissioner:

a. Seventy percent (70%) for policies issued to individuals or for certificates issued to members of an association that does not offer coverage to small employers;

b. Seventy percent (70%) for policies issued to small groups of two (2) to ten (10) employees or for certificates issued to members of an association that offers coverage to small employers; and

c. Seventy-five percent (75%) for policies issued to small groups of eleven (11) to fifty (50) employees;

6. A guarantee that the actual Kentucky loss ratio for the calendar year in which the new rates take effect, and for each year thereafter until new rates are filed, will meet or exceed the minimum loss ratio standards referred to in subparagraph 5. of this paragraph, adjusted for duration;

7. A guarantee that the actual Kentucky lifetime loss ratio shall meet or exceed the minimum loss ratio standards referred to in subparagraph 5. of this paragraph; and

8. If the annual earned premium volume in Kentucky under the particular policy form is less than two million five hundred thousand dollars ($2,500,000), the minimum loss ratio guarantee shall be based partially on the Kentucky earned premium and other credibility factors as specified by the commissioner.

(b) The actual Kentucky minimum loss ratio results for each year at issue shall be independently audited at the insurer's expense and the audit shall be filed with the commissioner not later than one hundred twenty (120) days after the end of the year at issue. The audit shall demonstrate the calculation of the actual Kentucky loss ratio in a manner prescribed as set forth in administrative regulations promulgated by the commissioner.

(c) The insurer shall refund premiums in the amount necessary to bring the actual loss ratio up to the guaranteed minimum loss ratio.

(d) A Kentucky policyholder affected by the guaranteed minimum loss ratio shall receive a portion of the premium refund relative to the premium paid by the policyholder. The refund shall be made to all Kentucky policyholders insured under the applicable policy form during the year at issue if the refund would equal ten dollars ($10) or more per policy. The refund shall include statutory interest from July 1 of the year at issue until the date of payment. Payment shall be made not later than one hundred eighty (180) days after the end of the year at issue.

(e) Premium refunds of less than ten dollars ($10) per insured shall be aggregated by the insurer and paid to the Kentucky State Treasury.

(f) None of the provisions of subsections (2) and (3) of this section shall apply if premium rates are filed with the department and accompanied by a minimum loss ratio guarantee that meets the requirements of this subsection. Such filings shall be deemed approved. Each insurer paying a risk assessment under KRS 304.17B-021 may include the amount of the assessment in establishing premium rates filed with the commissioner under this section. The insurer shall identify any assessment allocated.

(g) The policy form filing of an insurer using the filing procedure with a minimum loss ratio guarantee will disclose to the enrollee, member, or subscriber as prescribed by the commissioner an explanation of the lifetime loss ratio guarantee, and the actual loss ratio, and any adjustments for duration.

(h) The insurer who elects to use the filing procedure with a minimum loss ratio guarantee shall notify all policyholders of the refund calculation, the result of the refund calculation, the percent of premium on an aggregate basis to be refunded if any, any amount of the refund attributed to the payment of interests, and an explanation of amounts less than ten dollars ($10).

(7) The commissioner may by administrative regulation prescribe any additional information related to rates, fees, dues, and other charges as they relate to the factors set out in subsection (3) of this section that he or she deems necessary and relevant to be included in the filings and the form of the filings required by this section. When determining a loss ratio for the purposes of loss ratio guarantee, the insurer shall divide the total of the claims incurred, plus preferred provider organization expenses, case management and utilization review expenses, plus reinsurance premiums less reinsurance recoveries by the premiums earned less state and local premium taxes less other assessments. For purposes of determining the loss ratio for any loss ratio guarantee pursuant to this section, the commissioner may examine the insurer's expenses for preferred provider organization, case management, utilization review, and reinsurance used by the insurer in calculating the loss ratio guarantee for reasonableness. Only those expenses found to be reasonable by the commissioner may be used by the insurer for determining the loss ratio for purposes of any loss ratio guarantee.

(8) (a) The commissioner shall hold a hearing upon written request by the Attorney General. The written request shall be based upon one (1) or more of the reasons set out in subsection (3) of this section and shall state the applicable reasons.

(b) An insurer may request a hearing, pursuant to KRS 304.2-310, with regard to any action taken by the commissioner under this section as to the disapproval of rates or an order of a retroactive reduction of rates.

(c) The hearing shall be a public hearing conducted in accordance with KRS 304.2-310.

Section 5. KRS 304.17A-250 is amended to read as follows:

(1) The commissioner shall, by administrative regulations promulgated under KRS Chapter 13A, define one (1) standard health benefit plan***. After July 15, 2004, insurers may offer the standard health benefit plan in the individual or small group markets***~~[that shall provide health insurance coverage in the individual and small group markets after June 30, 1998. As a condition of doing business in the individual market on or after January 1, 2001, a health insurer shall offer the standard health benefit plan]~~. Except as may be necessary to coordinate with changes in federal law, the commissioner shall not alter, amend, or replace the standard health benefit plan more frequently than annually.~~[Initially, the standard health benefit plan shall be the standard high plan in effect on April 10, 1998.]~~

(2) ***If offered,*** the standard health benefit plan ***may***~~[shall]~~ be available in at least one (1) of these four (4) forms of coverage:

(a) A fee-for-service product type;

(b) A health maintenance organization type;

(c) A point-of-service type; and

(d) A preferred provider organization type.

(3) The standard health benefit plan shall be defined so that it meets the requirements of KRS 304.17B-021 for inclusion in calculating assessments and refunds under Kentucky Access.

(4) Any health insurer who ***offers the standard health benefit plan may***~~[elects to offer health insurance policies in the individual or small group markets in this state shall, as a condition of offering health benefit plans in this state after June 30, 1998,]~~ offer ~~[and issue]~~the standard health benefit plan in the individual or small group markets in each and every form of coverage that the health insurer offers to sell.

(5) Nothing in this section shall be construed:

(a) To require a health insurer to offer a standard health benefit plan in a form of coverage that the health insurer has not selected;

(b) To prohibit a health insurer from offering other health benefit plans in the individual or small group markets in addition to the standard health benefit plan; or

(c) To require that a standard health benefit plan have guaranteed issue, renewability, or pre-existing condition exclusion rights or provisions that are more generous to the applicant than the health insurer would be required to provide under KRS 304.17A-200, 304.17A-220, 304.17A.230, and 304.17A-240.

(2) The insurer's failure to make a determination and provide written notice within the time frames set forth in this section shall be deemed to be an adverse determination by the insurer for the purpose of initiating an internal appeal as set forth in

KRS 304.17A-617. This provision shall not apply where the failure to make the determination or provide the notice results from circumstances which are documented to be beyond the insurer's control.

(3) An insurer or private review agent shall submit a copy of any changes to its utilization review policies or procedures to the department. No change to policies and procedures shall be effective or used until after it has been filed with and approved by the commissioner.

(4) A private review agent shall provide to the department the names of the entities for which the private review agent is performing utilization review in this state. Notice shall be provided within thirty (30) days of any change.

Section 15. KRS 304.17A-617 is amended to read as follows:

(1) Every insurer shall have an internal appeal process to be utilized by the insurer or its designee, consistent with this section and KRS 304.17A-619 and which shall be disclosed to covered persons in accordance with KRS 304.17A-505(1)(g). An insurer shall disclose the availability of the internal process to the covered person in the insured's timely notice of an adverse determination or notice of a coverage denial which meets the requirements set forth in KRS 304.17A-607(1)(j). For purposes of this section "coverage denial" means an insurer's determination that a service, treatment, drug, or device is specifically limited or excluded under the covered person's health benefit plan. Where a coverage denial is involved, in addition to stating the reason for the coverage denial, the required notice shall contain instructions for filing a request for internal appeal.

(2) The internal appeals process may be initiated by the covered person, an authorized person, or a provider acting on behalf of the covered person. The internal appeals process shall include adequate and reasonable procedures for review and resolution of appeals concerning adverse determinations made under utilization review and of coverage denials, including procedures for reviewing appeals from covered persons whose medical conditions require expedited review. At a minimum, these procedures shall include the following:

(a) Insurers or their designees shall provide decisions to covered persons, authorized persons, and providers on internal appeals of adverse determinations or coverage denials within thirty (30) days of receipt of the request for internal appeal;

(b) Insurers or their designees shall render a decision not later than three (3) business days after receipt of the request for an expedited appeal of either an adverse determination or a coverage denial. An expedited appeal is deemed necessary when a covered person is hospitalized or, in the opinion of the treating provider, review under a standard time frame could, in the absence of immediate medical attention, result in any of the following:

1. Placing the health of the covered person or, with respect to a pregnant woman, the health of the covered person or the unborn child in serious jeopardy;

2. Serious impairment to bodily functions; or

3. Serious dysfunction of a bodily organ or part;

(c) Internal appeal of an adverse determination shall only be conducted by a licensed physician who did not participate in the initial review and denial. However, in the case of a review involving a medical or surgical specialty or subspecialty, the insurer or agent shall, upon request by a covered person, authorized person, or provider, utilize a board eligible or certified physician in the appropriate specialty or subspecialty area to conduct the internal appeal;

(d) Those portions of the medical record that are relevant to the internal appeal, if authorized by the covered person and in accordance with state or federal law, shall be considered and providers given the opportunity to present additional information;

(e) In addition to any previous notice required under KRS 304.17A-607(1)(j), and to facilitate expeditious handling of a request for external review of an adverse determination or a coverage denial, an insurer or agent that denies, limits, reduces, or terminates coverage for a treatment, procedure, drug, or device for a covered person shall provide the covered person, authorized person, or provider acting on behalf of the covered person with an internal appeal determination letter that shall include:

1. A statement of the specific medical and scientific reasons for denying coverage or identifying that provision of the schedule of benefits or exclusions that demonstrates that coverage is not available;

2. The state of licensure, medical license number, and the title of the person making the decision;

3. ***Except for retrospective review,*** a description of alternative benefits, services, or supplies covered by the health benefit plan, if any; and

4. Instructions for initiating an external review of an adverse determination, or filing a request for review with the department if a coverage denial is upheld by the insurer on internal appeal.

(3) The department shall establish and maintain a system for receiving and reviewing requests for review of coverage denials from covered persons, authorized persons, and providers. For purposes of this subsection "coverage denials" shall not include an adverse determination as defined in KRS 304.17A-600 or subsequent denials arising from an adverse determination.

(a) On receipt of a written request for review of a coverage denial from a covered person, authorized person, or provider, the department shall notify the insurer which issued the denial of the request for review and shall call for the insurer to respond to the department regarding the request for review within five (5) days of receipt of notice to the insurer;

(b) Within five (5) days of receiving the notice of the request for review from the department, the insurer shall provide to the department the following information:

1. Confirmation as to whether the person who received or sought the health service for which coverage was denied was a covered person under a health benefit plan issued by the insurer on the date the service was sought or denied;

2. Confirmation as to whether the covered person, authorized person, or provider has exhausted his or her rights under the insurer's appeal process under this section; and

3. The reason for the coverage denial, including the specific limitation or exclusion of the health benefit plan demonstrating that coverage is not available;

(c) In addition to the information described in paragraph (b) of this subsection, the insurer and the covered person, authorized person, or provider shall provide to the department any information requested by the department that is germane to its review;

(d) On the receipt of the information described in paragraphs (b) and (c) of this subsection, unless the department is not able to do so because making a determination requires resolution of a medical issue, it shall determine whether the service, treatment, drug, or device is specifically limited or excluded under the terms of the covered person's health benefit plan. If the department determines that the treatment, service, drug, or device is not specifically limited or excluded, it shall so notify the insurer, and the insurer shall either cover the service, or afford the covered person an opportunity for external review under KRS 304.17A-621, 304.17A-623, and 304.17A-625, where the conditions precedent to the review are present. If the department notifies the insurer that the treatment, service, drug, or device is specifically limited or excluded in the health benefit plan, the insurer is not required to cover the service or afford the covered person an external review;

(e) An insurer shall be required to cover the treatment, service, drug, or device that was denied or provide notification of the right to external review in accordance with paragraph (d) of this subsection whether the covered person has disenrolled or remains enrolled with the insurer;

(f) If the covered person has disenrolled with the insurer, the insurer shall only be required to provide the treatment, service, drug, or device that was denied for a period not to exceed thirty (30) days, or provide the covered person the opportunity for external review.

Section 16. KRS 304.17A-623 is amended to read as follows:

(1) Every insurer shall have an external review process to be utilized by the insurer or its designee, consistent with this section and which shall be disclosed to covered persons in accordance with KRS 304.17A-505(1)(g). An insurer, its designee, or agent shall disclose the availability of the external review process to the covered person in the insured's timely notice of an adverse determination or notice of a coverage denial as set forth in KRS 304.17A-607(1)(j) and in the denial letter required in KRS 304.17A-617(1) and (2)(e). For purposes of this section "coverage denial" means an insurer's determination that a service, treatment, drug, or device is specifically limited or excluded under the covered person's health benefit plan.

(2) A covered person, an authorized person, or a provider acting on behalf of and with the consent of the covered person, may request an external review of an adverse determination rendered by an insurer, its designee, or agent.

(3) The insurer shall provide for an external review of an adverse determination if the following criteria are met:

(a) The insurer, its designee, or agent has rendered an adverse determination;

(b) The covered person has completed the insurer's internal appeal process, or the insurer has failed to make a timely determination or notification as set forth in KRS 304.17A-619(2). The insurer and the covered person may however, jointly agree to waive the internal appeal requirement;

(c) The covered person was enrolled in the health benefit plan on the date of service or, if a prospective denial, the covered person was enrolled and eligible to receive covered benefits under the health benefit plan on the date the proposed service was requested; and

(d) The entire course of treatment or service will cost the covered person at least one hundred dollars ($100) if the covered person had no insurance.

(4) The covered person, an authorized person, or a provider with consent of the covered person shall submit a request for external review to the insurer within sixty (60) days, except as set forth in KRS 304.17A-619(1), of receiving notice that an adverse determination has been timely rendered under the insurer's internal appeal process. As part of the request, the covered person shall provide to the insurer or its designee written consent authorizing the independent review entity to obtain all necessary medical records from both the insurer and any provider utilized for review purposes regarding the decision to deny, limit, reduce or terminate coverage.

(5) The covered person shall be assessed a one (1) time filing fee of twenty-five dollars ($25) to be paid to the independent review entity and which may be waived if the independent review entity determines that the fee creates a financial hardship on the covered person. The fee shall be refunded if the independent review entity finds in favor of the covered person.

(6) A covered person shall not be afforded an external review of an adverse determination if:

(a) The subject of the covered person's adverse determination has previously gone through the external review process and the independent review entity found in favor of the insurer; and

(b) No relevant new clinical information has been submitted to the insurer since the independent review entity found in favor of the insurer.

(7) The department shall establish a system for each insurer to be assigned an independent review entity for external reviews. The system established by the department shall be prospective and shall require insurers to utilize independent review entities on a rotating basis so that an insurer does not have the same independent review entity for two (2) consecutive external reviews. The department shall contract with no less than two (2) independent review entities.

(8) (a) If a dispute arises between an insurer and a covered person regarding the covered person's right to an external review, the covered person may file a complaint with the department. Within five (5) days of receipt of the complaint, the department shall render a decision and may direct the insurer to submit the dispute to an independent review entity for an external review if it finds:

1. The dispute involves denial of coverage based on medical necessity or the service being experimental or investigational; and

2. All of the requirements of subsection (3) of this section have been met.

(b) The complaint process established in this section shall be separate and distinct from, and shall in no way limit other grievance or complaint processes available to consumers under other provisions of the KRS or duly promulgated administrative regulations. This complaint process shall not limit, alter, or supplant the mechanisms for appealing coverage denials established in KRS 304.17A-617.

(9) The external review process shall be confidential and shall not be subject to KRS 61.805 to 61.850 and KRS 61.870 to 61.884.

(10) External reviews shall be conducted in an expedited manner by the independent review entity if the covered person is hospitalized, or if, in the opinion of the treating provider, review under the standard time frame could, in the absence of immediate medical attention, result in any of the following:

(a) Placing the health of the covered person or, with respect to a pregnant woman, the health of the covered person or her unborn child in serious jeopardy;

(b) Serious impairment to bodily functions; or

(c) Serious dysfunction of a bodily organ or part.

(11) Requests for expedited external review, shall be forwarded by the insurer to the independent review entity within twenty-four (24) hours of receipt by the insurer.

(12) For expedited external review, a determination shall be made by the independent review entity within twenty-four (24) hours from the receipt of all information required from the insurer. An extension of up to twenty-four (24) hours may be allowed if the covered person and the insurer or its designee agree. The insurer or its designee shall provide notice to the independent review entity and to the covered person, by same-day communication, that the adverse determination has been assigned to an independent review entity for expedited review.

(13) External reviews which are not expedited shall be conducted by the independent review entity and a determination made within twenty-one (21) calendar days ***from the receipt of all information required from the insurer***[~~of receipt of the request for external review~~]. (4) The rates for each policyholder shall be guaranteed for twelve (12) months at the rate in effect on the date of issue or date of renewal.

(5) At any time the commissioner, after a public hearing for which at least thirty (30) days' notice has been given, may withdraw approval of rates or fees previously approved under this section and may order an appropriate refund or future premium credit to policyholders, enrollees, and subscribers if the commissioner determines that the rates or fees previously approved are in violation of this chapter.

(6) Notwithstanding subsection (2) of this section, premium rates may be used upon filing with the department of a policy form not previously used if the filing is accompanied by the policy form filing and a minimum loss ratio guarantee. Insurers may use the filing procedure specified in this subsection only if the affected policy forms disclose the benefit of a minimum loss ratio guarantee. An insurer may not elect to use the filing procedure in this subsection for a policy form that does not contain the minimum loss ratio guarantee. Insurers may not amend policy forms to provide for a minimum loss ratio guarantee. If an insurer elects to use the filing procedure in this subsection for a policy form or forms, the insurer shall not use a filing of premium rates that does not provide a minimum loss ratio guarantee for that policy form or forms.

(a) The minimum loss ratio shall be in writing and shall contain at least the following:

1. An actuarial memorandum specifying the expected loss ratio that complies with the standards as set forth in this subsection;

2. A statement certifying that all rates, fees, dues, and other charges are not excessive, inadequate, or unfairly discriminatory;

3. Detailed experience information concerning the policy forms;

4. A step-by-step description of the process used to develop the experience loss ratio, including demonstration with supporting data;

5. A guarantee of a specific lifetime minimum loss ratio, that shall be greater than or equal to the following, taking into consideration adjustments for duration as set forth in administrative regulations promulgated by the commissioner:

a. Seventy percent (70%) for policies issued to individuals or for certificates issued to members of an association that does not offer coverage to small employers;

b. Seventy percent (70%) for policies issued to small groups of two (2) to ten (10) employees or for certificates issued to members of an association that offers coverage to small employers; and

c. Seventy-five percent (75%) for policies issued to small groups of eleven (11) to fifty (50) employees;

6. A guarantee that the actual Kentucky loss ratio for the calendar year in which the new rates take effect, and for each year thereafter until new rates are filed, will meet or exceed the minimum loss ratio standards referred to in subparagraph 5. of this paragraph, adjusted for duration;

7. A guarantee that the actual Kentucky lifetime loss ratio shall meet or exceed the minimum loss ratio standards referred to in subparagraph 5. of this paragraph; and

8. If the annual earned premium volume in Kentucky under the particular policy form is less than two million five hundred thousand dollars ($2,500,000), the minimum loss ratio guarantee shall be based partially on the Kentucky earned premium and other credibility factors as specified by the commissioner.

(b) The actual Kentucky minimum loss ratio results for each year at issue shall be independently audited at the insurer's expense and the audit shall be filed with the commissioner not later than one hundred twenty (120) days after the end of the year at issue. The audit shall demonstrate the calculation of the actual Kentucky loss ratio in a manner prescribed as set forth in administrative regulations promulgated by the commissioner.

(c) The insurer shall refund premiums in the amount necessary to bring the actual loss ratio up to the guaranteed minimum loss ratio.

(d) A Kentucky policyholder affected by the guaranteed minimum loss ratio shall receive a portion of the premium refund relative to the premium paid by the policyholder. The refund shall be made to all Kentucky policyholders insured under the applicable policy form during the year at issue if the refund would equal ten dollars ($10) or more per policy. The refund shall include statutory interest from July 1 of the year at issue until the date of payment. Payment shall be made not later than one hundred eighty (180) days after the end of the year at issue.

(e) Premium refunds of less than ten dollars ($10) per insured shall be aggregated by the insurer and paid to the Kentucky State Treasury.

(f) None of the provisions of subsections (2) and (3) of this section shall apply if premium rates are filed with the department and accompanied by a minimum loss ratio guarantee that meets the requirements of this subsection. Such filings shall be deemed approved. Each insurer paying a risk assessment under KRS 304.17B-021 may include the amount of the assessment in establishing premium rates filed with the commissioner under this section. The insurer shall identify any assessment allocated.

(g) The policy form filing of an insurer using the filing procedure with a minimum loss ratio guarantee will disclose to the enrollee, member, or subscriber as prescribed by the commissioner an explanation of the lifetime loss ratio guarantee, and the actual loss ratio, and any adjustments for duration.

(h) The insurer who elects to use the filing procedure with a minimum loss ratio guarantee shall notify all policyholders of the refund calculation, the result of the refund calculation, the percent of premium on an aggregate basis to be refunded if any, any amount of the refund attributed to the payment of interests, and an explanation of amounts less than ten dollars ($10).

(7) The commissioner may by administrative regulation prescribe any additional information related to rates, fees, dues, and other charges as they relate to the factors set out in subsection (3) of this section that he or she deems necessary and relevant to be included in the filings and the form of the filings required by this section. When determining a loss ratio for the purposes of loss ratio guarantee, the insurer shall divide the total of the claims incurred, plus preferred provider organization expenses, case management and utilization review expenses, plus reinsurance premiums less reinsurance recoveries by the premiums earned less state and local premium taxes less other assessments. For purposes of determining the loss ratio for any loss ratio guarantee pursuant to this section, the commissioner may examine the insurer's expenses for preferred provider organization, case management, utilization review, and reinsurance used by the insurer in calculating the loss ratio guarantee for reasonableness. Only those expenses found to be reasonable by the commissioner may be used by the insurer for determining the loss ratio for purposes of any loss ratio guarantee.

(8) (a) The commissioner shall hold a hearing upon written request by the Attorney General. The written request shall be based upon one (1) or more of the reasons set out in subsection (3) of this section and shall state the applicable reasons.

(b) An insurer may request a hearing, pursuant to KRS 304.2-310, with regard to any action taken by the commissioner under this section as to the disapproval of rates or an order of a retroactive reduction of rates.

(c) The hearing shall be a public hearing conducted in accordance with KRS 304.2-310.

(5) Nothing in this section shall be construed:

(a) To require a health insurer to offer a standard health benefit plan in a form of coverage that the health insurer has not selected;

(b) To prohibit a health insurer from offering other health benefit plans in the individual or small group markets in addition to the standard health benefit plan; or

(c) To require that a standard health benefit plan have guaranteed issue, renewability, or pre-existing condition exclusion rights or provisions that are more generous to the applicant than the health insurer would be required to provide under KRS 304.17A-200, 304.17A-220, 304.17A.230, and 304.17A-240.

An expedited appeal is deemed necessary when a covered person is hospitalized or, in the opinion of the treating provider, review under a standard time frame could, in the absence of immediate medical attention, result in any of the following:

1. Placing the health of the covered person or, with respect to a pregnant woman, the health of the covered person or the unborn child in serious jeopardy;
2. Serious impairment to bodily functions; or
3. Serious dysfunction of a bodily organ or part;

(c) Internal appeal of an adverse determination shall only be conducted by a licensed physician who did not participate in the initial review and denial. (b) Within five (5) days of receiving the notice of the request for review from the department, the insurer shall provide to the department the following information:

(d) On the receipt of the information described in paragraphs (b) and (c) of this subsection, unless the department is not able to do so because making a determination requires resolution of a medical issue, it shall determine whether the service, treatment, drug, or device is specifically limited or excluded under the terms of the covered person's health benefit plan. If the department determines that the treatment, service, drug, or device is not specifically limited or excluded, it shall so notify the insurer, and the insurer shall either cover the service, or afford the covered person an opportunity for external review under KRS 304.17A-621, 304.17A-623, and 304.17A-625, where the conditions precedent to the review are present. If the department notifies the insurer that the treatment, service, drug, or device is specifically limited or excluded in the health benefit plan, the insurer is not required to cover the service or afford the covered person an external review;

(e) An insurer shall be required to cover the treatment, service, drug, or device that was denied or provide notification of the right to external review in accordance with paragraph (d) of this subsection whether the covered person has disenrolled or remains enrolled with the insurer;

(f) If the covered person has disenrolled with the insurer, the insurer shall only be required to provide the treatment, service, drug, or device that was denied for a period not to exceed thirty (30) days, or provide the covered person the opportunity for external review.

The fee shall be refunded if the independent review entity finds in favor of the covered person.

(a) The subject of the covered person's adverse determination has previously gone through the external review process and the independent review entity found in favor of the insurer; and

(7) The department shall establish a system for each insurer to be assigned an independent review entity for external reviews. HB 559, AN ACT relating to cemeteries.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 141 IS CREATED TO READ AS FOLLOWS:

The General Assembly declares that it is the public policy of the Commonwealth of Kentucky to recognize and preserve the cultural, historical, and genealogical heritage of the state's cemeteries for present and future generations. This section and Section 2 of this Act provide a means by which the preservation of eligible Kentucky cemeteries may be financed in part through a voluntary check-off designation on state income tax return forms.

SECTION 2. A NEW SECTION OF KRS CHAPTER 141 IS CREATED TO READ AS FOLLOWS:

Each taxpayer required to file a return pursuant to KRS 141.180 who is entitled to an income tax refund and who desires to contribute to the Department for Local Government's county cemetery fund created in KRS 67.682 may designate an amount, not to exceed the amount of the refund, to be paid to the fund. In the case of a joint return, each spouse may designate that a portion of the refund shall be paid to the fund. Such designation shall not increase or decrease the income tax liability of any taxpayer, but it shall reduce the income tax refund of such taxpayer or spouse by the amount or amounts designated.

SECTION 3. A NEW SECTION OF KRS CHAPTER 2 IS CREATED TO READ AS FOLLOWS:

(1) The week prior to Memorial Day of each year shall be Kentucky Cemetery Cleanup Week to encourage the statewide cleanup of cemeteries in the Commonwealth. This week shall provide an opportunity for Kentucky communities, individual citizens, and volunteer groups to participate with local, regional, and state entities, to restore, renew, and protect cemeteries as places of dignity, respect, and pride.

(2) Local governments and private businesses shall be encouraged to participate in Kentucky Cemetery Cleanup Week through developing, organizing, and implementing activities that highlight the historical and cultural heritage of their communities. They are encouraged to work in partnership with civic and volunteer organizations as well as corporate sponsors.

(3) The Governor may annually issue a proclamation recognizing the week prior to Memorial Day of each year as Kentucky Cemetery Cleanup Week and call upon all citizens of the Commonwealth to participate in the occasion to honor our ancestral legacy.

SECTION 4. A NEW SECTION OF KRS CHAPTER 307 IS CREATED TO READ AS FOLLOWS:

(1) Descendants and family members of deceased persons buried in cemeteries or graves located on privately owned lands in the Commonwealth shall have a right of ingress to and egress from the location of the burial. This right is conditioned upon the following:

(a) Reasonable notice of no less than three (3) days shall be given by the descendants and family members to the owner and the occupant, if different, of their intention to access the land where the deceased person is buried;

(b) In the case of unmarked graves or burial sites, descendants or family members shall provide, if requested by the owner or occupant, reasonable proof of the existence of those graves or burial sites;

(c) Access shall be limited to the purposes of visiting the grave, maintaining the grave, and conducting genealogical research;

(d) The access route shall be designated by the landowner or limited to an obvious access route that is visible from view of the property. The owner shall not be required to create a road for access;

(e) The time and manner of access shall be reasonable and designated in writing signed by the descendants or family members and the landowner. Access shall include nonvehicular access;

(f) No state administrative regulation or county ordinance shall require paving, graveling, or fencing off of an access route to a cemetery or grave. Any new road for access completed after a negotiated agreement with the landowner shall be at the expense of the descendants;

(g) Descendants and family members of the deceased person shall conduct themselves in a manner that does not damage the private lands, cemetery, or grave sites, and shall be liable to the owner of the private lands for any damage caused as a result of their access; and

(h) Nothing shall require the landowner to build any fences or supply gates, but if the descendants negotiate for an access route, any fencing, road creation, or maintenance shall be at the expense of the descendants. The access route shall not interfere with the landowner's operation.

(2) The right of ingress to and egress from the location of the burial of descendants' and family members' ancestors and relatives on privately owned lands in the Commonwealth that is recognized by the General Assembly in subsection (1) of this section is not intended to alter the recognized common law right of a person to visit the grave site of a deceased relative, nor shall it alter any easements, licenses, privileges, or other dedications which grant the right to visit the grave sites of deceased relatives and are in existence on the effective date of this Act.

Section 5. KRS 382.110 is amended to read as follows:

(1) All deeds, mortgages and other instruments required by law to be recorded to be effectual against purchasers without

(2) No county clerk or deputy county clerk shall admit to record any deed of conveyance of any interest in real property equal to or greater than a life estate, unless the deed plainly specifies and refers to the next immediate source from which the grantor derived title to the property or the interest conveyed therein.

(3) If the source of title is a deed or other recorded writing, the deed offered for record shall refer to the former deed or writing, and give the office, book and page where recorded, and the date thereof. If the property or interest therein is obtained by inheritance or in any other way than by recorded instrument of writing, the deed offered for record shall state clearly and accurately how and from whom the title thereto was obtained by the grantor.

(4) If the title to the property or interest conveyed is obtained from two (2) or more sources, the deed offered for record shall plainly specify and refer to each of the sources in the manner provided in subsections (2) and (3), and shall show which part of the property, or interest therein, was obtained from each of the sources.

(5) ***If the property to be conveyed contains a cemetery or grave site and this fact is known to the grantor, then that fact shall be noted on the deed or other instrument offered for record. If known to the grantor, the location of the cemetery or grave site shall also be noted on the deed or other instrument offered for record. Nothing in this section shall require the landowner to provide a survey.***

(6) No grantor shall lodge for record, and no county clerk or deputy shall receive and permit to be lodged for record, any deed that does not comply with the provisions of this section.

(7)[~~(6)~~] No clerk or deputy clerk shall be liable to the fine imposed by subsection (1) of KRS 382.990 because of any erroneous or false references in any such deed, nor because of the omission of a reference required by law where it does not appear on the face of such deed that the title to the property or interest conveyed was obtained from more than one (1) source.

(8)[~~(7)~~] This section does not apply to deeds made by any court commissioner, sheriff or by any officer of court in pursuance of his duty as such officer, nor to any deed or instrument made and acknowledged before March 20, 1928. No deed shall be invalid because it is lodged contrary to the provisions of this section.

The fact that graves are not visible on any part of the grounds shall not be construed as evidence that such grounds were not set aside and used for burial purposes.

Section 10. KRS 381.715 is repealed and reenacted as a new section of KRS Chapter 307 to read as follows:

(1) As used in this section, "cemetery lot" is a lot containing one (1) or more grave spaces and located within a cemetery registered pursuant to KRS 367.946 in a county containing an urban-county government or in a city.

(6) No judgment shall be entered declaring burial rights abandoned if an owner or heir of a cemetery lot has filed with the cemetery a statement in writing directing that certain grave spaces not be used.

Section 11. KRS 381.720 is repealed and reenacted as a new section of KRS Chapter 307 to read as follows:

Whenever in the opinion of the legislative body of a city of the first, second, third, fourth or fifth class a cemetery located within the boundaries of such city has been abandoned and the land comprising the said cemetery is needed for a public purpose, an ordinance may be enacted declaring such cemetery, as described by metes and bounds, to be abandoned and authorizing the city attorney to institute suit for the city or other governmental agency created by the city in the Circuit Court of the county in which the city is located against the property comprising the cemetery to declare the said cemetery abandoned and to vest title thereto in the said city, or any governmental agency created by it pursuant to or by authority of the Kentucky Revised Statutes.

Upon the filing of the aforesaid claim the Circuit Court shall appoint as commissioners three impartial housekeepers who are owners of land. They shall be sworn to faithfully and impartially discharge their duties. The commissioners shall view the land involved and they may hear evidence or make any inquiry they desire touching the value thereof and award to the claimants who are owners thereof the value of the property taken. They shall return a written report to the office of the clerk of the Circuit Court describing separately the property which is the subject of each claim. Either the claimant or the complainant may file exceptions to this report and demand a jury trial. The commissioners shall be allowed a reasonable fee which shall be taxed as cost.

Section 14. KRS 381.750 is repealed and reenacted as a new section of KRS Chapter 307 to read as follows:

If no claim is made within thirty days after the last advertisement, or if claims have been made and compensation duly paid either to the claimants or into court, the court shall declare the cemetery to be abandoned and enter judgment accordingly, vesting fee simple title in the complainant. (2) The order or resolution for the removal and relocation of the grave or cemetery pursuant to subsection (1) shall specify and declare that at any time after the expiration of sixty days after the first publication of notice of such intended action pursuant to KRS Ch. 424, the court shall direct the removal and relocation of the grave or cemetery.

(3) Expenses for removal and relocation of any grave or cemetery under the provisions of this section shall be paid by the individual requesting such removal or if the removal is made in the best interest of the county the expenses shall be paid from county funds.

(4) Any grave or cemetery removed under the provisions of this section shall be relocated in a suitable place at the expense of the person or county requesting such removal and relocation.

(5) For the purposes of this section a grave or cemetery shall be considered abandoned when left untended for a period of ten years preceding the date of the resolution for removal and relocation of the grave or cemetery.

Section 16. KRS 381.760 is repealed and reenacted as a new section of KRS Chapter 307 to read as follows:

If disinterment, removal, and reinterment of graves is effected by the Commonwealth of Kentucky or any of its agencies, public institutions, or political subdivisions, the United States of America or any agency thereof, or any electric power or lighting company, such disinterment, removal, and reinterment shall be performed by a funeral director duly licensed under the provisions of KRS Chapter 316; provided, however, a person holding a valid funeral director's license of another state may perform disinterment, removal and reinterment if the state in which such person is licensed has a reciprocal agreement whereby a license granted under the provisions of KRS Chapter 316 is recognized and accepted in that state.

SECTION 18. A NEW SECTION OF KRS CHAPTER 307 IS CREATED TO READ AS FOLLOWS:

(1) The secretary of the Finance and Administration Cabinet shall perform an inventory listing the number, location, and tribal affiliation, if known, of all Native American remains that are currently held by state-funded agencies, institutions, or universities. This list shall be reported to the General Assembly on or before January 15, 2005.

(2) The secretary of the Finance and Administration Cabinet shall perform an inventory listing of state-owned real estate, including but not limited to cemeteries that would be suitable for reinterment of Native American remains. This inventory shall be reported to the General Assembly on or before January 15, 2005.

Section 19. KRS 213.076 is amended to read as follows:

(1) A certificate of death or a provisional certificate of death for each death which occurs in the Commonwealth shall be filed with the cabinet or as otherwise directed by the state registrar prior to final disposition, and it shall be registered if it has been completed and filed in accordance with this section. The funeral director, or person acting as such, who first takes custody of a dead body shall be responsible for filing the certificate of death. The funeral director, or person acting as such, shall obtain the required personal and statistical particulars from the person best qualified to supply them over the signature and address of the informant. The funeral director, or person acting as such, shall within five (5) days of the death, present the certificate to the attending physician, if any, or to the health officer or coroner as directed by the state registrar, for the medical certificate of the cause of death and other particulars necessary to complete the record as required by this chapter.

(a) It shall be unlawful for an institution to release a dead human body until the funeral director, or person acting as such, has completed and filed with the local registrar or person in charge of the institution, a provisional certificate of death. If death occurs outside an institution, the provisional certificate shall be filed with the local registrar by the funeral director, or person acting as such, prior to final disposition of the dead body. A copy of the provisional certificate of death signed by the person with whom it was filed, shall constitute authority for the possession, transportation, and, except for cremation, final disposition of the body.

(b) All persons having in their possession a completed provisional certificate of death shall file the certificate at not more than weekly intervals with the local registrar.

(c) If the place of death is unknown but the dead body is found in the Commonwealth, the certificate of death shall be completed and filed in accordance with this section. The place where the body is found shall be shown as the place of death. If the date of death is unknown, it shall be determined by approximation subject to amendment upon completion of any postmortem examination required to be performed.

(d) If death occurs in a moving conveyance in the United States and the body is first removed from the conveyance in the Commonwealth, the death shall be registered in Kentucky, and the place where it is first removed shall be considered the place of death. If a death occurs on a moving conveyance while in international waters or air space or in a foreign country or its air space, and the body is first removed from the conveyance in the Commonwealth, the death shall be registered in Kentucky, but the certificate shall show the actual place of death insofar as can be determined.

(e) Effective January 1, 2005, in the case of a death in which the body or cremated remains are to be placed in a grave, vault, tomb, crypt, or niche, the specific location of the grave, vault, tomb, crypt, or niche within a cemetery shall be listed in the appropriate location on the death certificate by the individual responsible for filing the certificate of death.

(2) If any certificate of death is incomplete or unsatisfactory, the state registrar shall call attention to the defects in the certificate and require the person responsible for the entry to complete or correct it. The state registrar may also require additional information about the circumstances and medical conditions surrounding a death in order to properly code and classify the underlying cause.

(3) The medical certification shall be completed, signed, and returned to the funeral director within five (5) working days after presentation to the physician, dentist, or chiropractor in charge of the patient's care for the illness or condition which resulted in death, except when inquiry is required by KRS 72.400 to 72.475. In such cases, the coroner shall complete and sign the certificate within five (5) days after receiving results of the inquiry as required by KRS 72.400 to 72.475. In the absence of the physician, dentist, or chiropractor, or with such person's approval, the certificate may be completed and signed by his associate physician, dentist, or chiropractor, or the chief medical officer of the institution in which death occurred, or the physician who performed an autopsy upon the decedent, or a physician employed by the local health department, if the individual has access to the medical history of the case and death is due to natural causes.

(4) If death occurs more than thirty-six (36) hours after the decedent was last treated or attended by a physician, dentist, or chiropractor, the case shall be referred to the coroner for investigation to determine and certify the cause of death. In the event that a coroner is not available to sign the certificate and there is no duly appointed deputy, the county judge/executive shall appoint a competent person to investigate the death and certify to its cause.

(5) (a) The physician, dentist, chiropractor, or coroner who certifies to the cause of death shall return the certificate to the funeral director, or person acting as such, who, in turn, shall file the certificate directly with the Office of Vital Statistics. Any certified copies of the record requested at the time of filing shall be issued in not more than two (2) working days.

(b) In the case of a death in which diabetes was an underlying cause or contributing condition, diabetes shall be listed in the appropriate location on the death certificate by the physician, dentist, chiropractor, or coroner who certifies to the cause of death.

(c) In the case of a death in which diabetes was an immediate, underlying, or contributing cause of or condition leading to death, the physician, dentist, chiropractor, or coroner who certifies to the cause of death shall check "yes" for each of the following questions on the death certificate:

1. "Did the deceased have diabetes?"; and

2. "Was diabetes an immediate, underlying, or contributing cause of or condition leading to death?".

(6) The Office of Vital Statistics shall provide self-addressed, color-coded envelopes for the funeral homes in the Commonwealth of Kentucky.

(7) Three (3) free verification-of-death statements shall be provided to the funeral director by the Office of Vital Statistics for every death in the Commonwealth of Kentucky.

(8) The body of any person whose death occurs in Kentucky shall not be interred, deposited in a vault or tomb, cremated, or otherwise disposed of, or removed from or into any registration district, until a provisional certificate of death has been filed with the local registrar of the registration district in which the death occurs. If the death occurred from a disease declared by the Cabinet for Health Services to be infectious, contagious, or communicable and dangerous to the public health, no permit for the removal or other disposition of the body shall be granted by the registrar except under conditions prescribed by the Cabinet for Health Services and the local health department. The Cabinet for Health Services shall identify by regulation those communicable diseases which require blood and body fluid precautions. If a person who has been diagnosed as being infected with a communicable disease for which blood and body fluid precautions are required, dies within a health facility as defined in KRS 216B.015, the facility shall notify any embalmer or funeral director to whom the body will be transported of the need for such precautions. The notice shall be provided by including the statement "Blood and Body Fluid Precautions" on the provisional report-of-death form as prescribed by the Cabinet for Health Services. Lack of this notice shall not relieve any embalmer or funeral director from taking universal blood and body fluid precautions as are recommended by the United States Department of Health and Human Services, Centers for Disease Control for Morticians' Services. No embalmer or funeral director shall charge more for embalming the remains of a person with a communicable disease which requires blood and body fluid precautions than the price for embalming services listed on the price list funeral providers are required to maintain and provide to consumers pursuant to 16 C.F.R. Sec. 453.2 (1988).

(9) A burial-transit permit for the final disposition issued under the law of another state which accompanies a dead body or fetus brought into the Commonwealth shall be the authority for final disposition of the body or fetus in the Commonwealth and may be accepted in lieu of a certificate of death. There shall be noted on the face of the record made for return to the local registrar that the body was shipped to Kentucky for interment and the actual place of death.

(10) Nothing in this section shall be construed to delay, beyond a reasonable time, the interment or other disposition of a body unless the services of the coroner or the health officer are required or the Department for Public Health deems it necessary for the protection of the public health. If compliance with this section would result in unreasonable delay in the disposition of the body the funeral director, or person acting as such, shall file with the local registrar or deputy registrar prior to interment a provisional certificate of death which shall contain the name, date, and place of death of the deceased, the name of the medical certifier, and an agreement to furnish within ten (10) days a complete and satisfactory certificate of death.

(11) No sexton or other person in charge of any place in which interment or other disposition of dead bodies is made shall inter or allow interment or other disposition of a dead body or fetus unless it is accompanied by a copy of the provisional certificate of death. The sexton, or if there is no sexton, the funeral director, or person acting as such, shall enter on the provisional certificate over his signature, the date, place, and manner of final disposition and file the certificate within five (5) days with the local registrar.

(12) Authorization for disinterment, transportation, and reinterment or other disposition shall be required prior to disinterment of any human remains. The authorization shall be issued by the state registrar upon proper application. The provisions of this subsection shall apply to all manners of disposition except cremation and without regard for the time and place of death. The provisions of KRS 381.765 shall not apply to remains removed for scientific study and the advancement of knowledge.

(13) After a death certificate has been on file for five (5) years, it may not be changed in any manner except upon order of a court. Prior to that time, requests for corrections, amendments, or additions shall be accompanied by prima facie evidence which supports the requested change.

SECTION 20. A NEW SECTION OF KRS CHAPTER 307 IS CREATED TO READ AS FOLLOWS:

(1) Every public cemetery shall keep sufficient records of the specific location of every burial or interment in the cemetery occurring after the effective date of this Act. These records shall be kept at the cemetery's principal place of business and made available to the family of the deceased and other persons as each cemetery may determine.

(2) The records maintained shall be specific enough for an individual, after reviewing these records, to locate the specific grave, vault, tomb, crypt, or niche of an individual interred in that cemetery.

(3) Any cemetery or cemetery owner who violates subsection (1) of this section shall be fined not less than one hundred dollars ($100) nor more than five hundred dollars ($500) for each offense.

(g) Descendants and family members of the deceased person shall conduct themselves in a manner that does not damage the private lands, cemetery, or grave sites, and shall be liable to the owner of the private lands for any damage caused as a result of their access; and

(h) Nothing shall require the landowner to build any fences or supply gates, but if the descendants negotiate for an access route, any fencing, road creation, or maintenance shall be at the expense of the descendants. The access route shall not interfere with the landowner's operation.

(2) The right of ingress to and egress from the location of the burial of descendants' and family members' ancestors and relatives on privately owned lands in the Commonwealth that is recognized by the General Assembly in subsection (1) of this section is not intended to alter the recognized common law right of a person to visit the grave site of a deceased relative, nor shall it alter any easements, licenses, privileges, or other dedications which grant the right to visit the grave sites of deceased relatives and are in existence on the effective date of this Act.

(3) Any person denied reasonable access under the provisions of subsection (1) of this section may bring an action in the Circuit Court of the county in which the cemetery or grave site is located to enjoin the owner of the private lands on which the cemetery or grave is located, or his or her agent, from denying the person reasonable ingress to and egress from the cemetery or grave site for the purposes set forth in subsection (1) of this section. In granting any relief, the court may set the frequency of access, hours, and duration of the access.

(4) A landowner who violates the provisions of this section shall be guilty of a Class B misdemeanor

Section 4. KRS 382.110 is amended to read as follows:

(1) All deeds, mortgages and other instruments required by law to be recorded to be effectual against purchasers without notice, or creditors, shall be recorded in the county clerk's office of the county in which the property conveyed, or the greater part thereof, is located.

(2) No county clerk or deputy county clerk shall admit to record any deed of conveyance of any interest in real property equal to or greater than a life estate, unless the deed plainly specifies and refers to the next immediate source from which the grantor derived title to the property or the interest conveyed therein.

(3) If the source of title is a deed or other recorded writing, the deed offered for record shall refer to the former deed or writing, and give the office, book and page where recorded, and the date thereof. If the property or interest therein is obtained by inheritance or in any other way than by recorded instrument of writing, the deed offered for record shall state clearly and accurately how and from whom the title thereto was obtained by the grantor.

(4) If the title to the property or interest conveyed is obtained from two (2) or more sources, the deed offered for record shall plainly specify and refer to each of the sources in the manner provided in subsections (2) and (3), and shall show which part of the property, or interest therein, was obtained from each of the sources.

(5) *If the property to be conveyed contains a cemetery or grave site and this fact is known to the grantor, then that fact shall be noted on the deed or other instrument offered for record. If known to the grantor, the location of the cemetery or grave site shall also be noted on the deed or other instrument offered for record. Nothing in this section shall require the landowner to provide a survey.*

(6) No grantor shall lodge for record, and no county clerk or deputy shall receive and permit to be lodged for record, any deed that does not comply with the provisions of this section.

(7)[~~(6)~~] No clerk or deputy clerk shall be liable to the fine imposed by subsection (1) of KRS 382.990 because of any erroneous or false references in any such deed, nor because of the omission of a reference required by law where it does not appear on the face of such deed that the title to the property or interest conveyed was obtained from more than one (1) source.

(8)[~~(7)~~] This section does not apply to deeds made by any court commissioner, sheriff or by any officer of court in pursuance of his duty as such officer, nor to any deed or instrument made and acknowledged before March 20, 1928. No deed shall be invalid because it is lodged contrary to the provisions of this section.

The fact that graves are not visible on any part of the grounds shall not be construed as evidence that such grounds were not set aside and used for burial purposes.

Section 9. KRS 381.715 is repealed and reenacted as a new section of KRS Chapter 307 to read as follows:

(1) As used in this section, "cemetery lot" is a lot containing one (1) or more grave spaces and located within a cemetery registered pursuant to KRS 367.946 in a county containing an urban-county government or in a city.

The defendants in the action shall be the unknown heirs of the original owner of the burial rights in the lots in question.

(3) The petition shall include the following:

(4) Service of process shall be by warning order attorney, appointed by the court pursuant to CR 4.07.

(5) If the court finds the allegations set forth in paragraph (d) of subsection (3) of this section to be true, the court shall enter judgment deeming the burial rights in the lots in question abandoned and authorizing the cemetery to sell the rights.

(6) No judgment shall be entered declaring burial rights abandoned if an owner or heir of a cemetery lot has filed with the cemetery a statement in writing directing that certain grave spaces not be used.

Section 10. KRS 381.720 is repealed and reenacted as a new section of KRS Chapter 307 to read as follows:

Whenever in the opinion of the legislative body of a city of the first, second, third, fourth or fifth class a cemetery located within the boundaries of such city has been abandoned and the land comprising the said cemetery is needed for a public purpose, an ordinance may be enacted declaring such cemetery, as described by metes and bounds, to be abandoned and authorizing the city attorney to institute suit for the city or other governmental agency created by the city in the Circuit Court of the county in which the city is located against the property comprising the cemetery to declare the said cemetery abandoned and to vest title thereto in the said city, or any governmental agency created by it pursuant to or by authority of the Kentucky Revised Statutes.

Upon the filing of the aforesaid claim the Circuit Court shall appoint as commissioners three impartial housekeepers who are owners of land. They shall be sworn to faithfully and impartially discharge their duties. The commissioners shall view the land involved and they may hear evidence or make any inquiry they desire touching the value thereof and award to the claimants who are owners thereof the value of the property taken. They shall return a written report to the office of the clerk of the Circuit Court describing separately the property which is the subject of each claim. Either the claimant or the complainant may file exceptions to this report and demand a jury trial. The commissioners shall be allowed a reasonable fee which shall be taxed as cost.

Section 13. KRS 381.750 is repealed and reenacted as a new section of KRS Chapter 307 to read as follows:

If no claim is made within thirty days after the last advertisement, or if claims have been made and compensation duly paid either to the claimants or into court, the court shall declare the cemetery to be abandoned and enter judgment accordingly, vesting fee simple title in the complainant. (2) The order or resolution for the removal and relocation of the grave or cemetery pursuant to subsection (1) shall specify and declare that at any time after the expiration of sixty days after the first publication of notice of such intended action pursuant to KRS Ch. 424, the court shall direct the removal and relocation of the grave or cemetery.

(3) Expenses for removal and relocation of any grave or cemetery under the provisions of this section shall be paid by the individual requesting such removal or if the removal is made in the best interest of the county the expenses shall be paid from county funds.

(4) Any grave or cemetery removed under the provisions of this section shall be relocated in a suitable place at the expense of the person or county requesting such removal and relocation.

(5) For the purposes of this section a grave or cemetery shall be considered abandoned when left untended for a period of ten

years preceding the date of the resolution for removal and relocation of the grave or cemetery.

Section 15. KRS 381.760 is repealed and reenacted as a new section of KRS Chapter 307 to read as follows:

The cost of the proceeding shall be borne by the complainant, and the burden of proof shall be upon the claimant to establish his interest and to establish that it has not been abandoned.

Section 16. KRS 381.765 is repealed and reenacted as a new section of KRS Chapter 307 to read as follows:

If disinterment, removal, and reinterment of graves is effected by the Commonwealth of Kentucky or any of its agencies, public institutions, or political subdivisions, the United States of America or any agency thereof, or any electric power or lighting company, such disinterment, removal, and reinterment shall be performed by a funeral director duly licensed under the provisions of KRS Chapter 316; provided, however, a person holding a valid funeral director's license of another state may perform disinterment, removal and reinterment if the state in which such person is licensed has a reciprocal agreement whereby a license granted under the provisions of KRS Chapter 316 is recognized and accepted in that state.

SECTION 17. A NEW SECTION OF KRS CHAPTER 307 IS CREATED TO READ AS FOLLOWS:

(1) The secretary of the Finance and Administration Cabinet shall perform an inventory listing the number, location, and tribal affiliation, if known, of all Native American remains that are currently held by state-funded agencies, institutions, or universities. This list shall be reported to the General Assembly on or before January 15, 2005.

(2) The secretary of the Finance and Administration Cabinet shall perform an inventory listing of state-owned real estate, including but not limited to cemeteries that would be suitable for reinterment of Native American remains. This inventory shall be reported to the General Assembly on or before January 15, 2005.

Section 18. KRS 213.076 is amended to read as follows:

(1) A certificate of death or a provisional certificate of death for each death which occurs in the Commonwealth shall be filed with the cabinet or as otherwise directed by the state registrar prior to final disposition, and it shall be registered if it has been completed and filed in accordance with this section. The funeral director, or person acting as such, who first takes custody of a dead body shall be responsible for filing the certificate of death. The funeral director, or person acting as such, shall obtain the required personal and statistical particulars from the person best qualified to supply them over the signature and address of the informant. The funeral director, or person acting as such, shall within five (5) days of the death, present the certificate to the attending physician, if any, or to the health officer or coroner as directed by the state registrar, for the medical certificate of the cause of death and other particulars necessary to complete the record as required by this chapter.

(a) It shall be unlawful for an institution to release a dead human body until the funeral director, or person acting as such, has completed and filed with the local registrar or person in charge of the institution, a provisional certificate of death. If death occurs outside an institution, the provisional certificate shall be filed with the local registrar by the funeral director, or person acting as such, prior to final disposition of the dead body. A copy of the provisional certificate of death signed by the person with whom it was filed, shall constitute authority for the possession, transportation, and, except for cremation, final disposition of the body.

(b) All persons having in their possession a completed provisional certificate of death shall file the certificate at not more than weekly intervals with the local registrar.

(c) If the place of death is unknown but the dead body is found in the Commonwealth, the certificate of death shall be completed and filed in accordance with this section. The place where the body is found shall be shown as the place of death. If the date of death is unknown, it shall be determined by approximation subject to amendment upon completion of any postmortem examination required to be performed.

(d) If death occurs in a moving conveyance in the United States and the body is first removed from the conveyance in the Commonwealth, the death shall be registered in Kentucky, and the place where it is first removed shall be considered the place of death. If a death occurs on a moving conveyance while in international waters or air space or in a foreign country or its air space, and the body is first removed from the conveyance in the Commonwealth, the death shall be registered in Kentucky, but the certificate shall show the actual place of death insofar as can be determined.

(e) Effective January 1, 2005, in the case of a death in which the body or cremated remains are to be placed in a grave, vault, tomb, crypt, or niche, the specific location of the grave, vault, tomb, crypt, or niche within a cemetery shall be listed in the appropriate location on the death certificate by the individual responsible for filing the certificate of death.

(2) If any certificate of death is incomplete or unsatisfactory, the state registrar shall call attention to the defects in the certificate and require the person responsible for the entry to complete or correct it. The state registrar may also require additional information about the circumstances and medical conditions surrounding a death in order to properly code and classify the underlying cause.

(3) The medical certification shall be completed, signed, and returned to the funeral director within five (5) working days after presentation to the physician, dentist, or chiropractor in charge of the patient's care for the illness or condition which resulted in death, except when inquiry is required by KRS 72.400 to 72.475. In such cases, the coroner shall complete and sign the certificate within five (5) days after receiving results of the inquiry as required by KRS 72.400 to 72.475. In the

absence of the physician, dentist, or chiropractor, or with such person's approval, the certificate may be completed and signed by his associate physician, dentist, or chiropractor, or the chief medical officer of the institution in which death occurred, or the physician who performed an autopsy upon the decedent, or a physician employed by the local health department, if the individual has access to the medical history of the case and death is due to natural causes.

(4) If death occurs more than thirty-six (36) hours after the decedent was last treated or attended by a physician, dentist, or chiropractor, the case shall be referred to the coroner for investigation to determine and certify the cause of death. In the event that a coroner is not available to sign the certificate and there is no duly appointed deputy, the county judge/executive shall appoint a competent person to investigate the death and certify to its cause.

(5) (a) The physician, dentist, chiropractor, or coroner who certifies to the cause of death shall return the certificate to the funeral director, or person acting as such, who, in turn, shall file the certificate directly with the Office of Vital Statistics. Any certified copies of the record requested at the time of filing shall be issued in not more than two (2) working days.

(b) In the case of a death in which diabetes was an underlying cause or contributing condition, diabetes shall be listed in the appropriate location on the death certificate by the physician, dentist, chiropractor, or coroner who certifies to the cause of death.

(c) In the case of a death in which diabetes was an immediate, underlying, or contributing cause of or condition leading to death, the physician, dentist, chiropractor, or coroner who certifies to the cause of death shall check "yes" for each of the following questions on the death certificate:

1. "Did the deceased have diabetes?"; and

2. "Was diabetes an immediate, underlying, or contributing cause of or condition leading to death?".

(6) The Office of Vital Statistics shall provide self-addressed, color-coded envelopes for the funeral homes in the Commonwealth of Kentucky.

(7) Three (3) free verification-of-death statements shall be provided to the funeral director by the Office of Vital Statistics for every death in the Commonwealth of Kentucky.

(8) The body of any person whose death occurs in Kentucky shall not be interred, deposited in a vault or tomb, cremated, or otherwise disposed of, or removed from or into any registration district, until a provisional certificate of death has been filed with the local registrar of the registration district in which the death occurs. If the death occurred from a disease declared by the Cabinet for Health Services to be infectious, contagious, or communicable and dangerous to the public health, no permit for the removal or other disposition of the body shall be granted by the registrar except under conditions prescribed by the Cabinet for Health Services and the local health department. The Cabinet for Health Services shall identify by regulation those communicable diseases which require blood and body fluid precautions. If a person who has been diagnosed as being infected with a communicable disease for which blood and body fluid precautions are required, dies within a health facility as defined in KRS 216B.015, the facility shall notify any embalmer or funeral director to whom the body will be transported of the need for such precautions. The notice shall be provided by including the statement "Blood and Body Fluid Precautions" on the provisional report-of-death form as prescribed by the Cabinet for Health Services. Lack of this notice shall not relieve any embalmer or funeral director from taking universal blood and body fluid precautions as are recommended by the United States Department of Health and Human Services, Centers for Disease Control for Morticians' Services. No embalmer or funeral director shall charge more for embalming the remains of a person with a communicable disease which requires blood and body fluid precautions than the price for embalming services listed on the price list funeral providers are required to maintain and provide to consumers pursuant to 16 C.F.R. Sec. 453.2 (1988).

(9) A burial-transit permit for the final disposition issued under the law of another state which accompanies a dead body or fetus brought into the Commonwealth shall be the authority for final disposition of the body or fetus in the Commonwealth and may be accepted in lieu of a certificate of death. There shall be noted on the face of the record made for return to the local registrar that the body was shipped to Kentucky for interment and the actual place of death.

(10) Nothing in this section shall be construed to delay, beyond a reasonable time, the interment or other disposition of a body unless the services of the coroner or the health officer are required or the Department for Public Health deems it necessary for the protection of the public health. If compliance with this section would result in unreasonable delay in the disposition of the body the funeral director, or person acting as such, shall file with the local registrar or deputy registrar prior to interment a provisional certificate of death which shall contain the name, date, and place of death of the deceased, the name of the medical certifier, and an agreement to furnish within ten (10) days a complete and satisfactory certificate of death.

(11) No sexton or other person in charge of any place in which interment or other disposition of dead bodies is made shall inter or allow interment or other disposition of a dead body or fetus unless it is accompanied by a copy of the provisional certificate of death. The sexton, or if there is no sexton, the funeral director, or person acting as such, shall enter on the provisional certificate over his signature, the date, place, and manner of final disposition and file the certificate within five (5) days with the local registrar.

(12) Authorization for disinterment, transportation, and reinterment or other disposition shall be required prior to disinterment

of any human remains. The authorization shall be issued by the state registrar upon proper application. The provisions of this subsection shall apply to all manners of disposition except cremation and without regard for the time and place of death. The provisions of KRS 381.765 shall not apply to remains removed for scientific study and the advancement of knowledge.

(13) After a death certificate has been on file for five (5) years, it may not be changed in any manner except upon order of a court. Prior to that time, requests for corrections, amendments, or additions shall be accompanied by prima facie evidence which supports the requested change.

SECTION 19. A NEW SECTION OF KRS CHAPTER 307 IS CREATED TO READ AS FOLLOWS:

(1) Every public cemetery shall keep sufficient records of the specific location of every burial or interment in the cemetery occurring after the effective date of this Act. These records shall be kept at the cemetery's principal place of business and made available to the family of the deceased and other persons as each cemetery may determine.

(2) The records maintained shall be specific enough for an individual, after reviewing these records, to locate the specific grave, vault, tomb, crypt, or niche of an individual interred in that cemetery.

(3) Any cemetery or cemetery owner who violates subsection (1) of this section shall be fined not less than one hundred dollars ($100) nor more than five hundred dollars ($500) for each offense.

SECTION 3. A NEW SECTION OF KRS CHAPTER 171 IS CREATED TO READ AS FOLLOWS:

(1) (a) The owner of the land on which a cemetery is located shall maintain its integrity and shall permit reasonable ingress to and egress from the location of the burial to the descendants and family members of persons buried

in the cemetery, subject to the following conditions:

1. Reasonable notice shall be given by the descendants and family members to the landowner and the occupant of the land, if different, of their intention to access the land where the deceased is buried;

2. The access shall be limited to the purposes of visiting the grave, maintaining the grave, and conducting genealogical research;

3. The access route shall be designated by the landowner or by an obvious access route that is visible from view of the property;

4. The time and manner of access shall be designated by the landowner and both shall be reasonable; and

5. Descendants and family members of the deceased person shall conduct themselves in a manner that does not damage the private lands, the cemetery, or grave sites, and they shall be liable to the owner of the private lands for any damage caused as a result of their access.

(b) A landowner who violates the provisions of paragraph (a) of this subsection shall be guilty of a Class B misdemeanor.

(2) The right of ingress to and egress from the location of the burial of descendants' and family members' ancestors and relatives on privately owned lands in the Commonwealth as provided in subsection (1) of this section is not intended to alter the recognized common law right of a person to visit the grave site of a deceased relative nor shall it alter any easements, licenses, privileges, or other dedications that grant the right to visit the grave sites of deceased relatives and that are in existence on the effective date of this Act.

(3) Any person denied reasonable access under the provisions of subsection (1) of this section may bring an action in the Circuit Court of the county in which the cemetery or grave site is located to enjoin the owner of the private lands on which the cemetery or grave is located, or his or her agent, from denying the person reasonable ingress to and egress from the cemetery or grave site for the purposes set forth in subsection (1) of this section. (2) (a) Within the period of detention described in subsection (1) of this section, exclusive of weekends and holidays, a detention hearing shall be held by the judge or trial commissioner of the court for the purpose of determining whether the child shall be further detained.   (b) If the court orders a child detained further after the detention hearing, that detention shall be served as follows:

    1. If the child is charged with a capital offense, Class A felony, or Class B felony, detention shall occur in either a secure juvenile detention facility or a juvenile holding facility pending the child's next court appearance subject to the court's review of the detention order prior to that court appearance.

    2. If it is alleged that the child is a status offender, detention shall occur in a nonsecure setting approved by the Department of Juvenile Justice pending the child's next court appearance subject to the court's review of the detention order prior to the next court appearance.

    3. If a status offender is charged with violating a valid court order, and the court orders the child to serve detention, that detention shall be served in a nonsecure setting approved by the Department of Juvenile Justice unless the court issues an order in accordance with the requirements of subparagraph 4. of this paragraph.

If a sufficient prior written report is included in the child's file, that report may be used to satisfy this requirement. The child may be securely detained for a period not to exceed seventy-two (72) hours pending receipt and review of the report by the court. The court shall conduct a violation hearing within twenty-four (24) hours of the receipt of the report. If the report is available at the time of the detention hearing, the violation hearing may be conducted at the same time as the detention hearing. The hearing shall be conducted in accordance with the provisions of KRS 610.060. The findings required by this subsection shall be included in any order issued by the court which results in the secure detention of a status offender.

5. If the child is charged with a public offense, or contempt of court on an underlying public offense, and the county in which the case is before the court is not served by a state operated secure detention facility under the statewide detention plan, detention may occur in a secure juvenile detention facility, juvenile holding facility, or a nonsecure setting approved by the Department of Juvenile Justice pending the child's next court appearance, subject to the court's review of the detention order prior to that court appearance.

(3)~~[(2)]~~ Whether the child is released before or after a hearing, or is detained as a result of such hearing, the child and his parents, person exercising custodial control or supervision or other responsible adult shall be given written notice of the time and place of the adjudicatory hearing concerning the child and an account of the specific charges against the child, including the specific statute alleged to have been violated. However, no parent, guardian, or person exercising custodial control shall be ordered to make restitution or reparation unless the court has provided notice of the hearing, provided opportunity to be heard, and made a finding that the person's failure to exercise reasonable control or supervision was a substantial factor in the child's delinquency; or

(2) Place the child~~[on probation, home incarceration, or]~~ under ***parental*** supervision in the child's own home or in a suitable home or boarding home, upon the conditions that the court shall determine***, or place the child on probation under conditions that the court shall determine and sanctions that may be imposed if the conditions are violated***. A child placed on probation~~[, home incarceration, or supervision]~~ shall be subject to the visitation and supervision of a probation officer or an employee of the Department of Juvenile Justice~~[and, unless the court's order contains a specific sanction to be imposed in the event that a violation of probation occurs, a violation of probation may result in commitment]~~. Except as provided in KRS 635.083, a child placed on probation~~[, home incarceration,]~~ or ***parental*** supervision shall remain subject to the jurisdiction of the court until the child becomes eighteen (18) years of age, unless the child is discharged prior thereto by the court, except that if a person is placed on probation~~[, home incarceration, or supervision]~~ after the person reaches the age of seventeen (17) years and six (6) months, the probation~~[, home incarceration, or supervision]~~ shall be for a period not to exceed one (1) year; or

The Department of Juvenile Justice shall pay for the cost of detention from the date of commitment or recommitment, on the current charge, until the child is removed from the detention facility and placed. All orders of commitment may include advisory recommendations the court may deem proper in the best interests of the child and of the public. The commitment or placement shall be until the age of eighteen (18), subject to KRS 635.070 and to the power of the court to terminate the order and discharge the child prior thereto, except that if the commitment or placement is after a person has reached the age of seventeen (17) years and six (6) months, the commitment or placement shall be for an indeterminate period not to exceed one (1) year. The court, in its discretion, upon motion by the child and with the concurrence of the Department of Juvenile Justice, may authorize an extension of commitment up to age twenty-one (21) to permit the Department of Juvenile Justice to assist the child in establishing independent living arrangements; or

(4) If the child is fourteen (14) years of age but less than sixteen (16) years of age, order that the child be confined in an approved secure juvenile detention facility, juvenile holding facility, or approved detention program as authorized by the Department of Juvenile Justice in accordance with KRS Chapter 15A for a period of time not to exceed forty-five (45) days; or

The child and his parent or other person exercising custodial control or supervision shall be given an opportunity to be heard and to be represented by counsel at the preliminary hearing.

(4) A child taken into custody as provided in subsection (1) of this section shall be returned to the active custody of the Department of Juvenile Justice within three (3) days, exclusive of weekends and holidays, and no administrative hearing shall be required.

(3) Any child held in custody pursuant to this section shall be sight and sound separated from any adult prisoners held in secure custody at the same location***, and shall not be handcuffed to or otherwise securely attached to any stationary object***.

Section 3. KRS 610.265 is amended to read as follows:

Any child who is accused of committing a public offense or of being in contempt of court on an underlying public offense may be detained in a secure juvenile detention facility or juvenile holding facility for a period of time not to exceed forty-eight (48) hours, exclusive of weekends and holidays or, if neither is reasonably available, an intermittent holding facility, for a period of time not to exceed twenty-four (24) hours, exclusive of weekends and holidays pending a detention hearing.

(2) (a) Within the period of detention described in subsection (1) of this section, exclusive of weekends and holidays, a detention hearing shall be held by the judge or trial commissioner of the court for the purpose of determining whether the child shall be further detained. At the hearing held pursuant to this subsection, the court shall consider the nature of the offense, the child's background and history, and other information relevant to the child's conduct or condition.

(b) If the court orders a child detained further after the detention hearing, that detention shall be served as follows:

1. If the child is charged with a capital offense, Class A felony, or Class B felony, detention shall occur in either a secure juvenile detention facility or a juvenile holding facility pending the child's next court appearance subject to the court's review of the detention order prior to that court appearance.

2. If it is alleged that the child is a status offender, detention shall occur in a nonsecure setting approved by the Department of Juvenile Justice pending the child's next court appearance subject to the court's review of the detention order prior to the next court appearance.

3. If a status offender is charged with violating a valid court order, and the court orders the child to serve detention, that detention shall be served in a nonsecure setting approved by the Department of Juvenile Justice unless the court issues an order in accordance with the requirements of subparagraph 4. of this paragraph.

4. Prior to ordering a status offender who is subject to a valid court order securely detained because the child violated the valid court order, the court shall:

b. Make a determination during the detention hearing that there is probable cause to believe that the child violated the valid court order; and

c. Within seventy-two (72) hours of the initial detention of the child, exclusive of weekends and holidays, receive an oral report in court and on the record delivered by an appropriate public agency other than the court or a law enforcement agency, or receive and review a written report prepared by an appropriate public agency other than the court or a law enforcement agency that reviews the behavior of the child and the circumstances under which the child was brought before the court, determines the reasons for the child's behavior, and determines whether all dispositions other than secure detention have been exhausted or are inappropriate. If a sufficient prior written report is included in the child's file, that report may be used to satisfy this requirement. The child may be securely detained for a period not to exceed seventy-two (72) hours pending receipt and review of the report by the court. The court shall conduct a violation hearing within twenty-four (24) hours of the receipt of the report. If the report is available at the time of the detention hearing, the violation hearing may be conducted at the same time as the detention hearing. The hearing shall be conducted in accordance with the provisions of KRS 610.060. The findings required by this subsection shall be included in any order issued by the court which results in the secure detention of a status offender.

5. If the child is charged with a public offense, or contempt of court on an underlying public offense, and the county in which the case is before the court is not served by a state operated secure detention facility under the statewide detention plan, detention may occur in a secure juvenile detention facility, juvenile holding facility, or a nonsecure setting approved by the Department of Juvenile Justice pending the child's next court appearance, subject to the court's review of the detention order prior to that court appearance.

6. If the child is charged with a public offense, or contempt on a public offense, and the county in which the case is before the court is served by a state operated secure detention facility under the statewide detention plan, the child shall be referred to the Department of Juvenile Justice for a security assessment and placement in an approved detention facility or program pending the child's next court appearance.

(c) ***If the detention hearing is not held as provided in subsection (1) of this section, the child shall be released as provided in Section 4 of this Act.***

(2) The~~[A]~~ child shall have a right to counsel at his detention hearing determining his right to freedom pending the disposition of his case, and his parents, person exercising custodial control or supervision or other responsible adult shall have a right to attend the hearing if such attendance will not unnecessarily delay the hearing. (3)~~[(2)]~~ Whether the child is released before or after a hearing, or is detained as a result of such hearing, the child and his parents, person exercising custodial control or supervision or other responsible adult shall be given written notice of the time and place of the adjudicatory hearing concerning the child and an account of the specific charges against the child, including the specific statute alleged to have been violated. However, no parent, guardian, or person exercising custodial control shall be ordered to make restitution or reparation unless the court has provided notice of the hearing, provided opportunity to be heard, and made a finding that the person's failure to exercise reasonable control or supervision was a substantial factor in the child's delinquency; or

(2) Place the child~~[on probation, home incarceration, or]~~ under ***parental*** supervision in the child's own home or in a suitable home or boarding home, upon the conditions that the court shall determine***, or place the child on probation under conditions that the court shall determine and sanctions that may be imposed if the conditions are violated***. A child placed on probation~~[, home incarceration, or supervision]~~ shall be subject to the visitation and supervision of a probation officer or an employee of the Department of Juvenile Justice~~[and, unless the court's order contains a specific sanction to be imposed in the event that a violation of probation occurs, a violation of probation may result in commitment]~~. Except as provided in KRS 635.083, a child placed on probation~~[, home incarceration,]~~ or ***parental*** supervision shall remain subject to the jurisdiction of the court until the child becomes eighteen (18) years of age, unless the child is discharged prior thereto by the court, except that if a person is placed on probation~~[, home incarceration, or supervision]~~ after the person reaches the age of seventeen (17) years and six (6) months, the probation~~[, home incarceration, or supervision]~~ shall be for a period not to exceed one (1) year; or

(3) Commit or recommit the child to the custody~~[or guardianship]~~ of the Department of Juvenile Justice, ***or grant guardianship to*** a child-caring facility, a child-placing agency authorized to care for the child, or place the child under the custody and supervision of a suitable person. The Department of Juvenile Justice shall pay for the cost of detention from the date of commitment or recommitment, on the current charge, until the child is removed from the detention facility and placed. All orders of commitment may include advisory recommendations the court may deem proper in the best interests of the child and of the public. The commitment or placement shall be until the age of eighteen (18), subject to KRS 635.070 and to the power of the court to terminate the order and discharge the child prior thereto, except that if the commitment or placement is after a person has reached the age of seventeen (17) years and six (6) months, the commitment or placement shall be for an indeterminate period not to exceed one (1) year. The court, in its discretion, upon motion by the child and with the concurrence of the Department of Juvenile Justice, may authorize an extension of commitment up to age twenty-one (21) to permit the Department of Juvenile Justice to assist the child in establishing independent living arrangements; or

(4) If the child is fourteen (14) years of age but less than sixteen (16) years of age, order that the child be confined in an approved secure juvenile detention facility, juvenile holding facility, or approved detention program as authorized by the Department of Juvenile Justice in accordance with KRS Chapter 15A for a period of time not to exceed forty-five (45) days; or

The child and his parent or other person exercising custodial control or supervision shall be given an opportunity to be heard and to be represented by counsel at the preliminary hearing.

(4) A child taken into custody as provided in subsection (1) of this section shall be returned to the active custody of the Department of Juvenile Justice within three (3) days, exclusive of weekends and holidays, and no administrative hearing shall be required.

(2) In determining compatibility, the secretary shall consider:

(3) The secretary shall review any agreement on an annual basis to determine its continued compatibility with the Kentucky prescription drug monitoring program.

(4) The secretary shall prepare an annual report to the Governor and the Legislative Research Commission that summarizes any agreement under this section and that analyzes the effectiveness of that agreement in monitoring the dispensing of controlled substances in the Commonwealth.

(5) Any agreement between the cabinet and another state shall prohibit the sharing of information about a Kentucky resident, practitioner, pharmacist, or other prescriber for any purpose not otherwise authorized by this section or Section 1 of this Act.

Section 4. KRS 315.0351 is amended to read as follows:

A report containing this information shall be made to the board on an annual basis and within thirty (30) days after any change of office, corporate officer, or pharmacist.

(3) Every out-of-state pharmacy granted an out-of-state pharmacy permit shall comply with all statutorily-authorized directions and requests for information from any regulatory agency of the Commonwealth and from the board in accordance with the provisions of this section. The out-of-state pharmacy shall maintain at all times a valid unexpired permit, license, or registration to conduct the pharmacy in compliance with the laws of the *jurisdiction*[~~state~~] in which it is a resident. As a prerequisite to seeking a permit from the Kentucky Board of Pharmacy, the out-of-state pharmacy shall submit a copy of the most recent inspection report resulting from an inspection conducted by the regulatory or licensing agency of the *jurisdiction*[~~state~~] in which it is located. Thereafter, the out-of-state pharmacy granted a permit shall submit to the Kentucky Board of Pharmacy a copy of any subsequent inspection report on the pharmacy conducted by the regulatory or licensing body of the *jurisdiction*[~~state~~] in which it is located.

(4) Every out-of-state pharmacy granted an out-of-state pharmacy permit by the board shall maintain records of any controlled substances or dangerous drugs or devices dispensed to patients in the Commonwealth so that the records are readily retrievable from the records of other drugs dispensed.

The House of Representatives of the Commonwealth of Kentucky hereby offers a most enthusiastic welcome to the statewide winners of the "We The People" Competition from Ohio County High School as they join together to be honored in the House Chamber during the 2004 Regular Session of the Kentucky General Assembly. A nationally acclaimed civic education program which seeks to teach young people the history and philosophy of the U.S. Constitution and the Bill of Rights, this phenomenal program offers elementary and secondary students the opportunity to learn about the institutions of American constitutional democracy and to enhance their understanding of the contemporary relevance of the Constitution and the Bill of Rights. This unique program culminates in participants gathering to simulate a congressional hearing where they may demonstrate their acquired understanding of constitutional principles and where they have the opportunity to evaluate, take, and defend positions on relevant historical and contemporary issues. Participants in the Ohio County High School program, having competed in both district and state level competitions, have now claimed the school's fourth state title in this most worthwhile event and have again earned the opportunity to travel to Washington, D.C., to represent this fine Commonwealth in the national "We the People" competition. Inasmuch as these remarkable young people have demonstrated a laudable dedication to the principles of democratic government coupled with a diligent effort to understand the intricacies of the U.S. Constitution and the Bill of Rights, the members of this august body are delighted to join Representative Tommy Thompson in applauding them on this auspicious occasion and in extending best wishes for their continued success and good fortune. WHEREAS, "2-1-1" is an easy-to-remember telephone number that facilitates critical connections between individuals and families seeking human service agencies, including community-based and faith-based organizations and government programs, or both; and

WHEREAS, there are approximately 900,000 nonprofit organizations in the United States, and families and individuals often have difficulty navigating the complex and ever-growing maze of human services agencies and programs to find the services that they need; and

WHEREAS, federal, state, and local government funding supports well-intentioned programs that are not fully utilized because of a lack of access to information on such programs; and

WHEREAS, 2-1-1 will reduce the number of inappropriate calls to government offices by directing consumers to the appropriate human services agency, resulting in a more effective use of government services; and

WHEREAS, 2-1-1 is efficient and cost effective and will increase the efficiency and operations of a beleaguered and overcomplicated health and human service delivery system, and will save both private and state government dollars; and

WHEREAS, getting a person the correct information at the right time allows him or her to get help sooner, and usually at a lower cost, and allows resources invested in nonprofit programs and/or government services to go further so that more people can be served; and

WHEREAS, 2-1-1 currently reaches 23% of the United States population and is a model public/private partnership currently funded by state and local governments, United Ways, and other nonprofit organizations, foundations, and corporate donations; and

WHEREAS, 2-1-1 brings the public and private sector together in ways never before seen to leverage and stretch resources for the good of each citizen; and

WHEREAS, 2-1-1 will streamline access to existing services, improve implementation of services, enhance information for community planning, increase civic involvement, and serve as a focal point for developing policies that address community needs through identifying gaps in local services;

A "yes" vote favors the proposed changes. A "no" vote opposes the proposed changes.

HB 635, AN ACT relating to voter assistance.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 117.255 is amended to read as follows:

(1) The voter shall be instructed by the officers of election, with the aid of the instruction cards and the model, in the use of the machine, if the voter so requests.

(2) Except for those voters who have been certified as requiring assistance on a permanent basis, no voter shall be permitted to receive any assistance in voting at the polls unless he makes and signs an oath that, because of blindness, other physical disability, or an inability to read English, he is unable to vote without assistance. The oath shall be upon a voter assistance form prescribed by the State Board of Elections. Any person assisting a voter shall complete the voter assistance form.

(3) Upon making and filing the oath with the precinct clerk, the voter requiring assistance shall retire to the voting machine or ballot completion area with the precinct judges, and one (1) of the judges shall, in the presence of the other judge and the voter, operate the machine or complete the ballot as the voter directs. A voter requiring assistance in voting may, if he prefers, be assisted by a person of his own choice who is not an election officer, except that the voter's employer, an agent of the voter's employer, or an officer or agent of the voter's union shall not assist a voter***; however, a person who is not an election officer shall not assist more than five (5) voters in any one (1) election***.

(4) The precinct election clerk shall swear a person assisting a voter in voting to operate the voting machine or complete the ballot in accordance with the directions of the voter, and the person sworn shall enter the voting booth or ballot completion area and operate the machine or complete the ballot for the voter as the voter directs.

(5) A voter who requires voting assistance on a permanent basis because of blindness or other physical disability may apply to the county board of elections for certification. Application may be made when registering to vote or completing the voter assistance form by indicating that the reason for obtaining assistance is permanent. The county board of elections shall determine whether the applicant requires assistance on a permanent basis. The county board of elections shall notify the county clerk of persons certified as requiring permanent voting assistance and the county clerk shall enter the certification on the voter's registration record. The State Board of Elections shall indicate on the precinct roster of voters those voters who are certified to receive assistance permanently without signing the voter assistance form at the precinct.

(6) "Voting booth" or "ballot completion area" means an area in which a voter casts his vote or completes his ballot which is designed to insure the secrecy of the vote. No voter shall be assisted under this subsection unless the judges and the sheriff of election are satisfied of the truth of the facts stated in the oath. The voter shall state in his oath the specific reason that requires him to receive assistance.

(7) No voter shall be permitted to occupy the voting machine more than two (2) minutes if other voters are waiting to use it.

(8) In primary elections, before a voter is permitted to use the voting machine, a judge of the election shall adjust the machine so that the voter will only be able to vote for the persons for whom the voter is qualified to vote.

(9) If the machine is so constructed as to require adjustment after one person has voted before another person may vote, the judges of election shall adjust it after each person has voted.

(10) The election officers shall constantly maintain a watch in order to prevent any person from voting more than once.

(11) If supplemental paper ballots have been approved, as provided in KRS 118.215, the voter shall vote his ballot in privacy in a booth provided for that purpose by the county clerk. If the voter spoils his ballot, he shall return the spoiled paper ballot to an election official who shall stamp the ballot "Spoiled," initial and place the spoiled ballot in an envelope provided for that purpose. The voter shall be issued a second supplemental paper ballot. Upon completion of voting, the voter shall remove the numbered stub from the ballot, hand the stub to an election official and deposit the voted ballot in the locked ballot box in the presence of precinct election officials.

(12) The election sheriff shall be responsible for reporting violations of this section.

Section 2. KRS 117.0863 is amended to read as follows:

(1) Except for those voters who have been certified as requiring assistance in voting on a permanent or annual basis, any person voting by means of an absentee ballot by mail or on the voting machine in the county clerk's office or other place designated by the county board of elections, and approved by the State Board of Elections, as provided in this chapter who receives assistance in voting shall be required to complete the voter assistance form required by KRS 117.255.

(2) Any person who assists another person in voting by use of an absentee ballot by mail or on a voting machine in the county clerk's office or other place designated by the county board of elections, and approved by the State Board of Elections, shall complete the voter assistance form required by KRS 117.255. ***A person who is not an election officer shall not assist more than five (5) voters, including those casting paper absentee ballots or voting on the machine in the county clerk's office, or other place designated by the county board of elections and approved by the State Board of Elections, in any one (1) election.***

(3) The detachable flap on all absentee ballot envelopes shall have printed upon it the voter assistance form required by KRS 117.255, as well as a notice of the penalty for failure to complete the form.

(4) The State Board of Elections shall promulgate a voter assistance form which shall be in a form acceptable to the Attorney General.

HB 357, AN ACT relating to motor vehicles.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 189.450 is amended to read as follows:

(1) No person shall stop a vehicle, leave it standing or cause it to stop or to be left standing upon any portion of the roadway; provided, however, that this section shall not be construed to prevent parking in front of a private residence off the roadway or street in a city or suburban area where such parking is otherwise permitted, as long as the vehicle so parked does not impede the flow of traffic. This subsection shall not apply to:

(a) A vehicle that has been disabled on the right-of-way of such a highway in such a manner and to such extent that it is impossible to avoid the occupation of the shoulder of a state-maintained highway or impracticable to remove it from the shoulder of the highway until repairs have been made or sufficient help obtained for its removal. In no event shall a disabled vehicle remain on the shoulder of a state-maintained highway for twenty-four (24) hours or more;

(b) Motor vehicles when required to stop in obedience to the provisions of any section of the Kentucky Revised Statutes or any traffic ordinance, regulation or sign or the command of any peace officer;

(c) Vehicles operating as common carriers of passengers for hire and school buses taking passengers on such vehicle or discharging passengers therefrom, provided that no such vehicle shall stop for such purposes at a place on the highway which does not afford reasonable visibility to approaching motor vehicles from both directions; or

(d) Any vehicle required to stop by reason of an obstruction to its progress.

(2) When any police officer finds a vehicle standing upon such a highway in violation of this section, he may move or cause to be moved the vehicle, or require the operator or other person in charge of the vehicle to move it. The police officer may cause the vehicle to be removed by ordering any person engaged in the business of storing or towing motor vehicles to remove the vehicle to a site chosen by such person. Ownership of the vehicle shall be determined by the police officer's enforcement agency through the vehicle's license plates, serial number or other means of determining ownership. As soon as practicable, the police officer's enforcement agency shall notify the owner by mail that the vehicle was illegally upon public property; the name and address of the storage facility where the vehicle is located; that removal of the vehicle from the storage facility will involve payment of towing and storage charges; and that the vehicle may be sold pursuant to the provisions of KRS 376.275 if not claimed within ***thirty (30)***[~~sixty (60)~~] days. No notification shall be required if ownership cannot be determined. In the event of a sale pursuant to KRS 376.275, the state shall receive any proceeds after the satisfaction of all liens placed on the vehicle.

(3) No vehicle shall be parked, stopped, or allowed to stand on the shoulders of any toll road, interstate highway, or other fully controlled access highway, including ramps thereto, nor shall any vehicle registered at a gross weight of over forty-four thousand (44,000) pounds be parked, stopped or allowed to stand on the shoulders of any state-maintained highway except that in the case of emergency, or in response to a peace officer's signal, vehicles shall be permitted to stop on the shoulders to the right of the traveled way with all wheels and projecting parts of the vehicles, including the load, completely clear of the traveled way. Parking of any vehicle which is disabled on the shoulders of a toll road, interstate highway, other fully controlled access highway, including ramps thereto, or any state-maintained highway not mentioned in this section for twenty-four (24) hours continuously is prohibited and vehicles violating this provision may be towed away at the cost of the owner.

(4) When any police officer finds a vehicle unattended upon any bridge or causeway or in a tunnel where the vehicle constitutes an obstruction to traffic, the officer may provide for the removal of the vehicle to the nearest garage or other place of safety as provided in subsection (2) of this section.

(5) No person shall stop or park a vehicle except when necessary to avoid conflict with other traffic or in compliance with the directions of a police officer or traffic control device, in the following places:

(a) On a sidewalk;

(b) In front of sidewalk ramps provided for persons with disabilities;

(c) In front of a public or private driveway;

(d) Within an intersection;

(e) At any place where official signs prohibit stopping or parking; or

(f) Within thirty (30) feet upon the approach to any flashing beacon, stop sign or traffic control signal located at the side of a roadway.

(6) No person shall move a vehicle not lawfully under his control into any such prohibited area.

(7) The restrictions in subsection (5)(e) of this section shall not apply to sheriffs and their deputies or police officers when operating properly identified vehicles during performance of their official duties.

Section 2. KRS 376.275 is amended to read as follows:

(1) When a motor vehicle has been involuntarily towed or transported pursuant to order of police, other public authority, or private person or business for any reason or when the vehicle has been stolen or misappropriated and its removal from the public ways has been ordered by police, other public authority, or by private person or business, or in any other situation where a motor vehicle has been involuntarily towed or transported by order of police, other authority, or by private person or business, the police, other authority, private person or business shall attempt to ascertain from the Transportation Cabinet the identity of the registered owner of the motor vehicle or lessor of a motor carrier as defined in KRS Chapter 281 and within ten (10) business days of the removal shall, by certified mail, attempt to notify the registered owner at the address of record of the make, model, license number and vehicle identification number of the vehicle and of the location of the vehicle, and the requirements for securing the release of said motor vehicle.

(2) If a vehicle described in subsection (1) of this section is placed in a garage or other storage facility, the owner of the facility shall attempt to provide the notice provided in subsection (1) of this section, by certified mail, to the registered owner at the address of record of the motor vehicle or lessor of a motor carrier as defined in KRS Chapter 281 within ten (10) business days of recovery of, or taking possession of the motor vehicle. The notice shall contain the information as to the make, model, license number and vehicle identification number of the vehicle, the location of the vehicle and the amount of reasonable charges due on the vehicle. When the owner of the facility fails to provide notice as provided herein, the motor vehicle storage facility shall forfeit all storage fees accrued after ten (10) business days from the date of tow. This subsection shall not apply to a garage or storage facility owned or operated by a government entity.

(3) Any person engaged in the business of storing or towing motor vehicles, who has substantially complied with the aforementioned requirements of this section, shall have a lien on the motor vehicle, for the reasonable or agreed charges for storing or towing the vehicle, as long as it remains in his possession. If after a period of ***thirty (30)***[~~forty-five (45)~~] days the reasonable or agreed charges for storing or towing a motor vehicle have not been paid, the motor vehicle may be sold to pay the charges after the owner has been notified by certified mail ten (10) days prior to the time and place of the sale. If the proceeds of the sale of any vehicle pursuant to this section are insufficient to satisfy accrued charges for towing, transporting, and storage, the sale and collection of proceeds shall not constitute a waiver or release of responsibility for payment of unpaid towing, transporting, and storage charges by the owner or responsible casualty insurer of the vehicle. This lien shall be subject to prior recorded liens.

(4) The provisions of this section shall not apply when a local government causes a vehicle to be towed pursuant to KRS 82.605 to 82.640 or if state government causes a vehicle to be towed.

WHEREAS, in 1999 the 106th Congress enacted Public Law 106-159, known as the Motor Carrier Safety Improvement Act (MCSIA), with a delayed effective date of 2005; and

WHEREAS, the purpose behind MCSIA was to improve the administration of motor carrier safety programs and to reduce the number and severity of accidents involving commercial motor vehicles; and

WHEREAS, the intent of MCSIA cannot be questioned; however, since the bill was enacted and states have had the opportunity to review and understand the full ramifications of its provisions, serious questions and objections have arisen over several portions; and

(2) Payments for hospital care, nursing-home care, and drugs or other medical, ophthalmic, podiatric, and dental supplies shall be on bases which relate the amount of the payment to the cost of providing the services or supplies. It shall be one (1) of the functions of the council to make recommendations to the Cabinet for Health Services with respect to the bases for payment. In determining the rates of reimbursement for long-term-care facilities participating in the Medical Assistance Program, the Cabinet for Health Services shall, to the extent permitted by federal law, not allow the following items to be considered as a cost to the facility for purposes of reimbursement:

(a) Motor vehicles that are not owned by the facility, including motor vehicles that are registered or owned by the facility but used primarily by the owner or family members thereof;

(b) The cost of motor vehicles, including vans or trucks, used for facility business shall be allowed up to fifteen thousand dollars ($15,000) per facility, adjusted annually for inflation according to the increase in the consumer price index-u for the most recent twelve (12) month period, as determined by the United States Department of Labor. Medically equipped motor vehicles, vans, or trucks shall be exempt from the fifteen thousand dollar ($15,000) limitation. Costs exceeding this limit shall not be reimbursable and shall be borne by the facility. Costs for additional motor vehicles, not to exceed a total of three (3) per facility, may be approved by the Cabinet for Health Services if the facility demonstrates that each additional vehicle is necessary for the operation of the facility as required by regulations of the cabinet;

(c) Salaries paid to immediate family members of the owner or administrator, or both, of a facility, to the extent that services are not actually performed and are not a necessary function as required by regulation of the cabinet for the operation of the facility. The facility shall keep a record of all work actually performed by family members;

(d) The cost of contracts, loans, or other payments made by the facility to owners, administrators, or both, unless the payments are for services which would otherwise be necessary to the operation of the facility and the services are required by regulations of the Cabinet for Health Services. Any other payments shall be deemed part of the owner's compensation in accordance with maximum limits established by regulations of the Cabinet for Health Services. Interest paid to the facility for loans made to a third party may be used to offset allowable interest claimed by the facility;

(e) Private club memberships for owners or administrators, travel expenses for trips outside the state for owners or administrators, and other indirect payments made to the owner, unless the payments are deemed part of the owner's compensation in accordance with maximum limits established by regulations of the Cabinet for Health Services; and

(f) Payments made to related organizations supplying the facility with goods or services shall be limited to the actual cost of the goods or services to the related organization, unless it can be demonstrated that no relationship between the facility and the supplier exists. A relationship shall be considered to exist when an individual, including brothers, sisters, father, mother, aunts, uncles, and in-laws, possesses a total of five percent (5%) or more of ownership equity in the facility and the supplying business. An exception to the relationship shall exist if fifty-one percent (51%) or more of the supplier's business activity of the type carried on with the facility is transacted with persons and organizations other than the facility and its related organizations.

(3) No vendor payment shall be made unless the class and type of medical care rendered and the cost basis therefor has first been designated by regulation.

(4) The rules and regulations of the Cabinet for Health Services shall require that a written statement, including the required opinion of a physician, shall accompany any claim for reimbursement for induced premature births. This statement shall indicate the procedures used in providing the medical services.

(5) The range of medical care benefit standards provided and the quality and quantity standards and the methods for determining cost formulae for vendor payments within each category of public assistance and other recipients shall be uniform for the entire state, and shall be designated by regulation promulgated within the limitations established by the Social Security Act and federal regulations. It shall not be necessary that the amount of payments for units of services be uniform for the entire state but amounts may vary from county to county and from city to city, as well as among hospitals, based on the prevailing cost of medical care in each locale and other local economic and geographic conditions, except that insofar as allowed by applicable federal law and regulation, the maximum amounts reimbursable for similar services rendered by physicians within the same specialty of medical practice shall not vary according to the physician's place of residence or place of practice, as long as the place of practice is within the boundaries of the state.

(6) Nothing in this section shall be deemed to deprive a woman of all appropriate medical care necessary to prevent her physical death.

(7) To the extent permitted by federal law, no medical assistance recipient shall be recertified as qualifying for a level of long-term care below the recipient's current level, unless the recertification includes a physical examination conducted by a physician licensed pursuant to KRS Chapter 311 or by an advanced registered nurse practitioner licensed pursuant to KRS Chapter 314 and acting under the physician's supervision.

(8) If payments made to community mental health centers, established pursuant to KRS Chapter 210, for services provided to the mentally retarded exceed the actual cost of providing the service, the balance of the payments shall be used solely for the provision of other services to the mentally retarded through community mental health centers.

(9) No long-term-care facility, as defined in KRS 216.510, providing inpatient care to recipients of medical assistance under Title XIX of the Social Security Act on July 15, 1986, shall deny admission of a person to a bed certified for reimbursement under the provisions of the Medical Assistance Program solely on the basis of the person's paying status as a Medicaid recipient. No person shall be removed or discharged from any facility solely because they became eligible for participation in the Medical Assistance Program, unless the facility can demonstrate the resident or the resident's responsible party was fully notified in writing that the resident was being admitted to a bed not certified for Medicaid reimbursement. No facility may decertify a bed occupied by a Medicaid recipient or may decertify a bed that is occupied by a resident who has made application for medical assistance.

(10) Family-practice physicians practicing in geographic areas with no more than one (1) primary-care physician per five thousand (5,000) population, as reported by the United States Department of Health and Human Services, shall be reimbursed one hundred twenty-five percent (125%) of the standard reimbursement rate for physician services.

(11) The Cabinet for Health Services shall make payments under the Medical Assistance program for services which are within the lawful scope of practice of a chiropractor licensed pursuant to KRS Chapter 312, to the extent the Medical Assistance Program pays for the same services provided by a physician.".
